Dr. Gro. H. KEYSER: -- I became afflicted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me very much, so much so at times as to unfit me for work. Some imes I was so bad, that I could not do anything on account of them, they came out on me as large as a hickory nut. I had tried a great deal of medicine for thom. I used to buy and take what ever I could hear of or read of, in circulars and pamphies that fell in my way, but circulars and pamphies that fell in my way, but I could not get cured, sometimes they would do ${f B} \ {f A} \ {f R} \ {f G} \ {f A} \ {f I} \ {f N} \ {f S}$ me some good for a little while, but afterwards they would return again as bad as ever. I also applied to two Doctors, who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago, ! got an advertisement of your Lindsey's Blood-Searcher, made by yourself-when you sold it to me you told me one bottle would not cure ma. and that my whole system would have to be regreat reduction from late prices
allow newed by the medicine before I got well. I bought one bottle and took it home with me and used it according to your directions. I then called to see you again, when you said I could not expect much benefit from one bottle. I bought it on, one bottle at a time, until I had used five bottles. After this quantity had been used, I was entirely well of the piles, which had tortored me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of a return of the disease I can do any kind of farming work now without the piles coming down and hurting me. I can pitch hay, chop wood, lift, or do any kind of work which before used to hurt me. When I found out your bleed Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was, and do not know the value of your medicine.
