THE LOCK IN THE SENATE.

All the abuse and slander heaped upo the sixteen Democratic members of our State Senate, by the Abolition press, be cause they will not be dictated to by an equal number of opponents, have not been at all effective in producing the desired result. All the smart sayings about "rebe sympathisers" and "JEFF DAVIS at Harrisburg." have not secured the Abolition ists, the distribution of the few little places they are hungering after. The Democrats are willing to divide these tle places with their opponents, but that will not answer; the latter desire everything, and because the Democrats will not give it, they are, in the sapient estimation of Abolitionists, downright traitors. The New York Commercial Adoitiser, how ever, a Republican paper, does not agree with the majority of its partizan contemporaries, in regard to the "lock" in ques-

From the responsibility of sacrificing the public welfare for the sake of paltry spoils neither party can escape. But the preponderance of wrong is clearly on the side of the Unionists. The Democrats however, offer to content themselves wit some of the minor offices, and even these the Unionists withhold; thus confessing that rather than yield the minutest frag-ments of patronage, they will permit the nt of the commonwealth to paralyzed, and its efficiency in aiding the warfare against rebellion to be destroyed.
