DILES OF

I Below will be found a certificate from one of t. most respectable citizens of Wilkins township regard to Dr. Reyser's Lindsey's Blood-Searche The Doctor's cortificates are within reach, and no one need be deceived in regard to his prepar Dr. Gro. H. KEYSER: -I became afflicted with Piles about twenty years ago, and every year

they were growing worse, so as to trouble me very much, so much so at times as to unfit me for work. Some.imes I was so bad, that I could no do anything on account of them, they came or on me as large as a hickory nut. I had tried great deal of medicine for thom. I used to buy and take what ever I could hear of or read of, is circulars and pamphie s that fell in my way, bu I could not get cured, sometimes they would de me some good for a little while, but afterwards they would return again as bad as ever. I als applied to two Doctors, who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago, I got an advertisement of your Lindsey's Blood-Searcher, made by yourself-when you sold it to me you told me one bottle would not cure me and that my whole system would have to be renewed by the medicine before I got well. bought one bottle and took it: home with me and used it according to your directions. I then calied to see you again, when you said I could no expect much benefit from one bottle. I bought it on, one bottle at a time, until I had used fiv bottles. After this quantity had been used, I was entirely well of the piles, which had tortored me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of a return of the disease I can do any kind of farming work now without the piles coming down and hurting me. I can pitch hay, chop wood, lift, or do any kind of work which before used to hurt me. When I found e it your blood Searcher I kept on taking it until I get entirely well. I consider it my duty to make my case known to the country for the beneit of others who may be suffering as I was, and do not know the value of your medicine. You may publish this if you like-I live in Wilking Founship, and will be pleased to satisfy any one of the truth of this certificate i they wish to call 01 Me.

Although not disposed to favor or recommend Patent medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reasons why a man may not testify to the benefit to believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of thers.

I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were cheffy an alcoholic mixiture. I am indebted to my friend Robert Shoemaker, Req. for the removal of this praidice by proper tests, and for the prediction of this city, because I was prejudiced against them for many years, under the impression that they were cheffy an alcoholic mixiture. Gents—For several years I have been traubled with a tenderness of the scaip, which sometimes developed into an unpleasant cruption, so that, I could scarcely endure the painful operation of combing or dressing the hair. I had used various other compounds at the suggestion of friends, but without any advantage, till I channed to see your "Amboline" I have tried it to my entire iscovery and after much experience I look upon it as the best article in the market for the purpose it is intended for, and a necessity to the toilet. You are permitted to refer to me if you see fit.
