Dr. Gro. H. XEYSER:-I became afflicted with Piles about twenty years ago, and every year they were growing worse, so as to irouble me ve ry much, so much so at times as to unfit me for work. Sometimes I was so bad, that I could not do anything on account of them, they came out on me as large as a hickory nut. I had tried a great deal of medicine for thom. I used to buy and take what ever I could hear of or read of, is circulars and pamphie's that fell in my way, but I could not get cured, sometimes they would d me some good for a little while, but afterward: they would return again as bad as ever. I also applied to two Doctors, who visited me at m house and gave me some medicine but, it would not do. I could not get well. Over a year ago, l got an advertisement of your Lindsey's Blood-Searcher, made by yourself-when you sold it to me you told me one bottle would not cure me and that my whole system would have to be renewed by the medicine before I got well. bought one bottle and took it home with me and used it according to your directions. I then called to see you again, when you said I could no expect much benefit from one bottle. I bought it on, one bottle at a time, until I had used five bottles. After this quantity had been used, I was entirely well of the piles, which had tortored me for twenty years. In other respects my health is improved, and I am as well as could he expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of a return of the disease I can do any kind of farming work now without the piles coming down and hurting me. I can pitch hay, chop wood, lift, or de any kind of work which before used to hurt me. When I found out your bleed Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the beneft of others who may be suffering as I was, and do not know the value of your medicine. YOUNG PARTICULAR NOTICE.

There are many preparations sold under the same of Bitters, put up in quart battles, compounded of the cheapest whisky or common rum, costing from \$10 th cents per gallon, the taste disguised by Ansec or Cortander Seed.

This class of Bitters has caused and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Alcoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's kife and leath. From Rev. J. Newton Brywn, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Petent Medicines in general, through distrust of their ingredients and effects: 1 yet know of no sufficient reasons why a man may not testify the benefits he besieves himself to have received rom any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this more readily in regard to thooliand's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq. for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three buttles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not tested for gaming. I therefore thank God and myfriend for directing me to the use of them.

PHILADELPHIA, June 23, 1862.

J. NEWTON BROWN.

ATTENTION SOLDIERS, AND THE PRIENDS OF SOLDIERS We call the attention of all naving relations of friends in the army to the fact that "HOOF-LAND'S German Bitters" will cure nine tenths of the diseases indused by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Eyery case of that kind can be readily cured by Hooffand's German Ritters, We have no heattation in stating that, if these Bitters were freely used among our soldiers hundreds of lives might be saved, that otherwise would be lost.

The proprietors are daily receiving thankful letters from sufferers in the army and hespitals, who have been restored to health by the use of these Bitters sent to them by their friends.
