Dr. Gro. H. KHYSER: -I became afflicted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me ve-Jy much, so much so at times as to unfit me for work. Some imes I was so bad, that I could not do anything on account of them, they came out on me as large as a hickory nut. I had tried a great deal of medicine for thom. I used to buy and take what ever I could hear of or read of, in circulars and pamphic's that fell in my way, but I could not get cured, sometimes they would do me some good for allittle while, but afterwards they would return again as bad as ever. I also applied to two Doctors, who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago, I got an advertisement of your Lindsey's Blood-Searcher, made by yourself—when you sold it to me you told me one bottle would not oure me. and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me and used it according to your directions. I then call ed to see you again, when you said I could not expect much benefit from one bottle. I bought it on, one bottle at a time, until I had used five bottles. After this quantity had been used, I was entirely well of the piles, which had tortored me for, twenty years In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of a return of the disease I can do any kind of farming work now without the piles coming down and hurting me. I can expect much benefit from one bottle. I bought to cau do any kind of farming work now without the piles coming down and hurting me. I can pitch hat, thop wood, lift, or do say kind of work which before used to hurt me. When I found

I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was, and do not know the value of your medicine. OTICE TO ALL CONCERNED.

Among a certain class of self-taportant people there is a peculiar feeling of contempt attached to all physicians that advertise and treat tached to all physicians that advertise and treat the diseases named in this card. (Paivire Diseases that all physicians treat diseases named in the card, the physician treat diseases of every doaomination, in fact solicity and the very diseases that are so obnoxious to these very refines I arties. I suppose they would not let one of their family go to a party that has devoted years for the r benefit, because he advertises the fact, and their family physician says he is a humbur so be can get the case. Often he has almost deprived the party of his life. He comes at last to the physician that advertises—how else are they to know. Are they not aware that bir Asiley Cooper, cir Benjamin Brodie, bir Charles Ball and M. Paul Ricord devoted years in the treatment of these diseases. These men are held up as shining highs in the medical world; I don't assert that all men are worthy that nublish, still there are a great number of them that are. I have devoted myssit to the study and treatment of Pervare Diseases number of them that are. I have devoted myssit to the study and treatment of Pervare Diseases number of them that are, I have devoted myself to the vogetable altogether, as I think it is the best and most certain. It is in my power to bring hundreds of certificates if I hink it is the best and most certain. It is in my power to bring hundreds of certificates if though it is essentially from it are cured in a much shorter time than heretofore. It behooves every young man and woman to be careful in selectings physician. The different advertisements that are seen in our papers are of no worth, and no benefit will arise from answers than only loss of health and inney. Hundreds are cared annually with my new remedies. From Rev. J. Newton Brown, D. D., Editor of the Exceptopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reasons why a man may not testify to the benefit she believes himself to have received from any simple preparations in the hope that he may thus contribute to the benefit of others.

I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. O. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebited to my friend Robert Shoemaker, Esq., for the removal of this prejudice by Proper tests, and for removal of this prejudice to the beginning of three bettles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for exist months before, and had almost despaired, of regaining. I therefore thank God and my friend for directing me to the use of them.
