report all quiet to night.
The following is highly important from ts significance; of course allowance must made in a matter of absolute correct ness, when we take into consideration the manner in which it reaches us: The rebels are reported to have had a serious disturbance at Colliersville, Rockville county, Virginia. On last Friday after noon an attempt was made to force a man in ranks who said he had not been regu larly conscripted. His friends interfered in his behalf, and a squad of soldiers who had come from Amherst Court House on aspecial business, by way of Robertson's Gap, to Lexington, and from thence to Allentown, arrived in time to take sides against the man and his friends. A kind of a fight ensued, in which two soldiers

were shot. In retaliation the soldiers killed and wounded five citizens. The wife of one of the citizens (the same leaving a large family to mourn his loss,) drew a kni and severely cut one of the men. Not withstanding the citizens made a good fight the soldiers triumphed and bore the pressed man away. How many citizens were en-gaged I cannot learn. An attempt was made to prevent the news of this disturbance from spreading to adjacent cities To judge from this affair, the rebel au thorities must have organized press gangs. This, indeed, looks bad for this Con-

federacy. WASHINGTON, January 24 - On motion of Mr Sanom, of New York, the Commit tee on Judiciary were instructed to inquire into the necessity of providing for the dis-solution of the National Bank Associa tions under National Currency Act cases of the non fulfillment of their liabilities. Mr Voorhies introduced a bill which was referred to the Committee of Ways and Means taxing all transactions in gold two per cent. Mr. Kasson, of Iowa, offer ed a joint resolution declaring against the efforts of France to possess Mexico. Referred to the Committee on Foreign Affairs The Louisiana election case was called up by Mr. Dawes. The resolution from the Committee on Elections declaring that A. R.
