These men are held up as shining lights in the nedical world: I don't assert that all men are worthy that publish, still there are a great mumber of them that are. I also applied to two Doctors who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago I got an advertisement of your Lindsay's Blood-Searcher, made by yourself-when you sold it to me you told me one bottle would not cure me and that my whole system would have to be renewed by the medicate before I got well. bought one bottle and to k it home with me and used it according to your breetiens. I then called to see you again, when you said I could not expect much benefit from one bottle. I bought it on, one bottle at a time, until I had used five bottles. After this quantity had been used, I was entirely well of the Piles, which had tortured me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my sige, being sixty years past. I have been well now for six months, and there is no appearance of a return of the disease. I can do any kind of farming work now without the Piles coming down and hurting me. I can pitch hay, chop wood, lift, or do any kind of work which before used to hurt me. When I found out your Blood-Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was and do not know the value of your medicine.
