CURED.

Below will be found a certificate from one of the most respectable citizens of Wilkins township in regard to Dr. Reyser's Lindsay' blood Searcher The Doctor's certificate are within react, and no one need be decived in regard to this preparations.

Dr. Gro. H. Kryser — I became affleted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me very much, so much so at times as to unfit me for work. Sometimes I was so bad that I could not do anything on account of them, they came out on me as large as a hickory nut. I had tried a great deal of medicine for them. I used to buy and take whatever I could hear of or read of in circulars and pamphies that fell in my way, but I could not get cured, sometimes they would do me some good for a little while, but afterwards they would return again as bad as ever. I also applied to two Doctors who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago 1 set of the surface and and woman to be careful in severy young man and woman to be c not do, I could not get well. Over a year ago 1 . z wr.a got an advertisement of your Lindsay's Blood-Searcher, made by yourself-when you sold it to me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me and used it according to your precetions. I then called to see you again, when you said I could not expect much benefit from one bottle. I bought it on, one bottle at a time, until I had used five bottles. After this quantity had been used, I was entirely well of the Piles, which had tortured me for twenty years. In other respects my health is improved, and I am as well as could be sexpected for one of my are, being sixty years past. I have been well now for six months, and there is no appearance of a return of the disease. I can do any kind of farming work now without the Piles coming sown and hurting me. I can pitch hay, chop wood, hit, or do any kind of work which before used to hurt me. When I found out your Blood-Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was and do not know the value of your medicine. You and do not know the value of your medicine. You and you'll be pleased to satisfy any one of the truth of this continuous and work and will be pleased to satisfy any one of the truth of this continuous and work is my 20-altawely.
