me you told me one Bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. 1 bought one bottle and took it home with me and used it according to your directions. I then called to see you again, when you said I could no expect much benefit from one bottle. I bought it on, one bottle at a time, until I had used five bottles. After this quantity had been used, 1 was entirely well of the Piles, which had tortured me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of a return of the disease. I can do any kind of farming work now without

pitch hay, chop wood, lift, or do any kind of work which before used to hurt me. When 1 found out your Blood-Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the and do not know the value of your medicine. You
