DELICATE CHILDREN. We call the attention of all having relations or friends in the army to the fact that "HOOF-LAND'S German Bitters" will cure nine tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoof-land's German Bitters. We have no hesitation in stating that if these Bitters were freely used among our soldiers hundreds of lives might be saved, that otherwise would be lost.

The proprietors are daily receiving thankful letters from sufferers in the army and hospitals, who have been restored to health by the use of those Bitters sent to them by their friends.

Mr. Dawson. Mr. Speaker, it is now about eight years since I left these Halls. The country was then in the enjoyment of its uninterrupted career of prosperity. It seemed as though at length the prob-lem of government had been solved, and that human wisdom had produced a sysand in guarding it against encroachment. Thus, in the action of the various independent political communities tem which, resting upon a basis of just and equal laws for individuals, consulted with the happiest success for the rights and interests of the political communiand interests of the position communities which composed the federation.
