

PITTSBURGH:

THURSDAY MORNING, MARCH 24, 1864. Those of our patrons who move on the 1st of April will please leave notice at this office the No and street of

rudder, and tossing miles at sea. This plain expression our very appearance them. change is, of course, because of the unsupers of the change is, of course, because of the unsupers of the course of change is, of course, because of the unskillful pilot at the helm, who has, for three long years been dashing us up upon quick-sands and rocks. Those in charge

tion of the South to provide for in a few | I said before, we used to meet frequently. months, because of his emancipation He took a notion into his head of extendproclamation) was to colonize them somewhere in Central or South American somewhere somewhere in Central or South American somewhere in Central or South procismation) was to colonize them somewhere in Central or South America. He used to awell upon this magnificent conception for hours; and often he expatiated upon his imaginary Southern Republic, which, in time was to remind us of our most enthusiastic accounts of the colonize them him to do so, in fact gave him much enthing to do so, in fact gave him much enthin us of our most enthusiastic accounts of the teeming millions of swarming Asia.

The authorities of Central America, and personal explanation to the charges however, having no desire for the new and insinuations brought against me. I republic of our President's creation, ob , will say most respectfully jected to it, and so the undertaking was when again you see proper to admit any local Meade, who is tall and slender, suddenly abandoned. Immediately, by discontinuing my paper. however, another scheme of colonization was invented by the fertile brain of colonizing of "American citizens of Afcolonizing of "American citizens of African descent," in order that they might eventually be the means of carry as authority for the silly tale so greedily who is merry looking, and not at all the ing civilization to the land of their caught up by the Abolition press, of a sustere, patriot he has been represented forefathers. The genius of Hanni- secret interview between Gen. McClellan BAL, who led his conquering letruth of his statement, but affirms that gions against Rome, was invoked the was induced to make the statement to inspire and strengthen this stupen, at the instance of others high in authordous enterprise, and the prayers of the ity. Here is his second statement: great Priest, TURTULIAN, who was an early missionary in Africa, were also of which I am charged with the author hoped for to enable theoretrical enthusiaship, about the 7th of March, I met a ship, about the 7th of March, I met a asts to accomplish impossibilities. Hayti person by the name of Graham, of whom Francis like man of Wilnam and Elwas the spot selected for planting this was to soar and spread so luminously.

At the last session of Congress \$600,000 were appropriated to begin the experiment, and, in April last, 426 colored persons embarked from Fortress Monroe, destined for the Isle of A Vache, belonging to the Republic of Hayti. During the passage of these unfortunite people to their land of promise, the small-pox be stored their theories into take and established at such their continuate people to their land of promise, the small-pox be stored their theories into take and established their number. After their arrangements and correspondence extending through out all the nationalities of the habitable globe out all the action their teachers into lacts and estable their theories into lacts and estable their theories into lacts and estable their theories to the result of their theories into lacts and estable their theories of the Habitable globe out all the nationalities of the habitable globe out all the nationalities of the habitable globe out all the national treates of the Habitable globe out all the national treates of the Habitable globe out all the national treates of the Habitable globe out all the national treates of the Habitable globe out all the national treates of the Habitable globe out all the national treates of the Habitable globe.

The Hom I act of Hellon is not all the national treates of the Habitable globe out all the national treates of the Habitable globe out all the national treates of the Habitable globe out all the national treates of the Habitable globe out all the nation rival out their sufferings became so terrible that our Government felt bound to dispatch an agent to inquire and examine into their condition. The result is that the President who induced these unfortunates to leave for the strange land visited Gen. Milroy, and insisted on my to try them. I commenced with a small winethey went to, has been compelled from going to see him in reference to this sub. glassful after dinner. Feeling better by dagrees. feelings of mere humanity, to have them ject. returned to the United States. Accordingly, on Saturday last the ship Maria C.

Day, arrived from the Isle of A-Vache, Circles and Avenue House in this city, and to back up the statement which I had made to Graham, which was that Lee and Mc. Circles are the same of the Plantation Bitters. at Alexandria, Va., a few miles from We had a conversation on the matter for ors of 420, their original number who were On the 10th of March I was induced to sent to Hayti-one year ago. Thus, then explodes another Abolition experiment with the unfortunate African; what the had to Graham and Milroy. Mr. Dana next will be Heaven only knows. But made the remark that he believed every if the destiny of the African race in word of it. The next thing that hap-

place upon an equality with itself. SHERMAN'S EXPEDITION. Ir is well understood, remarks the mation about the result of this trial which Herald that Gen. Sherman's expedition was most satisfactory to the monitors. for Seima and Mobile failed because of The Rolf Krake was under a constant the failures of Gens. SMITH and GRIER fire from the land batteries, on three son to join him from the North; but it sides, for nearly two hours, yet when she returned to Sonderberg, the ship turnew appears that there was a drawback rets, artillery, machinery and every at the other end. Accordingly to the thing, was uninjured, and fit to go under Mobile papers, had Gen. Banks, with a respectable force co-operated with Admiral Farragur, the city would have been in great danger, and might have been captured; but Gen. BANKS was unfortunately, pre-occupied in the business why she had to return was that the water was so shallow she could not get near of the political re-organization of Louis- enough to see the bridge, which was proiana, according to the last December tected by a projecting piece of land, and pruclamation of President Lincoln, consequently she had to fire at the bridge proclamation of President LINCOLN. That business being regarded at Washington as more important than Mobile, of the result. The damage to the Admiral FARRAGUT was sent forward enemy. - London Times, March 2. simply to amuse the enemy in that quarter and to divert his attention from | Death of a Noted Man -E.
