THURSDAY MORNING, MARCH 24, 1864.

Great Sanitary Fairs.

Sanitary fairs are now the great movements of the day, and the success which has attended some of them is a striking proof of the liberal and patriotic spirit which prevails among all classes of the people. It has been the subject of admiration at home as well as wonder abroad. Seven of these great fairs have been held and the result is given in the following figures. Chicago, $80,000; Boston, $140,000; Cincinnati, $245,000; Albany, $82,000; Brooklyn, $100,000; Cleveland, $60,000; Buffalo, $40,000. Total, $1,002,000. Raised by the voluntary gift and efforts of the people, independent of the taxes and other expenses of conducting a great war. In New York it is expected that one million of dollars will be raised by their fair, which commences in about a week. In Philadelphia the wish is to equal New York, and from the spirit with which the work has commenced, we should not be surprised if our fair turned out as great a pecuniary success. One is to be held in Baltimore on the 19th of April, and one at St. Louis on the 17th of May.

The usefulness and benevolence of the labors of the Sanitary Commission are manifest on every battle field and hospital of the country. In the West, this Commission has immense floating hospitals, upon which nearly twenty thousand sick and wounded soldiers had been conveyed from the battle field and hospitals of the South to Louisville, to Memphis, to St. Louis, to Keokuk and to Alton. The aim of the Sanitary Commission is to help every suffering soldier without regard to nativity or the regiment he belongs to. In view of these facts shall not we of Pittsburgh show to Boston, Cincinnati, and all other cities which have preceded us in the good work, that we cannot be outdone in patriotic efforts to minister to the comfort and well being of sick and wounded Union soldiers, no matter in what locality they may be.

Whither are We Drifting?—The

Ledger of Tuesday, in its money article, gives the following facts, which, we suppose, are as applicable to this meridian as Philadelphia:

The exhibit by our banks for the past week shows that they are steadily swelling their business. All the items, except specie, show a large increase over those of the previous week. The loans have increased $456,245; the legal tender notes $1,330,744; the deposits $323,693. The circulation increased a few thousand dollars, and the specie decreased a few dollars. With banking of this character, it is not surprising that the currency is very much inflated and that all prices steadily advance, and as stock affords the readiest outlet for the employment of this surplus money, they naturally advance more steadily and more largely than almost any other commodity. A comparison of prices on the stock list at intervals of ten days, shows more plainly than almost any other test, the great cheapening of the currency and the apparently large profits realized from the purchase and sale of stocks.

United States Securities.—The fol-

lowing important decision in reference to the income tax was received Monday from the Treasury Department, by Mr. D. P. Southworth, Assessor for the Fourth District Philadelphia:

TREAS'Y DEP'T, OFFICE INT'AL REVENUE, WASHINGTON, March, 1864.

Holders of U. S. securities will be assessed for an income tax of 1½ per centum upon income derived from such securities. Where interest upon such securities *is paid in gold*, only the amount actually received is to be treated as derived from such securities. If the gold is subsequently sold at a premium the amount of profit thus realized must be returned as income from business, and the tax will be three or five per centum as the case may be.

Fenian Fair.—The great Irish Fair,

under the auspices of the Fenian Brotherhood, will commence in Chicago on Monday next, and continue for a week or more, as circumstances may direct. Some of our Irish citizens here have gotten up contributions for the Fair, many of which are of quite an interesting character. In Reed's window, we notice three ornamental globes intended for the Fair. They have the harp and shamrock cut on them in the handsomest manner, and each bears the inscription. "Erin Go Bragh"

Officers Elected.—The Allegheny

Ladies, Tract Society has elected the following officers to serve for the ensuing year:—President, Mrs. F. R. Brunot; Vice President, Miss M. Herron; Secretary, Mrs. R. S. Hays; Treasurer, Miss A. Fleming. Managers, Miss Brian, Mrs. Breading, Miss Tassey, Mrs. Kay, Mrs. W. Bryant, Mrs. Trevor, Mrs. Forrest, Miss Beck, Mrs. Orr, Miss Blackstock, Mrs. Dunlap, Miss Whitten, Mrs. Patterson, Mrs. Oudry, Miss E. Burnett, Miss Pattinson.

Death of a Distinguished Profes-

sor.—Dr. Franklin Bache, a decendant of Benjamin Franklin, and one of the oldest of the medical profession in Philadelphia, died at his residence on Saturday. He was a graduate of the University of Pennsylvania, and held the chair of Professor of Chemistry in Jefferson College for a number of years. He was at one time President of the American Philosophical Society, and also President of the Institution for the Deaf and Dumb.

That Uniform—The day police are

out in their new uniforms to-day, and are so far metamorphosed in appearance that their own mothers would hardly know them. They make now a decidedly fine appearance (particularly W.,) and when their number is increased to a dozen or fifteen they will be quite a fine body of men. Why not increase them to twenty or thirty?

Officers Elected.—The East Bir-

mingham Council Tuesday night elected the following officers:—Clerk—August Ammon; Treasurer—William Mittensroy; Solicitor—John Mellon; Board Measurers—J. H. Sorg, David Sheering; Street Commissioner—S. J. Thomas; Finance Committee—Messrs. Young, Donly and Keib; Street Committee—Messrs. Chess, Hanes and Foell.

Liberal.—The proprietors of the

Brady's Bend Iron Works, in Armstrong county, subscribed seven thousand dollars to the bounty fund of Brady's Bend township, in which their works are located, the net quota of which, under the former call for 500,000 men, is fifty-five, being more than half of all that was required.

Forty-Fives.—Those persons who

have reached the age of forty-five since the last draft, should at once go before a magistrate and make oath of the fact, and have their names stricken from the enrollment books. This course would save inconvenience to themselves and the draft officers.

Improvement.—The theatre has

been undergoing a complete renovation, and its internal appearance is now all that could be wished.

Conference Appointments.—The

Pittsburgh M. E. Conference, which met at Barnesville, O., last week, closed its session on Monday. The following appointments, among others, were made for the Pittsburgh and Allegheny districts:

Sanitary Fair.—A very full meeting

of the committees of ladies from the churcees of Pittsburgh and Allegheny was held on Tuesday at the Board of Trade Rooms. Questions on several subjects were responded to by the Chairman of the Executive Committee of gentlemen who was present. Among other matters he stated that no raffling lotteries or games of chance were to be permitted in the fair. A chief subject under discussion at the meeting was whether each church should have a separate table or booth at the fair, and this was happily disposed of by the passage of the following resolution, viz:

Resolved, That we will work faithfully in our various organizations to secure the success of the fair, leaving the question to the final arrangements in the building. To be decided at a future time by the Executive Committee.

We have no doubt the Committee will come as near to settling the mooted questions to the satisfaction of all as it can possibly be arrived at.

The citizens of the Third Ward

will hold an election on Saturday between the hour of two and eight o'clock to vote for or against levying a tax for bounty purposes, at the call of the School Board.

Appointed.—It is stated that ex-Gov-

ernor Johnston has been appointed by Gov. Curtin to represent Pennsylvania in the movement lately inaugurated by the Louisville Board of Trade for the improvement of the Ohio river.

Appointment.—Governor Curtin has

appointed Samuel S. Bryan to the office of notary public, vacated by the resignation, March 11th of the late James G. Martin, esq.

Getting Warmer.—The weather is

becoming a little more genial and spring-like. Buds, flowers and grateful shades are near at hand.

Gen. Grant's war horse passed

through yesterday on his way to Washington.

The Voters of the Fifth Ward yes-

terday, by a majority of 379, resolved to levy a tax for bounty purposes.

The Roundhead Regiment left yes-

terday afternoon for Annapolis, Md.

Breaking up Housekeeping.

Never since we have had any knowledge of Pittsburgh have we known so many families, who have for years been "keeping house;" now selling off their furniture preparatory to "breaking up housekeeping" on the first of April. The reason assigned is the exhorbitant, and constantly increasing prices of all the necessaries of life. One gentleman in easy circumstances assured us the other day that he could board himself and family even at the Monongahela House *cheaper* than he could keep house. Should any one be disposed to doubt the truth of our observations they have but to step into our auction stores—particularly McClelland's—and see the huge amounts of household goods stored for sale. Indeed there is not an article in the wide range of housekeeping utensils that may not be purchased at McClelland's auction rooms. Many of these articles are nearly as good as new, and sell at great bargains. Mac informs us that were his rooms ten times their present dimensions he could store them full of furniture, &c., and that although it intends to have daily forenoon sales of household goods, he cannot possibly get through for weeks and weeks to come. When it is considered that he does up business most expeditiously he, being a good talker, and a favorite with the ladies who frequent his rooms in search of bargains, the reader may judge of the amount of household goods he will expose to sale during the coming weeks.

ers and Tool-Makers. By Samuel Smiles. A companion volume to "Self-Help," "Life of George Stephenson," &c., 1 vol. 12mo., cloth. Price $1,25. a City Pulpit. By the "Country Parson." 1 vol. 18mo., handsomely bound in muslin, gilt top, and bevelled boards. Price $1.50. HARRISBURG, March 23.

In the House no business of importance was transacted.

In the Senate amendments to the bounty bill were discussed and acted upon, a number not concurred in, and a committee of conference to adjust differences appointed.

An act to incorporate the Pittsburgh and Franklin Railroad, on a third reading, was postponed until next Wednesday.

An act authorizing the Cranberry Coal Co. to build a railroad from their mines in Venango county to Oil City passed.

An act to incorporate the Spring Garden Water Co. passed.

A joint resolution was adopted to adjourn this afternoon to meet on Monday evening at 7½ o'clock.

WASHINGTON, March 23.—*House.*—Mr. Kernan, of New York, asked leave to introduce a resolution for a special Committee to inquire whether civilians in the employ of the government were sent home to vote at elections, at the government's expense.

Mr. Stevens objected to the introduction of the resolution, unless the inquiry should be conducted by the Committee on the Conduct of the War, to which Mr. Kernan would not agree.

Mr. McClurg, of Mo., rising on a personal explanation, repeated and sought to prove the charges heretofore made against his colleague, Mr. Blair, of having violated the Treasury regulations by smuggling liquors into the army, and produced an army order signed by Gen. Rosecrans to show the falsity of Mr. Blair's remarks that free persons of color had not been removed from Missouri and sold into slavery. He had the same compassion for Mr. Blair as he had for condemned criminals and indulged in severe personal reflections upon his colleague.

After some debate on the bill amending the charter of the National Bank act, the House adjourned.

Senate.—Mr. Howard (Mich.) proceeded to address the Senate at length in opposition to the bill of Mr. Powell, of Kentucky, to prevent military interference in State elections.

WASHINGTON, March 23.—Col. McCalb officially communicates the part taken by his command in the late action at Vedalia, La., which resulted in a victory to our troops. He says that a force of three hundred colored soldiers put to flight in great confusion, four or five times their number of the chivalrous enemy, with a loss to them of one killed, five wounded, some mortally, and a number of prisoners. Not a man of my command was hurt.

Major Charles W. Smith, commanding the battalion in reserve, informs me that he and the line officers of his command were obliged to place themselves before their men with drawn swords, and to threaten summary punishment to the first man who should attempt to quit the ranks to join their comrades fighting in the front, their eagerness to be engaged being almost irrepressible.

NEW YORK, March 23.—The Newbern *Times*, of the 19th, says that the gas works have been seized as abandoned rebel property, and that propositions will be received from responsible parties to put them in operation. Major Jameson, of the 5th Rhode Island, is raising a colored regiment of artillery.

The Raleigh *Progress* announces that Gen. D. H. Hill assumes command at Charleston, and Beauregard goes to the southwest. Twenty-five Yankee prisoners escaped while under guard, thirty-six miles north of Raleigh, en route for Americus, Georgia.

CAIRO, March 22.—The steamer Perry from Memphis, at midnight on Sunday, has arrived, and reports four women more or less injured, and twelve children dead, had been taken from the ruins of a fallen building, and up to the time the steamer left, they were searching for others.

Eighty-eight rebel prisoners brought up on Sunday, were forwarded to Camp Chase to night.

CAIRO, March 24.—An engagement took place on the 16th two miles east of Fort Pillow between 600 federals and 100 rebels, in which the enemy were routed with a lost of 50 killed and wounded.

The 3d and 16th Iowa, 68th Ohio, and 31th Illinois veterans arrived from Vicksburg. The 12th Michigan infantry and 5th Iowa cavalry veterans passed through *en route* to the front materially strengthened.

NEW YORK, March 23.—The steamer Arago arrived at this port to-day from Hilton Head, S. C., on the 19th. Major John Hay is a passenger. On the night of the 17th inst., a large force of rebels approached Seabrook, S. C., in a boat and captured a picket boat with five members of the 76th Penn'a. regiment. They were subsequently repulsed by the other pickets of that regiment. Three prisoners who escaped from the guard house at Port Royal had been recaptured.

On the morning of the 12th fifty rebels attempted to land near Port Royal ferry, but failed. Four contrabands who escaped from Charleston had reached our blockading fleet. The U. S. gunboat Huron has captured the steamer Sophia, from Nassau, off the mouth of the Altamaha river, with a valuable cargo.

General Seymour has gone to Pilatka, Florida, to concert what may be an important movement. A small Union force from General Perry's command, has made a reconnoissance of Bull's Bay, South Carolina.

On the 8th Earl Russell pronounced the Austria-Prussian course unjustifiable.

The answer of Denmark relative to the conference was expected in a few days. If she assents negotiations will be commenced, otherwise war must go on.

Lord Shaftesbury urged that the British fleet be sent to the Baltic to watch Austrian vessels there.

Earl Russell said the channel squadron was at home, and could be sent, if desirable, at the shortest notice.

Application had been granted for a commissary to examine the Pasha of Egypt and other witnesses at Cairo, relative to the steam rams seized in the Mersey.

The Danish war was debated in the House of Lords.

WASHINGTON, March 23.—The table of quotas published in this morning's papers is wrong as far as the number to be furnished by the States of New York, Pennsylvania, Wisconsin and Minnesota are concerned, for, as the table itself shows, the deficiencies on former calls are not yet completed. The reason they are not yet completed is that complete returns of credits to those States have not yet been furnished.

MEMPHIS, March 23.—Advices from Vicksburg of March 17th report a large number of fires. Several Government store-houses had been set on fire by incendiaries on that day, and the large railroad depot and several adjoining buildings were burned, consuming large quantities of Government property. No news from the expedition to Shreveport.

BOSTON, March 23.—Mary J. Johnson and Carrie E. Jones, alleged spies for the rebels, sent North from the old Capitol prison, at Washington, arrived yesterday and were transferred to the Filchburg House of correction for present safe keeping.

BOSTON, March 23.—The Monitor "Monadnock" was successfully launched to-day.

THE RIVER.—Last evening at twilight there were five feet six inches water in the channel and falling. The weather during the day was clear and pleasant.

New York Cattle Market.

BULL'S HEAD, *Monday*, March 21.—The beef cattle market opened at Forty-fourth street on Monday morning with about 3,550 bullocks in the sale pens, 700 of which were state stock. With this number the price might have been advanced a cents a pound and held firm at that, if it had not been known that more cattle were expected to arrive during the day. It was also reported that a combination had been formed at Albany to hold back a thousand head for the purpose of advancing.
