NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of Spirits, Cheap Whisky or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed.

This class of Bitters has caused and will continue to cause, as long as they can be sold, hundreds to die a drunkard's grave in the drunkard. By their use the system is kept continually under the influence of Alcoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death. Beware of them.

For those who desire one will have a Liquor Bitters, we publish the following receipt. Get One Bottle Hoofland's German Bitters, *and mix with* Three Quarts of Good Brandy or Whisky, *and the result will be a preparation that will far excel in medical virtues, and true excellence any of the numerous Liquor Bitters in the market, and will cost much less. You will have all the virtues of Hoofland's Bitters in connection with a good article of Liquor, at a considerable price than these inferior preparations will cost you.*

DELICATE CHILDREN.

Those suffering from MARASMUS, wasting away, with scarcely any flesh on their bones, are cured in a very short time; one bottle in such cases, will have a most surprising effect.

DEBILITY.

Resulting from fevers of any kind—These Bitters will renew your strength in a very short time.

CHILLS AND FEVER AND AGUE.

The chills will not return if these Bitters are used. No person in a Fever and Ague District should be without them.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

PHILADELPHIA, June 24, 1862. J. NEWTON BROWN.

ATTENTION SOLDIERS,
AND THE FRIENDS OF SOLDIERS

We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine tenths of the diseases induced by exposures and privated almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. We have no hesitation in stating that if these Bitters were freely used among our soldiers hundreds of lives might be saved, that otherwise would be lost.

The proprietors are daily receiving thankful letters from sufferers in the army and hospitals, who have been restored to health by the use of these Bitters sent to them by their friends.

BEWARE OF COUNTERFEITS.

See that the Signature of "C. M. JACKSON" is on the WRAPPER of each Bottle.

PRICES.

Large size $1,00 per Bottle, or Half Doz. $5,00
Small " 50 " " Half Doz. $4,00

IMPORTANT TO LADIES.

"Great American Remedy."

Harvey's Chrono Thermal
FEMALE PILLS

HAVE NEVER YET FAILED WHEN the directions have been strictly followed, in removing difficulties arising from

OBSTRUCTIONS, OR STOPPAGE OF NATURE.

Or in restoring the system to perfect health when suffering from Spinal Affections, Prolapsus, Uteri, the Whites, or other weaknesses of the Uterine Organs. The Pills are perfectly harmless on the constitution, and may be taken by the most delicate females without causing distress; at the same time

THEY ACT AS A CHARM,

By strengthening, invigorating, and restoring the system to a healthy condition, and by bringing on the monthly period with regularity. No matter from what cause the obstruction may arise. They should, however, NOT be taken the first three or four months of pregnancy, though safe at any other time, as miscarriage would be the result.

Each box contains 60 Pills. PRICE, ONE DOLLAR.

NOTICE TO ALL CONCERNED.—Among a certain class of self-important people there is a peculiar feeling of contempt attached to all physicians that advertise and treat the diseases named in the card, (PRIVATE DISEASES,) why this should be they for no one else can tell. Are they not aware that all physicians treat diseases of every denomination, in fact solicit just the very diseases that are so obnoxious to these very refined parties. I suppose they would not let one of their family go to a party that has devoted years for their benefit, because he advertises the fact, and their family physician says he is a humbug so he can get the case. Often he has almost deprived the party of his life. He comes at last to the physicians that advertise—how wise are they to know! Are they not aware that Sir Astley Cooper, Sir Benjamin Brodie, Sir Charles Ball and M. Paul Ricord devoted years in the treatment of these diseases? These men are held up as shining lights in the medical world; I don't assert that all men are worthy that publish, still there are a great number of them that are. I have devoted myself to the study and treatment of PRIVATE DISEASES upwards of 40 years, and without egotism can say I have saved hundreds from years of misery and untimely death. My treatment is confined to the vegetable altogether, as I think it is the best and most certain. It is in my power to bring hundreds of certificates if I thought it necessary to certify to my general success: but my long residence in this city is sufficient proof without adding more. Spermatorrhea and all diseases arising from it are cured in a much shorter time than heretofore. It behooves every young man and woman to be careful in selecting a physician. The different advertisements that are seen in our papers are of no worth, and no benefit will arise from answers to them only loss of health and money. Hundreds are cured annually by my new remedies. GLAD NEWS FOR THE UNFORTUNATE!
THE LONG SOUGHT FOR,
DISCOVERED AT LAST.

CURES IN THREE DAYS

CHEROKEE REMEDY,
AND
CHEROKEE INJECTION
Compounded from Roots, Barks and Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

☞ It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times a day.

☞ It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

☞ CHEROKEE INJECTION is intended as an ally or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in all cases of *Gonorrhœa, Gleet, Fluor Albus or Whites.* It effectually *heals, soothes, and demulcent*, removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack Injections.*

☞ By the use of the Cherokee Remedy and Cherokee Injection—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

☞ For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free to any address, a full treatise.

☞ Price, Cherokee Remedy, $2 per bottle or three bottles for $5.

THE GREAT INDIAN MEDICINE,
ROOTS, BARKS, AND LEAVES.
CHEROKEE CURE!

An unfailing cure for Spermatorrhea, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficulty of Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the Direful complaints, caused, by departing from the path of nature.

☞ This medicine is a simple vegetable extract, and one on which all can rely, as it has been used in our practice for many years, and with thousands treated, it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn case.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed.

☞ For full particulars get a circular from any drug store in the country, or write the Proprietors, who will mail free to any one desiring the full treatise in pamphlet form.

ALTEMUS & CO.'S
PHOTOGRAPHIC ALBUMS.
Patented Hinge Back

WE RESPECTFULLY CALL THE attention of the public to the above Album, it having the advantages of LYING OPEN PERFECTLY FLAT, and being MORE DURABLE THAN ANY OTHER ALBUM MADE. The following notices of the Press of this city will readily show its superiority over all others as to strength, &c.,

What the *Public Ledger* says—

AN IMPROVEMENT IN BOOKS.—Photograph Albums have become as indispensable as Photographs themselves. Altemus & Co., have just completed their new *patented continuous hinge* back album, which they are now delivering to the trade, being the most complete and substantial book made. The trouble with most albums of this kind is that the leaves, secured by the ordinary way to the back of the book, are liable to break way. By this new method, each separate leaf turns on a neat, easily working hinge, so that there is no strain whatever upon the back of the book, and the leaves remain perfectly secure within the covers.

What the *Inter. Lit. Gazette and Publishers Circular* says—

THE PHOTOGRAPH ALBUM, Hinged Back, patented July 21, 1863. Manufactured by Altemus & Co., Philadelphia.

In this patent binding each leaf is attached to a small rod covered with morocco, forming a separate hinge of its own, admitting the book to be opened to its full extent without danger of the slightest injury. This ingenious invention cannot fail to be universally approved, as it combines utility with beauty. The manufacturers have done good service in making so decided an improvement to an article in such demand.

☞ Our imprint is on every album made with the Patent Hinge.

The above are the revised rates of advertising as established at a late meeting of the newspaper proprietors, of this city. These are but a slight advance over the old rates, and in reality are still under the figure that the stringency of the times demand. Both eastern and western publishers are much in advance of this schedule, and it is yet possible that Pittsburgh publishers may be compelled to advance the schedule still farther. The continually advancing cost of labor, paper, ink, and every essential to printing and publishing makes this action of publishers necessary and obligatory. As nothing is now made upon the subscription of newspapers, for the reasons above stated, it is required that the deficiency be made up from advertising or not at all. We hope the plain statement of the case will be reason and apology enough for our liberal and enterprising business men. They have heretofore accorded a generous patronage, and when a vital question like the present arises they will not, we know, be found folding back.

The Gold Mines of Idaho.

What a Practical Gold Hunter says of them.

From a Correspondent of the Chicago Tribune.

I have been frequently asked how the placer mines of Idaho compare with those of California. My answer invariably has been, there is no comparison at all. Where there are miles of placer mining in California, there are only acres in Idaho. I do not wish to be understood that Idaho is not a very rich mining country, but upon the contrary, I am warranted in saying that as far as the Territory has been prospected the mines have proved as rich as those of California in her palmiest days, but it must be borne in mind that Idaho is but little over a year old as a mining country, and it will require more than a day to develop the great mineral wealth of the Territory. It required two years of toil by the hardy pioneers of California to establish its reputation as the El Dorado of the West. The same length of time must be granted to the pioneers of Idaho, and I will unhesitatingly risk my reputation as a California miner that before the time expires we will prove to the most sceptical that California is not the only Eureka on the shores of the Pacific. We will prove that if Idaho is not the equal of California in the extent of her placer mines, that she is at least her equal in the rich nests of those already discovered.

Bannock City, the county seat of Boise county, is thought to be one of the best mining localities in the county and in fact one of the best ever discovered in the Territory. It is situated between two of the best mining streams in the territory, Moore's and Elk Creeks, which discharge their waters into Boise river, forty miles south of Bannock City. The mines are hills, bars, (formed from the creeks,) gulches, flats, ravines, and the beds of the streams.

Six miles west of Bannock city are the placers of Centreville. It is situated on Grimes's Creek. The mines of Centreville are similar to those of Bannock city, and are equally as rich and extensive.

Six miles west of Centreville, are find Placerville, situated on Green Creek. The mines of Placerville are equally good.

Ten miles north heast of Placerville, situated upon Grimes's Creek, are the placers of Fort Conner. These are the placers from which the pioneers extracted the first gold from the virgin soil of Idaho.

We have faith in the richness of Idaho, but at the same time, I would not encourage emigration to the gold field, for I am well aware that many will be disappointed. It was so with the early emigration to California, and we can hardly expect it to be otherwise with Idaho emigrants going to new gold fields. They generally picture to themselves that when once among the golden sands and gulches, it will be easy to accumulate wealth. This is the fancy picture. They forget that all is not gold that glistens, and when they are awakened by the stern realities of mining life, they find a change come over the spirit of their dreams. Hence their disappointment.

The quartz mines of Idaho were discovered by an old trapper of that country in 1845, and were frequently shown to emigrants going to Oregon, whose fabulous reports of the riches of these mines were never fully credited until after the discovery of Bannock City, and indeed even now the riches of these mines does not fully verify the reports that have been in circulation on the shores of the Pacific for the last fifteen years, but that the Idaho quartz lode is one of the richest ever found, is beyond a doubt.

We have had many assays of the rock from San Francisco, and never yet have received less than two thousand dollars per ton. I have assayed the rock in the manner of the practical quartz miners of California, that is, by crushing and pulverizing the rock in a hand mortar and panning it out in the ordinary way, and never failed to get less than half a dollar to the pound of rock.

Our supplies come from Oregon and California. From Oregon by the way of Portland, from California by the way of San Francisco and Portland, from Portland up the Columbia River to Lewiston, Idaho, the landing on Walla Walla, one hundred and fifty miles west of Bannock. I may here add that Portland must in future be the great depot of supplies for Idaho, as San Francisco is of California. Emigrants going to Oregon will find Portland from Walla Walla to Lewiston the best route, as the stage road the nearest and best with the exception that they can travel four miles by leaving the Columbia at Umatilla on the Walla Walla river.

The people are not satisfied with the present location of the Pacific Railroad, and the general impression is that the next session of Congress will be petitioned to change the route from the north side of the Platte to the south side, and that the road will follow the stage road from Fort Kearney to Fort Bridger, at this place the road forks, the one to the northwest going to Oregon by way of Fort Hall, and known as the Oregon road, and the other to the southwest, and known as the California road to Salt Lake. From Fort Bridger to West Bannock by the way of Fort Hall, or by the way of Salt Lake there is but little choice. Either of the two are good for a small emigration. A large emigration will exhaust the grass on either of them. I shall leave Atchison on the first of May. My route is by the way of Salt Lake. From Salt Lake follow the old California road to Bear River, from Bear River to Raft River, from Raft River to the City of Rocks, from the City of Rocks five miles to Birch Creek. At this fork you leave the California road, taking the old Oregon road to Cassia, Ferry, at Salmon Falls, on the Snake River. From Snake River it is 160 miles to Boise City, on Boise River, 40 miles from the mines of West Bannock.

If you choose the northern route you will leave the stage road to Fort Bridger, taking the Oregon road to Fort Conner, situated at the Soda Springs on Bear River, from Fort Conner to Fort Hall on Snake River. At Fort Hall you cross Snake river and follow down the river on the north side to Boise City, when you are within forty miles of West Bannock.

There is one other route that I am familiar with from Bear River to the City of Rocks. When at Fort Conner if you do not wish to proceed any further on the Fort Hull Road take the road leading due west and known as the Hudgeteth Cut Off, which will bring you in the Salt Lake and California road at the City of Rocks. The pass in the mountains is between Fort Hall and Salt Lake. There is a very good wagon road, with plenty of grass and water and it is near. Then to go by the way of Salt Lake, Salt from Fort Bridger out to Fort Conner, on Bear River you will find a scarcity of grass and water.

I do not know of any other route that I could recommend as being good and safe. I am familiar with the roads of which I have spoken and know that you will experience but little trouble on either. However, it will be necessary to guard your stock, now that the Snake and Bannock Indians are particularly hostile, and they are little else than bands of thieves. On the Fort Hall route after leaving Fort Conner, do not travel in a company of less than ten men, well armed. You may not have any use for your arms, but I have found it rather trying through the Snake and Bannock country that it is not safe to go unarmed or in very small parties and it is particularly dangerous for emigrants as the Indians entertain a supreme contempt for the fighting qualities of emigrants.

There is a population of eight thousand at Bannock, six thousand of whom are miners.

Thrilling Adventure on the Plains.
