PITTSBURGH: THURSDAY MORNING, APRIL 21, 1864.

"HONEST OLD ABE."

"Honest Old ABE," has been for some time devoting his small talents to small the Crown, and dismissed the appeal schemes for a re-election; his prociama from the judgment of the Courts.

It is proposed to use the White House its projector giddy, he utters the fearful truth, that upon the result of doubtful the people of a State was to control nineschemes for a re-election; his proclama--tion of amnesty, by which one-tenth of which resulted in the massacre of hundreds of our soldiers, were naked electioneering tricks enough: but his speech at the Sanitary Fair, in Baltimore, surpasses them all. In one of Mr. Lincounts speeches, in reply to Judge Douglas, when they were canvassing the State of Illinois for a seat in the United States Senate, we find the following which, for the present, we adopt as

our answer to our miscegenation contemporary. Said "Honest Old ABE " I am not nor ever have been in favor of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermarry with white people; and I will say in addition to this that there is a physical difference between the white and the black races, which I believe will between forbid the two races being together upon

terms of social and political equality. These were Mr. Lincoln's opinions in 1858, they are ours now, and if the . President has changed in order to pander to such miscegenation patriots as the Disputch editors, we do not choose to follow in his. footsteps. MEXICAN MUSTANG LINIMENT.—The parties in St. Louis and Clincinnat! who have been counterleiting the Mustang Liniment under pretence of proprietorship have been thoroughly estoped by the Courts. To guard against the further imposition, I have procured from the United States Treasury, a private steel-plate revenue stamp, which is placed over the top of each bottle. Each stamp bears the fac-simile of my signature, and without which the article is a counterfeit, dangerous and worthless limitation. Examine every bottle. This Lin iment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable globe that does not contain evidence of its wonderful effects. It is the best emolient in the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable.
