## CURED.

Below will be found a certificate from one of the most respectable citizens of Wilkins township is regard to Dr. Keyser's Lindsay' Blood Searcher. The Doctor's certificates are within reach, and no one need be deceived in regard to his preparations. Dr. Geo. H. KEYSER :- I became afficted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me very much, so much so at times as to unfit me for work. Sometimes I was so bad that I could not do anything on account of them, they came out on me as large as a hickory nut. I had tried a great deaf of medicine for them. I used to buy New Goods and take whatever I could hear of or read of in circulars and pamphlets that fell in my way, but I could not get cured, sometimes they would do me some good for a little while, but afterwards they would return again as bad an ever. I also applied to two Doctors who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago l got an advertisement of your Lindsay's Blood-Searcher, made by yourself-when you sold it to Shawls, me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me and used it according to your directions. I then called to see you again, when you said I could no expect much benefit from one bottle. I bought it on, one bottle at a time, until I had used five bottles. After this quantity had been used, I was entirely well of the Piles, which had tortured me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and here is no appearance of a return of the disease. I can do any kind of farming work now without the Piles coming down and hurting me. I can A POCKET VLBUM pitch hay, chop wood, lift, or do any kind of work which before used to hurt me. When I found out your Blood-Scarcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was and do not know the value of your medicine. You may publish this if you like-I live in Wilkins Township, and will be pleased to satisfy any one of the truth of this certificate if they wish to call

Kirby Smith will not hazard any such present this not improbable how. Before this reaches you you have probably lleard, through the newspaper reports, concerning the disaster that has just befallen our army. Briefly the facts are these: We had been successfully driving the enemy until Friday the 8th. Upon that day they made a stand near Mansfield, forty-five miles from Shreve. in advance. Until about 4 o'clock we
were pushing them. Suddenly they rallied and began to drive us. Our battery
was then offered forward. We were
put in battery in the middle of a large
field, and ordered to shell the works a
few nundred yards from us, from which
our men had just been driven, and which
was swarming with rebels. Of course,
being without the least support, we
could not hold our position. After firing
a few rounds we were ordered to retreat
to the edge of the opposite woods. Here
we unlimbered and fired with great rapidity into the approaching rebels. We
were still without support. The handful of men composing our little corps,
not more than three thousand in all,
were captured or disabled. The Nineteenth corps were back in the rear. The

not more, than three thousand in all were captured or disabled. The Ninetenth corps were back in the rear. The cavalry acted shamefully, with some exceptions—the Second Illinois among the latter. Although implored by all they held dear, they ran like sineep. We held our second position until we saw the rebels massing to outflank our left. At this time they were pouring upon us a perfect storm of shells and bullets. I helped limber up squad five's gun (our own, squad six's, having been disabled and sent off the field a few minutes before,) caught Troop's horse and galloped to the rear for an ambulance and stretcher. I found both, returned, and stretcher in the rebels had come into the woods where we were, and were coming upon us pell-mell. Gen. Banks and staff were along trying to stop our cavalry. But all in vain. The train of the cavalry division were brought up, and now entirely blocked up the narrow road through the plac forest. We got through the woods, over trees and sumps, when, the blockade in front bethrough the woods, over trees and stumps, when, the blockade in front be-

The rebels were less than fifty yards from us. Every man for himself, and the devil as take the hindmost, was the motto. Bull Run was outdone. A few miles further back we came upon the Nineteenth corps, drawn up in line of battle. They the corps, drawn up in line of battle. They che dous fire of musketry.
