Colord Soldings on Illinois—Before we leave this hall, where so much kindness and cospitality have been shown us, we have one nore duty to perform. We are now in the great state of Pennsylvania—a State in which I am proud to say I was born—and in a few hours we will be travelling over the great Central Railroad at lightening speed. To the Governor of Pennsylvania, more than to say other living man, is Abrahan Lincoln indebted for the high position he holds to day. Then, colored soldiers, as we are about to be related across the State, I propose the propose of the Keystone State.

The proposed cheers were given in a manner which showed that Governor Ourtin has many trieds beyond the limits of his native State. The regiment then took un the line of march for the depot, and was soon on its way to join General Burnside.
