Mrs. Henry Ward Beecher's EXPERIENCE WITH THE Grover & Baker Sewing Machine,

Grover & Baker Sewing Machine Company—Gentlemen: It gives me the greatest pleasure to add my testimony to the unrivaled excellencies of Grover & Baker's Sewing Machine. It is, in my opinion, by far the most valuable of any I have tried. The thorough operation of it is most easy and simple, and its unobtrusive and quiet movements are very grateful to a weary head. The work when done is wonderful in its strength. More than two-thirds of all the sewing done in my family for the last two years has been done by the Grover & Baker Machine, and I have never had a garment to rip or need mending, except those rents which frolicsome boys will make in whole cloth, and for them your machine has, I suppose, no remedy but a patch or a darn. The seam on the under side, sometimes represented as an objection to Grover & Baker's Machine, is, I think only the evidence of unskillful operation.

Honestly appreciating the excellencies of your Machine, as fully as I have stated, I could give it no higher praise than the fact that when my only daughter marrie. I gave her this long-tried household friend, depriving myself of its services to lighten her first assumption of domestic duties.
