Soldiers' Families.

It is well known to our community that th cities of Pittsburgh and Allegheny and the adjoining Boroughs, and indeed the entire county, have furnished an immense number of soldiers for the war. A great number of these are married men and have families dependent upon them for protection. There is very little support n these families from any other source than the salary of the soldier. This salary is a mere apology for a compensation proportioned to the services of the soldier. Congress, it is true, has agted in the matter, and, it is said, has raised the wages of soldiers and non-commissioned officers. There is an apparent increase of salary, but we would ask, in all candor, is there any real increase? At the commencement of th war a paper dollar was worth a gold dollar, and then the pay was thirteen dollars per month. Now a paper dollar is only worth about sixty ents. Suppose that Congress did raise the pay to twenty dollars, those twenty dollars will not buy any more now than thirteen dollars bought three years ago before paper money was deprecisted. With all the professions of love for the dear soldier, by Congressmen who are getting about two hundred and fifty dollars per month, they have done nothing more than make nds for the depreciation of the currency The question then that we wish to ask and to see answered is, how is the poor soldier able to maintain a family upon twenty dollars per month of a depreciated currency, when butter is thy is expressed for the soldier, but we fear it is only an expression. It is true that those who received large bounties will not need assistance for sometime. The bounty money will supply their families for a year or so. But there are thousands in the service that got little or no bounty. How shall the families of such sold-There is not a soldier in the field that has not Congressmen who do nothing but make a speech one gets seven times as much as the other. We do not mean to disparage talent, where there is ters him with an increase of pay, which is no increase at all, and he is then left to provide for action and less gasconade in regard to the soldier and his family. The poor we always have with us and a portion, at least, of the money bestowed by liberal minded persons, should be set apart for the benefit of the wives and children in the case of the U. The Soldiers' Home.—The meeting of the Subsistence Committee, who have fitted up the oldiers' Home, will be held in their rooms, at No. 347 Liberty street this evening. An address will be delivered by F. R. Brunot, esq., and there will also be exercises in vocal music, conducted by W. P Marshall, esq. The exercises will or's office, but before arriving there he dice commence about 7% o'clock. Tickets of admission can be had at the business places of the

members of the Committee. The hall or rooms, called the Soldiers' Home. have recently been re-fiteed and neatly carpeted. The carpet in the chambers, or bed-rooms, was made by the ladies of the association, from rags which they saved from clippings of garments.

It is good rag carpet and the entire piece manfound in one of his pockets. An inquest was ufactured in this way contains one hundred yards. This act of the ladies displays, not only benevolence, but economy, and sets a good expenditure of money about the Soldiers, Home, no display for the sake of display, but a simple inostentations movement, that in three years has relieved about two-hundred thousand soldiers. There was one poor sick drummer boy lying in the sick room, when we visited it, and we could not help thinking that this boy would bless the hands that administered comfort to him, should he ever get well. Our thanks are due to B. F. Vandevort for information in regard to the Soldiers' Home and also for tickets

Distinguished Visitors.-We notice in the reports of proceedings of the District | bor and skill, and operatives should ask man-Court, now in session in this city, the presence in our midst of that venerable gentleman and long-time Democrat, Hon. Samuel Marshall, of Butler County. He has the honor to preside over the grand jury, by appointment from Judge orable or upright man could have been selected for that position. In the county of Butler Mr. Marshall's name is a tower of strength in the party of his choice, and we cannot help but honor by this slight tribute one whom his neighbors and fellow citizens have continued to respeand venerate through a long period of years with their confidence and respect. May time long spare him to his life of usefulness.

We observe, also, our distinguished frien and fellow citizen Hon. H. D. Foster, present at the District Court engaged in the case of the United States against Robert Sanford of Indiana county. Mr. Foster looks as young and hale as he did ten years ago. The fatigues incident to the profession do not seem to set hard upon him. We hope he may yet see many days, and higher honors.

Shoplifting.-A case of taking goods with. outleave occurred in Allegheny city, yesterday, at the dry goods establishment of Mr. William Semple, on Federal street. It appears that a lady called at the store and while making some small purchases, was observed slipping a piece of calico into a market basket. Mr. Semple's attention was called to the affair, and in tieing up the goods into one bundle, which he proposed to do, he found the calico. A police officer was called and she was taken before the Mayor, where she alleged she had bought the calico but the clerks denied it and she was held in bail to answer the charge of larceny.

Proceedings at the Mayor's Office. There was a very large number of cases be-ore Alderman Butler, acting Mayor, this morning. Among them was the case of Sergeant , who, in company with Frank Kelly o nurchase some clears. Which the Sergeent paid for with a fifty cent postage currency. The noney was afterwards discovered to be counerfeit, and the Sergeant was asked to redeem the same, when an alterestion ensued, in which he Sergeant drew a revolver. Quite a crowd had assembled in the meantime, when Alder-

man Kelly, by virtue of his office, closed the store and refused admittance to the police, who rished to quell the desturbance. The police finally succeeded in making an entrance, and arested Serg eant Houston and Alderman Kelly, who were brought before the Mayor this morning. The former was fined ten dollars and costs for disorderly conduct, and the latter five dollars and costs for a like offence. The examination at the Mayor's office is said to have been a rich affair, but as we were not present we are unable to give particulars. James Mor-ton was arrested by the police, last night, for drunkenness and disorderly conduct, in the Sixth ward, and attempting to choke the poiceman who was in the discharge of his duty. The officer brought him to his senses by a blow with his mace, and succeeded in taking him to he tombs. He was brought out this morning and fined ten dollars and coats, and in default of payment was sent up for thirty days.
