PILES OF

TWENTY YEARS STANDING

CURED.

Below will be found a certificate from one of the most respectable citizens of Wilkins township in regard to Dr. Keyser's Lindsay Blood Searcher. The Doctor's certificates are within reach, and no one need be deceived in regard to his preparations.

DR. GEO. H. KEYSER—I became afflicted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me very much, so much so at times as to unfit me for work. Sometimes I was so bad that I could not do anything on account of them, they came out on me as large as a hickory nut. I had tried a great deal of medicine for them. I used to buy and take whatever I could hear of or read of in circulars and pamphlets that fell in my way, but I could not get cured, sometimes they would do me some good for a little while, but afterwards they would return again as bad as ever. I also applied to two Doctors who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago I got an advertisement of *your* Lindsay's Blood-Searcher, made by yourself when you solicited me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me and used it according to your directions. I then called to see you again, when you said I could no expect much benefit from one bottle. I bought it on, one bottle at a time, until I had used five bottles. After this quantity had been used it was entirely well of the Piles, which had tortured me for twenty years. In other respects my health is improved, and I am as well as could be for one of my age, being sixty years [illegible] well now for six months, and [illegible] of a return of the disease. [illegible] any kind of farming work now without [illegible] Piles coming down and hurting me. I can pitch hay, chop wood, lift, or do any kind of work which before used to hurt me. When I found out your Blood-Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was and do not know the value of your medicine. You may publish this if you like—I live in *Wilkins Township*, and will be pleased to satisfy any one of the truth of this certificate if they wish to call on me.

ELLIOTT DAVIS.

IMPORTANT TO LADIES.

"Great American Remedy."

Harvey's Chrono Thermal FEMALE PILLS

HAVE NEVER YET FAILED WHEN the directions have been strictly followed, in removing difficulties arising from OBSTRUCTIONS, OR STOPPAGE OF NATURE.

Or in restoring the system to perfect health when suffering from Spinal Affections, Prolapsus Uteri, the Whites, or other weaknesses of the Uterine Organs. The Pills are perfectly harmless on the constitution, and may be taken by the most delicate females without causing distress; at the same time

THEY ACT AS A CHARM,

By strengthening, invigorating, and restoring the system to a healthy condition, and by bringing on the monthly period with regularity. No matter from what cause the obstruction may arise. They should, however, NOT be taken the first three or four months of pregnancy, though safe at any other time, as miscarriage would be the result.

Each box contains 60 Pills. PRICE, ONE DOLLAR.

NOTICE TO ALL CONCERNED.—Among a certain class of self-important people there is a peculiar feeling of contempt attached to all physicians that advertise and treat the diseases named in the card. (FEMALE DISEASES,) why this should be, they nor no one else can tell. Are they not aware that all physicians treat diseases of every denomination, for last solicit just the very diseases that are so obnoxious to these very refined parties. I suppose they would not let one of their family go to a party that has devoted years for their benefit, because he advertises the fact, and their family physician say he is a humbug so he can get the case. Often he has almost deprived the party of his life. He comes at last to the physician that advertises—hope else are they to know? Are they not aware that Sir Astley Cooper, Sir Benjamin Brodie, Sir Charles Bell and M. Paul Ricord, devoted years in the treatment of these diseases? These men are held up as shining lights in the medical world; I don't assert that all men are worthy that publish, still there are a great number of them that are. I have devoted myself to the study and treatment of PRIVATE DISEASES upwards of 40 years, and without egotism can say I have saved hundreds from years of misery and untimely death. My treatment is confined to the vegetable altogether, as I think it is the best and most certain. It is in my power to bring hundreds of certificates if I thought it necessary, to certify to my general success; but my long residence in this city is sufficient proof without adding more. Spermatorrhea and self diseases arising from it are cured in a much shorter time than heretofore. It behooves every young man and woman to be careful in seeking a physician. The different advertisements that are seen in our papers are of no worth, and no benefit will arise from answers than only loss of health and money. Hundreds are cured annually by my new remedies. MEDICAL.

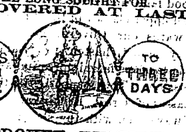
GLAD NEWS FOR THE UNFORTUNATE!

THE LONG SOUGHT FOR DISCOVERED AT LAST.



CHEROKEE REMEDY,
AND
CHEROKEE INJECTION

Compounded from Roots, Barks and Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Inconstinence, Stone in the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old, nauseous medicines have failed.

☞ It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times a day.

☞ It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

☞ CHEROKEE INJECTION is intended as an ally or assistant to the Cherokee Remedy; and should be used in conjunction with that medicine in all cases of *Gonorrhœa, Gleet, Fluor Albus or Whites.* It effects are *healing, soothing and demulcent;* removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is so peculiar to nearly all the *cheap quack injections.*

☞ By the use of the Cherokee Remedy and Cherokee Injection—the two medicines at the same time—all impurities or diseases are removed, and the weakened organs are speedily restored to full vigor and strength.

☞ For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free to any address a full treatise.

☞ Price, Cherokee Remedy, $2 per bottle, or three bottles for $5.

☞ Price, Cherokee Injection, $2 per bottle, or three bottles for $5.

ROOTS, BARKS, AND LEAVES.

CHEROKEE CURE!

An unfailing cure for Spermatorhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollutions such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficulty of Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Nobility, Consumption, and all the Direful complaints, caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract, and one on which all can rely, as it has been used in our practice for many years, and with thousands treated, it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn case.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not;* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed.

☞ For full particulars get a circular from any drug store in the country, or write the Proprietors, who will mail free to any one desiring the same, a full treatise in pamphlet form.

Proceedings of the Western Associated Press.

CINCINNATI, May 3.

A number of the representatives of the Western Press, called together by a special circular from Mr. Smith, President of the Association, met this evening, at 8 o'clock, at the editorial rooms of the Cincinnati *Enquirer*.

The following gentlemen were present:

Cincinnati *Gazette*, Mr. Smith, President.
Cincinnati *Commercial*, Mr. Potter.
Cincinnati *Enquirer*, Messrs. McLean.
St. Louis *Republican*, Mr. Knapp.
St. Louis *Democrat*, Mr. Fishback.
St. Louis *Union*, Mr. Parsons.
Louisville *Union* and *Press*, Mr. Cirill.
Detroit *Free Press*, Mr. Walker.
Detroit *Advertiser and Tribune*, Mr. Scripps.
Indianapolis *Journal*, Mr. Tilford.
Indianapolis *Gazette*, Mr. Jordan.
Dayton *Journal*, Mr. Bickham.
Wheeling *Intelligencer*, Mr. Campbell.

The President read dispatches from the Chicago publishers, regretting their unnecessary absence, and pledging themselves to acquiesce in the action of the meeting.

Mr. Medill, Secretary of the Association, being absent, Mr. Campbell was elected to fill his place.

The President made some general statements as to the objects of his call, viz: Difficulties with the Union Telegraph Associated Press, in the matter of satisfactory dispatches; an apprehended exorbitant advance in the price of news paper; difficulties with compositors, members of the Typographical Union. He also stated that a subject worthy of consideration by the meeting, was the new method of type setting recently brought to considerable perfection in the East.

Mr. Walker suggested, with a view to proper organization for business, that the President appoint committees to consider and report on the several items and difficulties enumerated by him.

In pursuance of the suggestion, the following gentlemen were appointed upon committees:

On paper—Messrs. Knapp, Potter and Tilford.

On Telegraphing—Messrs. Fishback, Bickham and Jordan.

On Typography—Messrs. Scripps, Walker, McLean and Parsons.

On motion of Mr. Knapp, the President was added to committee on Paper.

Mr. Scripps suggested that the meeting should take some action in reference to the prices of advertising in the various cities, taking into consideration the population, geographical situation and business relations of each city.

At the suggestion of Mr. Scripps, a committee on rates of Subscription and Advertising was appointed, and the following gentlemen were placed upon the committee, viz: Messrs. Scripps, Bickham and Tilford.

On motion of Mr. Bickham, the meeting adjourned to meet at ten o'clock tomorrow (Wednesday) morning.

ADJOURNED MEETING.

CINCINNATI, O., May 4, 1864.

The Association met, pursuant to adjournment, at ten a. m.

The minutes of last night's meeting were read and adopted.

The President read the following report from the Committee on Paper:

Your Committee on Paper are of the opinion that the manufacture of wood paper has not been sufficiently developed to justify any definite action on the part of publishers; and would, therefore, recommend that a committee be appointed to correspond on the subject, and when, in the opinion of the committee, important definite results may be attainable, the association may again be consulted. In the meantime we would recommend that all proper encouragement be given by the press, to the introduction of machinery for the manufacture of wood paper, or the introduction of any material which shall serve as a substitute for rags. The report was adopted.

In pursuance of a recommendation in the foregoing report, the following gentlemen were appointed a permanent committee of Correspondence, to inquire into and report upon improvements in the manufacture of paper, viz: Messrs. Knapp, Campbell, Walker, Worden of the Chicago *Times*, and Mr. Smith, President.

The committee on Typographical Matters made the following report:

The committee appointed to take into consideration the subject of the Typographical Union, and matters connected therewith of interest to publishers, beg leave to respectfully report: That, the subject is one surrounded with many difficulties and embarrassments. So far as our observation or information extends, we are glad to be able to state that the proprietors of the press throughout the Northwest have acted with the greatest liberality toward those in their employ. They have advanced their wages more rapidly than their business has increased, but we regret to say that their liberality has not been reciprocated by the Typographical Union. The more we have given the more they have demanded, until there is scarcely an establishment in the country that is wholly free from the bad effects of the tyranny of the Union. The first demand usually made upon the proprietors of a paper is that no person shall be employed who is not a member of the Union; the next is that the Union shall fix prices and wages of persons employed, and the price are determined without [illegible]

any reference to the capacity and standing of the compositors, the [illegible] worthless, being placed upon the same footing with the industrious and competent. To such we [illegible] and carried on, that there is not an establishment in the country within the reach or under the influence of the Union where these are not more plenty than is [illegible] the wages may be. That this fact (and one which we are informed has already been insisted upon in many places), is the demand for men to appoint their foreman, to determine his wages, and remove him whenever he does not conduct the business of the office so as to subserve their interests. It will thus be seen that, step by step, the proprietors are stripped from exercising any control over their own business. It is in vain that the proprietors urge their incomes will not justify an increase of their expenditures, for the men have arrived at a point where they have little or no sympathy with the proprietors, and are only governed in fixing how much they can increase their own wages.

This question now arises, how these difficulties can be overcome. Among suggestions have been made that the proprietors should combine, and by mutual agreement, give employment to no person who considers himself bound by the rules of the Union, and we believe that it is practicable to do so under any particular guises, provided these men, reasoning upon the matter, come to the conclusion that it is worthy of consideration on the part of the proprietors throughout the country. At all events, the [illegible] be extended or used as compulsory [illegible] one of the largest establishments in this city, girls have been employed as feeders for many years, and in many offices throughout the country they have been used as compositors. The uniform testimony of all who have employed such men is, that they are equal, and in some respects superior, to men. The only suggestion is not made because there is a scarcity of men who can set type, for at times well known in this there is a large surplus in every city in the Northwest.

It has been suggested, also, that the recent inventions in type setting machines will eventually revolutionize the business, and effect a reduction of the expenditures for labor. It is impossible, and from all the accounts received, quite probable, and may in time furnish the best solution of the difficulties we have encountered during the past year. We recommend that the men belonging to this association establish some general rule by which they will be governed. Therefore

Resolved, That we recommend that no printer be employed in any establishment unless he can produce a certificate of discharge from the last office in which he was employed, that whenever any such person is employed he shall deposit his papers with the proprietors to be returned to him in case of his honorable discharge.

Second. That whenever a person is discharged for cause, the fact of his discharge shall be sent to the various papers belonging to this Association.

Third. That we recommend to all publishers, that in consequence of the [illegible] they require them to agree not to raise their [illegible] without giving two weeks' notice thereof, and that the publishers on their part agree to give the same in case of discharging any of the employees.

Fourth. That we recommend the employment of female labor in such offices as can be done conveniently.

After some debate the whole matter was postponed until the next session of the Association.

On motion of Mr. Bickham, the meeting adjourned until 3 P. M.

The Association met pursuant to adjournment.

The President read a telegraphic dispatch from H. J. Raymond, editor of the New York Associated Press, stating that the New York Press Association would be represented at the meeting by [illegible]

To this Mr. Medill, of the Chicago and other friends of the Association replied, thanking the New York Association for the courtesy which they had shown in the matter, and stating that the Chicago Association would be represented by [illegible]

The Secretary read the following dispatches from the Rochester (N. Y.) Democrat and Chronicle, and the New York Associated Press, which were received during the session:
