THE BOGUS PROCLAMATION.

It is reported that the World and the Journal of Commerce, published in New York city; have been suppressed by the Administration, and their proprietors arrested, because of their publishing the bogus proclamation. If this be, so it is but another and the greatest outrage yet perpetrated by weak, corrupt and degenerate families. As soon as the papers in question, discovered the hoax they were propertied that what more could they do? That it did not originate with either of them is evident. "At an early hour on Wednesday morning a fraudulent proclamation, signed by the President, was sideliveed in manuscript to each of the editors of the morning papers in this city; by diffection of the Executive Committee of the Morning and the greatest countrage received the country, that whereas, and in the evertein he shall proclaim a general demonstration; and whereas, and in the evilation of the Eventure Committee of the body servant.sof Gen. The real atithor of the mischievous outrage should be hunted out of his hole and punished, but to wreak revenge upon punished, but to wreak revenge upon the innocent victims in question, looks as if the Administration desired but a flimsy pretext to suppress able but flimsy pretext to suppress able but courteous opponents of some of its leading enactments. We trust, however, for the sake of the Governmeut, as well as for the sake of the papers in question that the report is not true. We also hope that the forger may be ferreted hope that the forger may be ferreted incident in the siege of Charleston, taken makes us think women more beautiful than men. The women do not concurred and not only punished but made to divulge the secrets of the vile set for whom he operated. If he dut tells the truth, we will see that the leading dealers in gold in Washington and New York, are the real culprits behind the scene; and if half Gen. Frank Blath says of Secretary Chase be true, we would not be surprised to hear of his being the leading spirit of them all. We are anxious to have this business thormal to the city, and nobody seems to mind it. But misfortune willed that yesterday a shell should throw the endire community into mourning.

Miss Anna Pickens, the daughter of our former Governor, never consented to leave the city. Despite the representations of General Beauregard, she remained, braving shells and Greek fire, being the leading spirit of them all. We are anxious to have this business thormal control of the party they with her presence. Among the wounder of officers under her care was Mr.

In his trunk was a splendid uniform, but he declared it belonged to somebody else.
