Sir: I have the honor to inform you that the vessels lately caught by low water above the falls at Alexandria have been released from their unpleasant position. The water has fallen so low that I had no hone or expectation of getsition. The water has fallen so low that I had no hope or expectation of getting the vessels out this season; and as the army had made arrangements to evacuate the country, I saw nothing before me but the destruction of the best part of the Mississippi squadron. There seems to have been an especial Providence looking out for us in providing a man equal to the emergency. Lieuten-Charles Bayes, E.R. Cope.

Ments of Maine men were set to work felling trees, and on the second day after my arrival in Alexandria from Grand Ecopre the work had fairly begun. Trees were open-were falling with great rapidity, teams were built to bring stone down from above; and every man seemed to be insured.

Business of Maine men were set to work and on the second day after my arrival in Alexandria from Grand Ecopre the work had fairly begun. Trees were form the country, he has sayed to the Union a valuable fleet worth nearly two millions of dollars. More, he has a deprived the enemy of a triumpli which would have emboldened them to carry on the country he has an engineer, the credit he has conferred my arrival in Alexandria from Grand Indicate worth had fairly begun. Trees were open-were moving in all directions bringing in brick and stone; quarries were open-day, death of the moving in all directions bringing in brick and stone; quarries were open-day, fairly begun. Trees were falling with great rapidity, teams were the work had fairly begun. Trees were form the country, he has an engineer, the credit he has conferred my and and fairly begun. Trees were falling with great rapidity, teams were form the country, he has an engineer, the credit he has conferred my arrival in Alexandria from Grand thouse were follows.

WILL INST for the happy manner in: which he has forwarded this enterprise, giving it his whole attention night and day, scarcely

> you among the misfortunes of this expe dition of the loss of two small light-draft gunboats, the Signal and Covington. I sent them down from Alexandria to convoy a quartermaster's boat, the War-ner, loaded with cotton and some four

hundred troops on board, not knowing that the enemy had any artillery on the ed on anxious for the result. The silence was so great as the Lexington approached the dam that a pin might almost be heard to fall. She entered the gap with a full head of steam on, pitched down the roaring torrent, made two ever, that the rebels were enabled to or three spasmodic rolls, hung for a moment on the rocks below, was then swept into deep water by the current, and rounded to safely into the bank.

Thirty thousand men and some twenty-five pieces of artillery. With these they established a series of batteries at a place pieces of artillery. With these they established a series of batteries at a place and rounded to safely into the bank. Thirty thousand voices rose in one deafning cheer, and universal joy seemed to pervade the face of every man present. These batteries were so masked

taken against accident. She did not fare as well as the liexington, her pilot of the pattery was a furious fire which

sweep everything before it. It will take too much time to enter into the details of this truly wonderful work. Suffice it to say that the dam had nearly reached completion in eight days' working time, and the water had risen sufficients to not the universally to allow the Fort two the universally to allow the Fort two times. REVS. JOHN HUGHES, D. D.,
First Archbishop of New York;

time, and the water had risen sufficiently on the upper falls to allow the Fort down and be ready to pass the dam. In another day it would have been high of the Nineteenth army corps. Pre-First Archbishop of New York;
Francis Patrick M'Kenrick, D. D.,

Archbishop of Baltimore,

PRICE ONLY \$1,00.

Archbishop of Maltimore,

Beging this unfortunate accident

another day it would have been high enough to enable all the other vessels to pass the upper falls. Unfortunately, on the morning of the 9th instant, the pressure of water became so great that it swept away two of the stone barges, which swung in below the dam on one side. Seeing this unfortunate accident ertions to accomplish the object before where the upper vessels were anchored and ordered the Lexington to pass the once more in fighting trim. If this expedition has not been so successful as the country hoped for, it has exhibited the indomitable spirit of eastern and thought I might be able to save the four vessels below, not knowing whether the persons employed on the work would ever have the heart to renew their ennothing like which has ever been ac-The Lexington succeeded in getting complished before. I regret to inform

having become frightened as he approached the abyss, and stopped her engine, when I particularly ordered a full head of steam to be carried; the result was that for a moment her hull disap-
