LOCAL INTELLIGENCE.

THURSDAY MORNING, JUNE 2, 1864.

The Opening of the Fair.

On yesterday afternoon about two o'clock the crowded condition of the streets gave evidence of the arrival of many strangers, whose intentions were to visit the Fair and take part in the opening ceremonies. The first demonstration, however, in the form of a procession was made by the "Boilers' Union," the members of which met at their Hall, corner of Smithfield and Fifth Street and marched down Wood, preceeded by a brass band, preparatory to uniting in the general procession. It was not long after this demonstration till the different Fire Companies, the military of the city, the Councils, the Westchester Cadets and others were in motion, ready at a minute's warning to fall into line. The evening was intensely hot and threatened a shower of rain, nevertheless the people began to gather in groops, here and there, near the Monongahela House, on Water Street, where the procession was to form. Business at the Fair was suspended at twelve o'clock, and the Mayors of both cities had issued proclamations, suspending all kinds of employment, from three o'clock to seven, giving all an admirable opportunity to march along with the procession. The Marshals met at three o'clock preparing the order of business, and regulating the positions, which different orders and divisions in the city should occupy.

The Procession started from the Monongahela House, at half past four, in the following order.

1. West Chester Cadets and Band.
2. Governor and officers of Sanitary Fair
3. The Mayor and City Councils
4. Smiths Brass Band.
5. The Fire Engines 9 in number.
6. Martial music.
7. Boilers' Union.
8. Citizens.

The Engines out on the occasion were the Eagle, Allegheny, Duquesne, Neptune, Hope, Good Intent, General Grant, Relief, and Vigilant. The procession marched slowly and was often compelled to stop by the press of the people. When they arrived at the Fair grounds Governor Curtin proceeded to deliver the opening address

Of the character and the ability of this address we are unable to say anything; having failed to gain admittance into the audience room. In this predicament we were not alone. Some twenty thousand people kept us in company outside, while the address inside was made to from twelve hundred to two thousand persons. We think it is a low estimate to put down the entire crowd at twenty-two thousand persons. If this estimate is correct and as large a crowd attend to-day at the opening of the Fair, it will be impossible to keep any kind of order, and damage to the stands and the goods may result from the eagerness of the excited tumult to witness the sights in the different apartments of the Fair.

The Monitor.—We witnessed a second trial of the Miniature [illegible] on yesterday, which was quite as successful as the first. The originator of this enterprise is G. W. Crawford, esq. He was assisted in building it, by Messrs. Joseph Kay and John McElroy, and it has been donated to the Fair by Charles Knapp, esq. This Monitor is a perfect model of the boat after which it is named, being constructed from a scale [illegible] from that boat, equal in all its proportions. It runs surprisingly well and will be one of the principal attractions of Monitor Hall.

Pickpocket Arrested.—Just after the people had assembled at the Fair grounds yesterday, and were all struggling to gain admittance, a young man was arrested by the police in the act of picking the pocket of a citizen. He was brought over and put in the watch house till to-day, when he will have a hearing before the Mayor.

A Fractious Horse.—Yesterday about seven o'clock some of the members of the Eagle Fire Company were hitching up a horse, which, we understand they recently purchased, he became very unruly and fractious and broke loose from the shafts without, however, doing any more damage than breaking a portion of the traces.

True Charity.—The third anniversary of "The Home for the Friendless," will be held to-day in the afternoon, at their new home, on Washington street, one door from the East Commons, Allegheny city. An Address will be delivered by Rev. J. B. Clark.

What Every One Says.—Every one says that the Fire Companies formed the most imposing part of the procession yesterday. To this we cordially agree, if the Avest heeler, or Hyatt Cadets are excepted. These two formed the prominent features of the procession.

Cambria County.—The Democratic Delegates of Cambria County met in Convention, at Ebensburg, on Monday the 30th day of May and put in nomination the following ticket.

Assembly—Cryus L. Pershing, Johnstown.
Sheriff—James Myers, Ebensburg.
Commissioner—E. R. Dunnegan, Clearfield Township.
Poor House Director—George Orris, Richland Township.
Auditor—John A. Kennedy, Carrolltown.
Congressional Conference—Phillip S. Moon, esq., John J. Burns and John Campbell.
Senatorial Conference—S. H. McCormick, Henry Scanlan and Peter J. Criste. Chairman of County Committee—P. S. Moon, esq. Delegate to State Convention—Michael Woods.

This is a most excellent ticket and will be elected by a triumphant majority. Cambria County is known throughout the State as one of the most through and unwavering Democratic counties in the State, and the character of the nominees will bring out a strong vote. We predict the election of this ticket by one thousand majority.

Exhibition.—The "Excelsior Thespian Club," of North Lafayette township, gave an exhibition at M. E. Baldwin's Barn, near Noblestown, on Wednesday evening, May 25th, at which time and place they performed the popular drama of the "Doodles," and the three highly amusable Farces of "Dead Rose," "Irish Assurance" and "Stage Struck Yankee." The price of admission was twenty-five cents. The net proceeds amounted to sixty-one dollars. The Club unanimously agreed to present Mr. Baldwin with a six dollar cane for his kindness in allowing them the use of his barn, and appointed J. R. McMichael and W. J. McLain a committee to place the [illegible] of the money (fifty-five dollars) in the hands of the Pittsburgh Subsistence Committee.

R. L. McM.

Day & Hayden [illegible] Firm has lately laid in one of the largest [illegible] superb arrays of articles, used by [illegible] harness and saddle makers, ever brought to the city, which will be on exhibition daily at their place of business, No 58 Wood street, sign of the Golden Stirrup. It is utterly impossible to enumerate all the kinds and qualities of furnishing goods kept by this enterprising Firm. Those who dent in these articles, especially those who manufacture carriages, saddles, &c., are the best judges, and such should by all means call and examine their stock. Persons from the country, visiting the Fair, would do well to spend a minute or two in examining their goods, at the sign of the Golden Stirrup, Wood street, between Third and Fourth.

Cashmere Goats.—The first arrival of these animals occurred yesterday, being brought in from Washington County, on a wagon. There were six or seven of them shorn and some unshorn. These goats used to be worth one thousand dollars a piece, but they can now be imported for less. They produce the most excellent wool of the finest quality from which Cashmere goods are manufactured. They are about the size of a common sized sheep or goat, and it is thought the climate here will not be too severe for them. Farmers having capital to spare, are beginning to take an interest in the purchase of these animals, the wool of which is prized so highly.

GEORGE W. SMITH'S
FARM FOR SALE.

In consequence of the removal of part of my family, my own age, and other considerations of a private and family nature, I wish to contract my affairs and confine my attention to my old established Brewing and Malting business in Wheeling, and to accomplish this, I offer for sale by private contract till the 31st DAY OF MAY, 1864, and if not then sold, by Public Auction,

The Magnificent Estate of
WADDINGTON,

Containing 414 acres of beautiful and fertile rolling hill land, well watered with never failing springs, in one of the most salubrious countries in the world, and situated in a neighborhood of wealthy and highly respectable people. It is on the Bethany turnpike, four miles from Wheeling. The mansion is in thorough repair, large and commodious, (50 feet by 75 feet,) with every modern convenience, surrounded with shrubbery and vines. The principal tenant house is a neat and comfortable two-story brick. The dairy house is spacious and fixtures and arrangements all arranged. There are also eight cottages on the estate, (all rented to old and good tenants,) the rental of which pays more than the taxes. An extensive barn, with stone basement divided into stabling for 16 horses, and stalls for 40 cattle, with cellars, bins, mows, and everything in the highest requisition of a farm; it stands in a yard 170 feet square, surrounded by brick sheds for cattle and sheep; also blacksmith's shop and slaughter house.

The farm is well known to be the best improved and most highly cultivated in this part of the country, stocked with imported and other choice cattle, sheep, horses, implements, &c., &c. The growing crops consist of 34 acres of fall wheat; 20 acres of fall barley; 27 acres of spring barley; 35 acres of black oats; 30 acres of corn; 12 acres of potatoes; 65 acres of meadow, the balance in good pasture, all of which will be sold as above stated on the 31st OF MAY, 1864.

Terms of purchase made known on day of sale, and at the following places, where plans of the place and further particulars can be given after the 15th of May, 1864:

U. S. 10-40 BONDS.

THESE BONDS ARE ISSUED UNDER the Act of Congress of March 8th, 1864, which provides that all Bonds issued under this Act SHALL BE REDEEMED IN COIN, at the pleasure of the Government, at any period *not less than ten nor more than forty years* from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, semi-annually, and on all other bonds semi-annually. The interest is payable on the first days of March and September in each year.

As these Bonds, by Act of Congress, are

Exempt from Municipal or State Taxation,

Their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rates of premium on gold they pay

Over Eight Per Cent. Interest

In currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States, the whole property of the country is holden to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from $50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

The Funded Debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was $768,895,600. The interest on this debt for the coming fiscal year will be $45,837,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over $100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations to $150,000,000 per annum.

The authorized amount of this loan is Two Hundred Million Dollars. Instructions to the National Banks acting as loan agent were not issued until March 30th, but the amount of Bonds reported sold at the United States Treasury up to May 21st, was

$54,564,900.

Subscriptions will be received by the TREASURER OF THE UNITED STATES at Washington, and the ASSISTANT TREASURERS at New York, Boston and Philadelphia, and by the

First National Bank of Pittsburgh, Pa.,
Third National Bank of Pittsburgh, Pa.,
AND BY ALL NATIONAL BANKS

Which are depositaries of Public money, and all RESPECTABLE BANKS AND BANKERS throughout the country, acting as agents of the National Depositary Banks, will furnish further information on application, and

LATEST BY TELEGRAPH,

FOR THE POST.

Refugees Murdered by Guerrillas —All Quiet at Little Rock— Southwest Missouri Threatened.

ST. LOUIS, June 1.—A telegram to headquarters from Rolla, Missouri, dated May 30th, states that a train of Union refugees from Jacksonport, Arkansas, under escort of seventy men of the Second Wisconsin cavalry, was attacked at Salem, Arkansas, by three hundred guerrillas. The entire train was burnt and about eighty men and women killed.

On Friday last ten men of a detachment of the 2d Wisconsin cavalry, who were out on a scout, from Rolla, became separated from the main body and were surrounded by guerillas. Five of them were killed. The others made their escape, and returning in larger force, found that the bodies of these killed had been stripped and their throats cut.

A gentleman just arrived from Little Rock, represents all quiet in that vicinity. Joe Shelby had left Brownsville about two weeks ago, with a force estimated at fifteen hundred to three thousand, for southwest Missouri. Gen. West with several companies of cavalry had been sent against him. Shelby is represented well mounted, and had been joined by McRae with five hundred cavalay, in addition to his own force.

Destructive Fire at Glenns Falls N. Y.

ALBANY, June 1.—The news of a large fire at Glenns Falls has just been received here. The fire broke out in rear of the Glenns Falls Hotel, destroying it. The wind was blowing a gale, which caused the fire to spread rapidly, and soon the whole of the central part of the village was in flames, many buildings and their entire contents being consumed. Two banks, a hotel, the market house, two Universalist and Presbyterian churches, the Town Hall, an academy, the Post-office, and a large number of dwellings and business houses were destroyed. The fire raged five hours, leaving the village in ruins.

Later: From General Sherman

WASHINGTON, June 1.—7.30 A. M. *Maj. Gen. Dix.*—Nothing from General Grant later than yesterday at 7 a. m. An unofficial dispatch received here at four o'clock this morning, dated yesterday at Kingsport, reports that Major Hopkins, of General Stoneman's staff came from the front this afternoon, and says the rebels attacked us at 7:30 this morning, and at 10 o'clock the affair was over. The enemy was repulsed and our line reached to the railroad at Marietta. To accomplish this object, had been for several days the purpose of Gen. Sherman's movement. Additional forces and ample supplies are reaching him.

Houses of Secessionists Burned.

NEW YORK, June 1.—A *Tribune* dispatch from General Hunter's army says: One of our wagon trains was fired on last Tuesday by guerrillas, and one of the guard was wounded. Gen. Hunter the requon ordered the houses of two prominent secessionists to be burned, which was done as a warning. A *Herald* Washington dispatch says: Secretary Chase is determined to put in the market from fifty to one hundred million six per cent. bonds, redeemable after 1881; also, that the French Government has assured Mr. Dayton that no rebel iron clads will be permitted to leave France.

A Political Sensation Item.

NEW YORK, June 1.—A *Herald* Washington dispatch says that President Lincoln has estimated, that, in the case of his re-election, he will make some changes in his Cabinet. The following are put forth as probable:—Secretary of State, C. F. Adams, Mass.; Secretary of Treasury, Isaac Sherman, N. Y.; Secretary of War, Simon Cameron; Secretary of Navy, H. W. Davis; Secretary of Interior, H. Greeley; Attorney-General, W. L. Dayton; Postmaster-General, S huyler Colfax. The *World* also says that the presence of Greeley, Gratz Brown and Pomeroy have at this time significance.

A Shrewd Federal Movement.

NEW YORK, June 1.—A *Herald* dispatch of the 9th states that Ledlie's reconnoissance, on Tuesday evening, was of incalculable benefit. It misled the rebels into the belief that we intended cutting their army in two, compelling them to concentrate on the centre, so that our right and left obtained advantageous positions.

Rebel Force in the Shenandoah.

NEW YORK, June 1st.—A *Herald* dispatch from the Shenandoah Valley says: A reconnoissance in force has found the enemy 40,000 strong in front of us, but we have had very little skirmishing till this time.

No Rebel Force in Texas.

NEW YORK, June 1.—A *Tribune* Matamoras letter says that refugees from Austin, Texas, report that with the exception of some six hundred men, there is no effective rebel force left in that State.

NEW YORK, June 1.—A *Tribune* Washington dispatch says that the indications are that Dan'l L. Dickinson will be the candidate for Vice President of the Baltimore Convention.

Arrival of the Nova Scotian.

FARTHER POINT, June 1.—The Nova Scotian from Liverpool on the 29th, has arrived. Cotton, unchanged and closing quiet; stock in port 350,000 bales. Breadstuffs quiet, and nominal. Provisions, dull. Lard, still declining. American stocks nominal.

FROM NEW ORLEANS.

TWO THOUSAND REBELS AT RINGGOLD BARRACKS.

NEW YORK, June 1st.—The Cohawba, from New Orleans, has arrived. New Orleans papers contains nothing of Banks' or Canby's whereabouts. Communication is interrupted near Red river, by guerrillas who were, subsequently, shelled out by our ganboats. Mobile papers mention considerable anxiety there consequent, on uninterrupted telegraphic communication with Richmond. Matamoras dates to the 12th state that there were 2000 rebels at Ringgold barracks, designing an attack on Brownsville.

From Fortress Monroe.

What the Rebels think of Gen. Grant

FORTRESS MONROE, May 31.—Lt. Gen. Grant's communication with the White House is complete, and all is working well.

Richmond papers of the 30th have been received. They have changed their views with regard to the ability of Grant, and say they have been under rating him. They say he is smarter than they had dreamed of, and manifest some fear in regard to the safety of Lee, or rather as to Lee's success in repelling the Yankee Army.

A message from Gen. Grant reports that Monday morning our army had reached Mechanicsville with but little opposition.

Gen. Sherman had routed the enemy's cavalry at all points, and captured many prisoners.

Heavy canonading was heard in the direction of Mechanicsville.

George Foraman Killed.

PHILADELPHIA, June 1st, 1864.—Geo. Foraman, a carpenter of Pittsburgh, was killed at an early hour this morning in front of a restaurant. He has a wife and chileren living at Pittsburgh. The murder escaped.

NEW YORK, June 1.—The Washington correspondent of the *Post* says he has the highest authority for saying Mr. Chase has nothing to do with parties who persist in connecting his name with the nomination for the Presidency.

If Mr. Lincoln is nominated he will have no warmer supporter.
