Criminal Court .- The time and attention of the Court was occupied vesterday in the trial of George Cox for the murder of Robert Getinhy. Two hours were spent in empanneling a jury. There were a great number of challenges. e following jury were finally selected: Albert A. Curry, John Shaffer, Wm. Fairfield, John F. Bennet, David Dehaven, Stephen

1864, about eight or nine o'clock in the evening, seeing a light in that direction. George Cox and Robert Getinby met at the public house of Mr. William Frany, in Baldwin township, on the Birmingham and Elizabeth road, at the six mile ferry and took a drink or two together. They remained about three quarters of an hour in the house and appeared to be friendly. When they went out of the house to go home, an altercation took place between them in regard to some coal hands, when one word brought on another and they were heard by the landlady to call each other sons of b-s, when Cox struck Getinby and knocked him down, kicking him once on the head after he was down, and then leaving for home. The landlady ran out and tried to raise Getic by up, but found him dying. She then called her daughter ther husband being absent from home) and the two raised him up and propped him against the steps. He died in three quarters of an hour after he was hurt. Dr. McCook had the upper part of dcceased's skullin court. There appear | nued! ed to be a previous injury on the top of the nasal bone, adjoining the skull, which rupture schools in the vicinity. This is a good arrange

The Commonwealth rested after examining three witnesses. The defense rely principally upon the grounds that there were no threats and no apparent malice or desire to commit murder, but that the act was only intended as an assault and battery. They also averred that Mr. Gotinby had long entertained a private grudge against the prisoner. The case will probably be decided to-day. Contrary to expectation this case was decided yesterday, the prisoner being found guilty of manslau; hter.

Sculling Maich .- The Match between Hamill and Ward has been fixed to take place ticipated in many of the battles by the Army of Hamill and Ward has been fixed to take place on the 19th day of July. Speaking of this race the New York Clipper says. Both men Fredericksburg. He leaves a wife and family Type North Clipper says. Both men Produced his loss. cise, and have contended against each other beore, twice on the Schuylkul, Pa., both of which Hamill won, and twice at Poughkeepsie, of which each won one, Hamill being the victor in the last, since which he has of course held the proud title of champion sculler of American waters. What the result of the forthcoming contest on July 19th will be, it is im possible and useless to prophecy, but that Hamill is the favorite it is useless to deny, his victory on the last occasion at Poughkeepsie having given him immense prestige, not only in Pitts-burgh, but in New York and all other places

where fast sculling is taken cognizance of." Poison in Paint .- We have often heard that there was poison in paint, especially in some kinds. The Detroit Fire Press gives the following instance of a person being injured with the poison of paint. This morning, a man named Fluery, a painter by trade, for many years a resident of this city, but lately of St. Clair, was suddenly taken ill at the corner of Jefferson avenue and Randoloh street. He appeared as if in great agony with cramps in his tomach, hands and feet. He stated that he had been at work until Saturday, and had intended to return home. On Sunday he was taken with similar symtoms, but received medical atten ance and partially recovered. A physician, who was present' ascribed as a cause the inhalation

of poison from lead used in paint. Auction.-There was an auction of various the purpose of distributing said fund.

Friday, there will be an auction of many reties at the Old Ouriosity shop, to-day. The buildings will be sold separately or altogether to the highest bidder, by sealed proposals, which will have a received up to Saturday.

Attantic Monthly.—We are indebted to Monthly containing, The Wife's Story, Glory-ing the Good, Mexico, Currency, Ico-period in America &c., &c. For sale at Miners, who kneed in the Saturday.

not much stock in these yards at present. Yes terday there was some thirty head of cattle, about fifty head of sheep, and a few swine ommodating stock. There are good hotels in the vicinity, and the Western railroads rur close by. We have no doubt that this is a good market for cattle, and that in every other son of the year, these pens will be crowded with

Westmoreland County.-The Demograte of this county, at the Primary election last veck, placed the following excellent theken nomination:

Assembly, John Margnett, John W. Riddle
Prothonotary, John Zimmerman. Clerk of the
Courts—Joseph W. Blair. Commissioner—Michael G. Keener. Poor House Director—Robert Dixon. Auditor—John M. Peebles. Trustess of Academy—Henry Kettering, John Kuhns,
Jr. George Mjers. James Rutledge and Garret
Crusan, were appointed Representative conferces; and E. J. Keenan. Esq., John C.
Plumer and Abner Carson, Congressional Conferees.

False Alarm .- There was an alarm of fire on Wednesday evening about nine o'clock, and a great light was seen to arise on the Allegheny side of the river. But there were no houses Cairm, Samuel George, James Gormter, John burned down. The light arose from burning the Large and Well Selected Stock Darson, Wm. Earley, Wm. L. After the jury were sworn a number of witthe Allegheny commons and set on fire. As the nesses were examined, from whom we gathered the following facts: On the 231 day of April, evenings, people should not become alarmed at

Sergeant Robert G. Johnston.-This gal. lant soldier belonged to the 139th Regiment, and received the wound which caused his death at the battle of the Wilderness. He was with th Regiment in all the battles in which it had been engaged up to that time, and his comrades and officers speak in the highest terms of his courage and soldierly qualities. His is another ame added to the roll of gallant spirits who

have fallen in defense of the stars and stripes. Dogs.—Several cases of disorderly conduct and one of assault and battery have arisen from a difficulty about dogs. Three families have en before His Honor the Mayor two or three times for quarreling, and each time dogs came in as the originators of the disturbances. We heard of one women, who is said to keep five logs, although she washes for a living and is barely able to pay her rent. Let the dogs be

Bounties to Wounded Soldiers .- It should be generally known that by a recent de-cision of the War Department, all soldiers who have been discharged from the service by reason of wounds received in battle, are entitled to a bounty of one hundred dollars, no matter how short their term of service.

Sprinkling the Streets.—This is a delightl business. The water cools the streets and sends an occasional breeze into and around the heated rooms and workshops, upon these sultry days that is indeed refreshing. Then it completely settles the dust and renders the city as clear as after a shower.

Coal Exchange.-Hereafter the meetings of the Exchange will be held daily at eleven o'clock, at which time all buying and selling of coal, barges, etc., will be made. This will be of great advantage to coal dealers and others, and will save an immense amount of trouble. John Covode received only 560 votes at the

Republican Primary Election in Westmoreland

County. His Republican opponent Wm. M. Stewart received 1415. "Glory to -----." Peebles Township Draft.—A meeting bers to the bounty fund, of Peebles township, to secure men under the last call, was held last evening in the school house, for

more reasonable prices.

NEW YORE, June 28.— A World special, dated from the field before Peteraburg, June 21st, says: I would be less surprised to awaken to-morrow morning and gnd Grant's army posted somewhere on the enemy's flank, than I would to find that he had attacked them in front and forced them from their present posi-

tion.
General Lee has a strong position in our front, and is defending it with his entire army so far as I can learn. so long as he has the slightest chance of holding our army at hay. If we beat him, good-bye to further railroad communication with Richmond. Therefore, if he wishes to save the Capital, he must exert himself here. Our troops are danthrough it at point blank range.

Operations before Petersburg. NEW YORK, June 28 .- A Herald correspondence of the 10th says; The rebels did not reply to us while shelling the city in front, for the reason perhaps that their batteries were so well covered by our sharpshooters, that it was difficult to work the guns. Gen. Birney has strengthened the lines in front of the 2d | declared he would not be bound by the corps, and made them secure. Whisky has been the most prominent object of speculative interest under the various rumors of the probable increase in the excise tax. On Wednesday, with an advancing market, \$1.30 was the figure attained. On Thursday, 1.33 became the leading rate with an excited market. On Friday the demand was strong at 1.35, with sellers in reserve. On Saturday it was started at 1.40 but advanced to 1.42. Yesterday it opened at 1.45 and advanced strongly to 1.50. To-day there was a quick opening demand at 1.50 then at 1.55. Sales were afterwards made at 1.60, and it was said that 1.65 would now be paid, but sellers are looking up to 1.75. The excitement is wild.
