## LOCAL INTELLIGENCE

FRIDAY MORNING, JULY 22, 1884. Missing Papers.—Any of our readers hav ing copies of the "Daily Post" from June 14th to July 11th, will confer a favor by leaving or send ing them to this office, as our files are incom plete from that date.

Fire Allegheny.-About 12 o'clock last night a fire broke out in Allegheny city, near Seminary Hill, which destroyed a large amount of property. Owing to the lateness of the hour it is impossible for us to obtain particulars.

Annual Pic-Nie.-The Society of St. Vin cent De Paul, attached to the Cathedral of this city, will hold their Annual Pic-Nic or Festival on Wednesday July 27th, at Glenwood. The managers are doing all they can to make this plo-nic pleasing and agreeable. A celebrated band of music will attend and the enjoymen will no doubt be unbounded. All kinds of wholesome and nutritious refreshments will be on the groupd, and will be served when called for. Let the young folks wake up and prepare for a day's recreation. The season for pic-nics will soon be over, but those who derive enjoyments from meetings of this kind, will have one opportunity at least for indulging their tastes Then, as a benevolent object, this festival should verlooked or forgotten. The charitable feature of this gala-day, only tends to make the anticipation of enjoyment the sweeter. Money is not scarce and it cannot be given for a better

The Grain Elevator.-This building is progressing rapidly. The stone work of the basement is nearly completed and preparations are being made for running up the wood work as fast as possible. The upper portion of the building will be composed entirely of square timber spiked together. Contracts for timber have been made at many different places in order to have a good supply procured in time. Thirty-five hundred kegs of spikes have also been ordered. The building is nearly one hundred and twenty feet square, and when finished will se nearly two hundred feet high. The basin on top of the hill may be seen from the top of this structure when it is completed. It is lo-cated in close proximity to the terminus of the Pennsylvania Fort Wayne & Chicago and Steu-

Railroad Meeting.—A meeting of the French Oreek Railroad Company was held at the Board of Trade Rooms, on Wednesday after-

u On motion Gen. Robert Orr was called to the chair, and Geo. H. Haltzman was appointed Secretary. An election was then held for lirectors, resulting as followe: Wm. K. Nimick, Wm. M. Lyon, B. F Jones. James Park, jr., Jas. A. Hutchinson, Jas. B. Murray and G. H. Haitzman. The meeting then

adjourned, and the new board elected Wm. K. Nimick, esq., President. No other business of importance was transacted Scared but not Hurt.—As we passed along Seventh street yesterday we observed a man

rolling several hogsheads off a dray towards the door of a produce store. Just as one of the hogsheads rolled off a little girl about eight passed along leading another about two or thre years of age. The hogshead struck both and knocked them over. We felt sure they would be crushed to death, and they would have been if the hogshead had been full, but as it was entirely empty it only frightened the little girls causing them to cry lustily. Neither of them were hurt. Had these vessels been full more care would doubtless have been observed in rolling them from the dray to the pavement.

Educational Fund .- We often hear of educational funds, which belong either to the public or the charitable associations, but it is seldom indeed that we hear of Railroad Corporations appropriating funds for educational purposes. The Pennsylvania Railroad Company some time ago appropriated fifty thousand dollars as a fund to be used in educating the orphans of deceased soldiers and sailors. The Legislature at its last mession conferred on Thomas H. Burrowes of Lancaster power to superintend this fund, and a plan for carrying the object into effect will be published in a few days. But few companies make bequests of

Draft in the 23d District.—Business will suspended during the entire coming week at M. J. CORNWELL..... Headquarters, Allegheny, as the Board of En-rollment will be absent in Butler and Armstrong counties during that length of time. The work is filling the quota required of them, has already been inaugurated in some of the sub-districts, so that their quota will soon be completed. The sooner we return the entire number of uninteers required of us, the better it will be for us, as we will in this manner be enabled to meet all emergencies, without being embarrassed with former quotas.

A Frightful Accident.-We regret chronicle the death of Wm Ray, an energetic and highly respectable citizen of Adams county, who was thrown from or fell in front of a mowing machine which be was attending in a mead ow. The machine passed over his body and sev ered one leg entirely from the body. Notwith standing the frightful and painful injuries he received, he lived for four days and retained his senses unimpaired, arranging his earthly bust ness, and preparing to enterupon the voyage o

Interesting Decision .- Provost Marshal General Fry of Washington City has made the following decision in regard to military duty. "Men furnished under the call of July 18th, whether enlisted for one, two, or three years, as well as all excess or deficiency of three years' men on calls heretofore made, will count as man for man. The equalization of the amount of military service rendered by deficient States and parts of States, will be effected

Raising a Hornet's Nest .- A farmer who lives on Squirrel Hill, in Peeble's township, was annoyed with a nest of hornets in one of his fields. In order to get rid of the nuisance he took some straw and set fire to the nest, which completely destroyed the hornets and five tons of hay besides, which at forty dollars per ton makes the victory over the horners rather expensive. He came near burning up the crops of his neighbors also. Truly every swest has its

Sixth Ward Meeting .- The citizens of the 6th Ward held a meeting Wednesday night in regard to raising the quota of men under the late 500,000 call. The object of the meeting was to appoint a committee to open books and raise money enough to afford an ample bounty and then fill the quota of the Ward by volunteers, Every citizen is to assist the committee an headquarters is to be at Alderman Butler's

Revolted States -Gov. Curtin has announced that he is now prepared to appoint agents to recruit for this State in Rebel States. This power was granted him by an Act of Con gress passed July 4th, 1864. Appointments will be made as soon as honest agents can be found. Competent and reliable men are wanted to re cruit in the rebel States. Let Pittsburgh pre-

Pittsburgh Proper is but the centre of a great City made up of many parts, not the east important of which is Braddocksfield with its connecting channels, the Pennsylvania and the Connelsville Railroads. Cardinal Antonio Posti, who is 90, is the oldest.—Catholic

Homicide.-A man named Stoner, living ear Moundsville, Va., struck a negro with a rake in a harvest field, a few days ago, killing him instantly. They were disputing about sheaf of wheat. They are both represented a vorthiess fellows.

The Butler Union says: We have had no rein in this section of any consequence for the last six weeks, and vegetation is, in consequence suffering severely. Pasture is almost entirely dried up, and the oats crop has been injured to a great extent.

Quite Cool.—Although no rain fell in this place yesterday worth noticing, yet the atmosphere has become quite cool and bracing. The streets are as dusty as ever and the cool, brish wind blowing keeps it stirring, to the great an noyance of people in the streets.

Resignation of General Brooks.-A de serving and meritorious officer has resigned owing to a complication of circumstances over which we had no control. Major General Humphreys has been assigned to fill his place in the tenth corps. A Boy Killed .-- A boy was crushed to death

t Duncansville, Blair county, on Wednesday ast, by falling in and passing through a pair of metal rolls. The boy was about sixteen years old and the only support of a widowed mother. Killed,--We learn that a son of Mr. Kiley of Clearfield county, aged about six years, was kicked in the face by a horse, or colt, on Satur-

day the 9th day of July, and so badly injured hat he died the following Monday Removed .- Mr. W. F. Clark, United States Revenue Commissioner for this District, has been removed, and Peter M. Gough, of Frank-, appointed in his place.

You are invited to the grand Pic-Nic at Lorenz Grove, on Saturday nextby the Ladias of St. James' Untholic Ohurch, Temperanceville, advertised in another column: The arrangements for this pic-nic have been made in the usual good style of the lady managers, and it promises to be even a more pleasant occasion than was their festival in the woods of last year. The grounds which have been secured for the pic-nic, are most beautiful ones of our county, being romantically situated a few rolds above Temperanceville, and within every access to the city. In fact overything is being done to make this the occasion of the year, and we guarantee to all who may attend a day of rare sport and enjoyment. Jones' Ferry will leave for the every every ten minutes, while the Manchester ferry will leave from Manchester at the usual intervals of time. See advertisement
