The election to be held in pursuance of these enactments being one entirely disconnected from partizan politics, we think it unnecessary to do more than remind our readers of its approach. In this county Republicanism is disposed to make the election a partizan contest, and have accordingly printed tickets "for the amendments," but any one desirous of voting the other way can do so, by erasing the word for and inserting against.

LET US HEAR FROM YOU.

We were disappointed yesterday in the Commercial's neglect to give us its opinion regarding JEFF, DAVIS' veracity. Our neighbor copied Jacques & Co's statement of an interview they had with Davis, regarding the rebellion, in

which the following occurred: "HEFFERSON DAVIS said to me last Sunday (and with all his faults all believe him a man of truth) This war must go on until the last of this generation falls into his tracks, and his children selze his musket and fight our battle, unless you acknowledge our right to self-government. We are not fighting for slavery; we are fighting for independence, and that or extermination we will have."

To what shameless and miserable expedients are our Abolition opponents sinking cause? In order to break the force of the evident and repeated desire for peace from Southern representatives, these desperate partizans concocted the imaginary story in question, in order to create the impression that JEFF. But the whole lie has already been exploded; it has vanished into thin air and here is the proof copied from the Commercial's own Washington correspondent, as it appears in yester-

But this conduct of ditional illustration of their dissimulation and hypocracy. If it would continue them in power, they would proclaim JEFF Davis a saint, instead of a in order that it might serve their infernal purposes. How different is it with the honest, truth loving Democracy?

MEXICAN MUSTANG LINIMENT.—The parties in St. Louis and
Cincinnati who have been counterieiting the
Alustang Liniment under pretence of proprietorshiphave been thoroughly estoped by the Courts.
To guard against the further imposition, I have
procured from the United States Treasury, a private steel-plate revenue stamp, which is placed
over the top of each bottle. Each stamp bears
the fac-simile of my signature, and without which
the article is a counterfelt, dangerous and worthless imitation. Examine every bottle. This Lin
iment has been in use and growing in favor for
many years. There hardly exists a hamlet on
it he habitable globe that does not contain evidence of its wonderful effects. It is the best
emolient in the world. With its present improved ingredients, its effects upon man and
boast are perfectly remarkable. Sores are heas
ed, pains relieved, lives asved, valuable animal,
made useful, and untold ills assuaged. For outs,
truises, sprains, rheumatism, swellings, bites,
caked breasts, strained horses, &c., it is a Sovereign remedy that should never be dispensed
with. It should be in every family. Sold by
