Having ascertained the names and number of the delegates present, on motion Mr. Thomas Donnelly and A J Baker were each proposed for permanent chairman. On motion, the Secretaries called the names of the delegates, who voted viva voce. Mr. Thomas Donnelly was then declared elected. Messrs. Gibson and Baker conducted him to the chair. The President thanked the delegates for the compliment they had paid him in selecting him for the chair, and pledged himself that he would perform his duties to his utmost capacity. The following were elected Vice Presidents: John Sill, Rody Patterson, R. Barker. Victor Scriba, Joseph E. McCabe, William H. McQuaid. On motion of Mr. Kerr, the Secretaries were declared permanent. The same gentleman moved that a committee of three or more be appointed on resolutions, and to district the county for legislative nominations, and that a resolution be passed endorsing the nominees of the Chicago Convention. Mr. McGinn offered an amendment to this motion. Mr. Gibson moved that a committee of eight be formed to answer both purposes which motion was adopted, and the following gentlemen were appointed on the Committee of resolutions, by the chair; R. H Kerr, J A. Gibson, John M. Irwin, J. H. Hopkins, A. J. Baker, William Linn, J. R. Hunter, Rody Patterson. A motion was adopted, declaring that all resolutions referred to the Convention be handed over to the Committee on resolutions. After a short absence, the Committee made the following report: Two members of the Legislature be selected from the city of Pittsburgh, to be voted for by the city; one from Allegheny, to be voted for by the County at large; the same from the District north of the Allegheny, one south of the Allegheny, and one between the rivers. This report created some dissatisfaction, partly on account of a misunderstanding among the members of the Committee, but the report was agreed to, with the understanding that the entire Convention participate in making the nominations. Mr. Kerr, chairman of the Committee, submitted the following resolutions:

Resolved, That we hail the nomination of Geo. B. McClellan and Pendleton as a second declaration of independence, over military tyranny, and despotic power. Their election is called for by the suffering people of a divided Union, which will be restored by their elevation to power. We ask and invite the co-operation of all loyal hearted men to assist in displacing the present corrupting administration. The Constitution must be adhered to in despite of the proclamation "To Whom it may Concern." While men shall rule America. For those will adhere to the Constitution will be found their supporters in guarding the fame of our common country. We endorse, with a full heart, the whole proceedings of the National Convention.

Resolved, That we might rest the name and fame of our candidate, Gen. McClellan, on the language of Gen. Burnside, (a brother officer, high in the confidence of the Administration.): "I have known him (Gen McClellan) most intimately, as students together, as soldiers in the field, and as private students. For years we have lived in the same family, and I know him as well as any human being on the face of the earth, and I know that no more *honest, conscientious* man exists than Gen. McClellan. I know that no feeling or ambition beyond that of the Government and the success of our cause ever enters his breast. All that he does is with a single eye, a single view to the success of this Government, and to the putting down of this rebellion. I know that nothing under the sun will ever induce the man to swerve from what he knows to be his duty. He is an *honest*, christian-like and conscientious man; and now let me add one thing, that he has the soundest head and clearest military perception of any man in the United States."

Resolved, That the recent victory obtained in taking Atlanta by Gen. Sherman, deserves the plaudits of all true friends of the country. All honor to him and his gallant army, fighting to maintain the Union as Washington left it. Let those who would divide the North and South to free negroes beware of an outraged people. Democrats stand pledged to save the union of the States, and will do it under the inspiring words of Gen. McClellan, *"PRESERVE THE UNION AND THE CONSTITUTION FOR AGES YET TO COME."*

Resolved, That all the soldiers of this Republic are entitled to the grateful thanks of the people while they are battling to preserve the Union in the field, we will see that their rights and ours are protected at the ballot-box.

The resolutions were unanimously adopted and on motion the Convention gave three cheers for McClellan.

The following gentlemen were nominated for Senate the Jonas R. McClintock, Robert McAyeal, James Salsbury, Wm. Whigham, Dr. Kerr: The ballots resulted as follows:

CONGRESSIONAL NOMINATIONS.

The convention then divided—those delegates representing the 22d Congressional District withdrawing to another room, to nominate Congressional Conferees, and the balance of the Convention remaining to nominate a candidate for the 23d District. The following gentlemen were nominated: Col. J. Bowman Sweitzer. Wm. H. Smith, esq., James H. Hopkins, esq. The following letter from Col. Sweitzer was produced and read:

PITTSBURGH, Sept. 7, 1864.

John M. Irwin, esq., Delegate, &c.—DEAR SIR: Understanding that my name will be presented to the Convention which assembles to-day, as a candidate for nomination to Congress, I desire, in case it is, respectfully to decline the honor, and to authorize you to withdraw my name from the list of candidates.

Deeply sensible as I am of the honor that would be conferred by the nomination of my Democratic fellow-citizens to that high position, and properly estimating the confidence it would evince, I am, nevertheless, on personal and private reasons, compelled to decline it.

My only object in taking part in politics at this time is to give my humble and earnest support to the distinguished and gallant officer who has been nominated for President, under whom I have served, and whom I have ever regarded as worthy the confidence of the nation, and deserving of its highest honors. This I can do more pleasantly and effectively without being interested as a candidate.

I have, moreover, been absent from home for three years past, surrounded by the turmoil and excitement of war. I have but lately returned, and do not feel able, or willing, to undertake the responsibility of leading the county ticket in an important and excited campaign, such as is now opening.

With sentiments of the deepest regard, I am, very truly, your obedient servant,

J. B. SWEITZER.

The letter was ordered to be published as part of the proceedings.

All other names were withdrawn and James H. Hopkins, esq., was nominated by acclamation.

TWENTY-THIRD DISTRICT.

In this District Messrs. R H. Kerr, James A. Gibson and Wm. H. McGee were elected Conferees, and unanimously instructed to support W. J. Koontz.

TELEGRAPHIC.

FROM OUR FIRST EDITION.

From Sheridan's Department.

NEW YORK, September 7.—A *Tribune* special, dated Harper's Ferry, September 6th, says: Our position at Berryville remains unchanged. The enemy has developed himself in full force in our front, and the time has been faithfully improved on the part of our troops in strengthening their position. All superfluous materials, trains, &c., have been sent to the rear, and the decks cleared for action, which, by many, is considered imminent, and by others equally well informed, as more likely to be avoided. The two armies now confront each other—any movement on the part of either will precipitate an engagement. As our front is now twenty miles out from here, and the road not over well guraded, communication is getting precarious, which intensifies the interest in the situation.

The same correspondent gives the following account of the battle of Berryville: At the first sound of hostilities our men turned out rapidly under arms, scarcely waiting for the bugles to give the alarm. Quickly the 9th Virginia and 36th Ohio formed in line of battle, and moved steadily forward to the pickets, who were all this time hotly engaged disputing the rebel further advance. The enemy at last getting within striking distance changed round, and on went our troops, driving the rebels before them, and regaining the line before them, the rifle-pits held by our skirmishers before the fight.

The enemy seemed determined to hold these works if possible, and they soon came up and massed a heavy force, preparatory to charge. No sooner was it ascertained that a strong body of the enemy was manœvering on our front than General Crook ordered up Duvall's division, and with their support our advance calmly awaited the attack.

The disposition of our troops by General Crook was not a minute too soon, for Early hurled his force upon us with redoubled fury only to be met with a stern and stubborn resistance, ultimately resulting in a complete repulse. Again and again our lines received their furious charges only to send them back baffled and disorganized. The battle lasted until after dark, and artillery firing was continued almost to midnight.

The Dutch Gap Canal.

NEW YORK, Sept. 7.—A *Tribune* special at Butler's headquarters on the 5th says: Dutch Gap Canal, as a canal, is so far completed that its success is beyond question. The river will be taught a new and a better channel, and commerce will be forever facilitated; but of how much importance as a military expedient it may be, remains to be seen. It will by no means open the river to Richmond. The rebel gunboats are now a mile or two above it. Fort Drury is above it, and there may be obstructions in the channel. However, by means of it, we shall flank Howlett House batterys which is almost as formidable as Drury's Bluff, and shall cut off six miles of river.

Recruiting in New York.

NEW YORK, Sept. 7.—Horace Greely telegraphs to the *Tribune* from Syracuse as follows: "I have the most cheering reports of recruiting throughout our State. Everywhere the best of spirits prevail. The men going forward are mainly hardy and strong farmers' sons. Intelligent and resolute patriots. Very little exertion will be required to fill our State quota by the middle of the month."

Gen. Joe Hooker made an effective and stirring war speech at Watertown last evening.

Sheridan Building Entrenchments

NEW YORK, September 7.—A *Times* correspondent with Sheridan, writing from near Berryville, under date of the 4th, says; Gen. Sheridan's entire army is now building rifle pits, entrenchments &c. Our present line is almost the same we occupied when falling back from Winchester, and is capable of strong and stubborn resistence.

PITTSBURGH COAL COMPANY!!!

Capital.....$150,000.

3000 Shares at $50 Each.

DIRECTORS AND TRUSTEES:

Wm. Bagaley, Chas. W. Ricketson,
John Watt, Wm. Phillips,
Joshua Rhodes.

This company holds the fee simple of 1067 acres of best quality Coal Land, situate on the Monongahela river. The cost of said land at $115 per acre amounts to $122,705. The remaining $27,295 of the capital stock will be used in building a short railroad, erecting Coal Tipples and other necessary improvements, to develope the mineral of the company. The distance from the river bank to the coal already opened is but fifty feet. At a low stage of the river there are 20 feet water at the Companies Coal Mines.

From these facts the Trustees and Directors have no doubt that with proper energy the stock of the company can very soon be made highly remunerative. 30 per cent. on subscriptions will be called in, payable on or before the 12th of September, 1864, the balance of instalments as may be ordered by the Trustees and Directors, and as the company require.

FROM PHILADELPHIA.

Meeting of the National Telegraphic Union.

PHILADELPHIA, September 7.—The National Telegraphic Union adjourned this evening after making several amendments to the constitution, and unanimous adoption of the following Resolutions:

Resolved, That the sincere thanks of the convention, the members of the Telegraph Union and of telegraphers generally are due and are hereby tendered to the heads of the different telegraph companies throughout the United States, for the spirit of magnanmity and justice they have shown towards their employees.

Resolved, That recognizing the fact that the interest of the companies and those of their employees are identical, we hereby declare our willingness at any and all times to lend our full cooperation to any measure which will further the interest of the companies, or advance the science of telegraphing.

The Corresponding Secretary is directed to furnish a copy of this resolution to the general officers of all the telegraph companies throughout the United States.

The delegates partook of a supper given by the Philadelphia operators, at the St. James' Hotel, this evening. The next Convention will be held at Chicago.

The Pirate Florida at Teneriffe.

She is Permitted to Take Coal.

WASHINGTON, September 7.—A letter from Teneriffe, dated August 14th, says the steamer Florida arrived here yesterday. She was permitted to take coal, and what provisions she required, and sailed at noon, going south. During her stay she received none of the courtesies extended to vessels of war visiting this port. It is reported that she came here direct from the coast of New England, where she took and destroyed many vessels, including a steamer with a very valuable cargo, which the pirates regret they did not save. It is supposed this steamer was the Electric Spark. One of her officers, and two of her crew left the Florida at Teneriffe.

HONESDALE, Pa. September 7.—Judge Hamlin's store in Salem, Wayne county, Pa., was entered on Tuesday night, the safe was opened and the contents taken, amounting to $6000, a number of individual notes were also stolen, chiefly given by Salem men. The robbers took three five hundred dollar government bills and from 15 to 20 and 100 dollar government bills, also a number of fifty's and twenty dollar treasury interest paying bills, also $200 or more in silver. A liberal reward is offered for the detection of the robbers.

NEW YORK, September 7.—Gold market continues steady. The chief support of the market now, is the unsettled short contracts, many of which were made during the decline of the early part of last week. The fluctuations were opening 342½ down to 241¼, and weak at that.

Commercial's specials says the United States Treasuror will, in twelve days, have ready money enough to pay every man in the United States service.

SAN FRANCISCO, September 5.—The Supreme Court of California has decided that this city must issue bonds for $100,000, in aid of the Central Pacific Railroad. This will give the road a great impetus.

LANCASTER, Pa., September 7.—At a meeting of the Union Republican County Convention to-day, Hon. Thaddeus Stevens was renominated for Congress by acclamation.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from August 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent, per annum, principle and interest both to be paid in lawful money.

These notes will be convertable at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

As the notes draw interest from August 15th, persons making deposits subsequent to that date must pay the interest accured from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent.

Special Advantages of this Loan.

IT IS A NATIONAL SAVINGS BANK, offering the higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than nine per cent. per annum, and before the war the premium on six per cent, U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

ITS EXEMPTION FROM STATE OR MUNICIPIAL TAXATION.

But aside from all the advantages we have enumerated, a special act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or seperate companies, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

First National Bank of Pittsburgh, Pa.
Third National Bank of Pittsburgh, Pa.
Fourth National Bank of Pittsburgh, Pa.

and by all National Banks which are depositaries of public money,

AND ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information and

AFFORD EVERY FACILITY TO SUBSCRIBERS.
