The Fifth Ward. The Fifth Ward, which but a few days ago was so far behind time in the matter of filling up her quots, is at present succeeding admirably. All competition has entirely disappeared, and they are left nearly alone in the field. Not more than twenty men more are required by them in order to obtain their ful int, and these, they say, can be raised in a very short space of time. Energy and persenerance will always be successful under any circumstances, and as we now see that the en. rolled men of the bifth Ward are not deficient in either, we confidently hope that they will be successful in their undertaking.

Soldiers in the City .- There are quite a number of discharged soldiers in the city at present, and to their honor it may be said that they conduct themselves in a very orderly manner. We understand, that some of them have not as yet received their pay nor the arrears of their bounty money, and consequently they find themselves in a why bad position, now, when a man is eniphatically measured by his money. We hope that the, will succeed in calling the stiention of the military authorities to their condition in a pequniary point of view, and that they will be paid off without further ielay.
