LOCAL INTELLIGENCE

THURSDAY MURNING, SEPT. 15, 1884, The Oraft .- It is stated that the draft will ositively take place in the 22d district on Mon day next, the 19th inst., and that Capt. Kirker as received an order to that effect. The same statement was made not long ago, and it was feared by some that it would have actually taken place on the fifth inst. were it not that some errors had to be corrected, and all the necessary arrangements had to be made in order to have it enforced in a proper manner. These are said to be the only reasons why the wheel was not is not unlikely that as nearly all the arrangements have already been made, the deficient quotas will now be filled by conscription. However, men will be accredited up to the last moment, and there is yet plenty of time for many of the sub-districts to raise their requisite number of volunteers. Although men desirous of entering the army are becoming scarce, yet there is a sufficient number remaining to fill the comparatively small deficiency in their quotas. Let every enrolled man put his shoulder to the wheel, and perform his share in the general work, and before next Monday not a quota in the whole extent of Allegheny county will be de

The Provost Marshal of this city also received instructions under which the draft is to commence in the 231 District on the same day. We understand that the borough of Birmingham will be the first to undergo the trying ordeni, to e followed on Tuesday by East Birmingham, on Wednesday by Lower St. Clair and on Thursday by Versailles, unless the above districts succeed in the mean while in filling their quota, in which case there will be no necessity for enforcing the deaft. They had hurry up their quotas as the time is

A new Democratic Olub has been organized in East Birmingham, under the title of the "Keystone McClellan Club of Allegheny coun ty." It was inaugurated on Tuesday night under the most brilliant auspices at Franklin Hall. corner of Carson and Harmony streets The hall was lit up in fine style, and a very large meeting of the Democracy of East Birmingham was in attendance. Over fifty citizens enrolle their names in the Club, and it is expected that at the nex meeting, which will be held on Friday, over two hundred more members will be added. The following gentlemen were elected permanent officers of the Club: President, Henry McCurry; Vice Presidents, John Oreps and John P. Heisei; Recording Secretaries, Joseph Aldridge and Dominic (Junningham; Treasurer, Jacob Russel; Corresponding Secretary, John P. Hogan. Several committees were appointed on finances, &c., and, judging from the brilliant inauguration, the Club is one of the most prom ising of the kind to be met with, and will, no doubt, bear an active part during the present campaign. The members are nearly all dischargiers, men who have seen service, and their treasury, which will be devoted to the lawful money. purchase of flags, banners and transparencies, crease the number of the Club and extend its in-

Coal Oil Circular of this week relates the following remarkable facts concerning the above: Besides Petroleum, a bed of Bitumen has been discovered in Ritchie county, Virginia, as reported from that quarter. The sample received n this new mine are bright, glossy and brittle. They are rich in oil, and yield at the rate of one hundred and seventy gallons per ton. This bitumen is evidently petroleum, which has at some period issued from the earth and been hardened by evaporation and exposure to the oxygen of the atmosphere. The qil springs frequently occur in the immediate signify of the distilled from the anthracites of Pennsylvania and the bordering country, as those anthracites in general contain no bitumen. But the anthracite coal field is separated from the pituminous coal region, and the chief districts of the oil springs by the Allegheny mountains, and it is scarcely reasonable to believe that the bitumen derived from the anthracites ever penetrated beneath lofty mountain masses of primary or metamorphic rocks."

Important Internal Revenue Decision -The Commissioners of Internal Revenue have decided that the tax upon the capital of banking houses must be levied upon the actual working capital, adding the surplus fund, if any, and lucting the losses, if any, and the term United States bonds will be held to apply to such Government securities as pay interest in coin The following decisions will also be of interest

watchfulness and efficiency Public Reading Room.—The Democratic Club Hall, corner of Fifth and Smithfield streets, has been converted into a public reading room, for the conveniency of all those who wish to interest themselves in the state of alfairs during the present Presidential campaign. Newspapers and reading matter generally will be abundantly provided from all quarters, and all possible accommodation will be afforded to the public. This, we understand, is the effect of the generosity of the Central Club, which has been of late very much increased in numbers, and is altogether in a most flourishing condition. The public will be greatly benefited by this act of generosity, and we hope that they will not fall to turn it to the best advantage.

Assault and Battery .- Two rather pugacious females named respectfully Mary Moss and Caroline Beltzer, were yesterday arrested by officer Bay, on Fourth street road, and brought before the Mayor for violating the pub-lic peace, and behaving themselves in a very disorderly manner. They both appeared in a very displicated condition, and gave evidence of having been indulging in that which in those classic listricts is denominated a "free fight." Ir fact one of them was badly lamed, while the face of he other gave evidence of rather rough usage. They reciprocally sued one another for assaul nd battery, and both were held to bail to answer the charges.

Our Loss Very Light.

WASHINGTON, Sept. 14.-The follow.

Sheridan Near Berryville, Sept. 13, 7 p.m. - This morning I sent Gen. Getty's division, of the 6th corps, with two brigades of cavalry, to the crossing of the Summit Point and Winchester roads, over Opequan creek. Rhodes', Ramsur's, Gorlon's and Wharton's divisions were ound on the west bank. At the same ime Gens. Wilson's and McIntosh's rigades of cavalry dashed up the Winhester pike, drove the rebel cavalry at run, came in contact with Kersham's division, charged it and captured the 8th South Carolina regiment with sixteen officers, one hundred and forty-five men and its battle flag and Col. Hannegan, commanding a brigade, with the loss of only men killed and three wounded. Great credit is due to Gens. Wilson and McIntosh and the 3d New Jersey and 28th Ohio regiments. The charge was agallant one. A portion of the 2d Masachnsetts brigade made a charge on the right of the line and captured an officer and eleven men of Gordon's division of infantry. PITTSBURGH OIL TRADE. OPPICE OF THE DAILY POST, THURSDAY, September 15th, 1884. BUSINESS-Was very inactive in the oil way We did not learn of a single transaction in either Orude or Refined. Until the gold market be comes more settled, it will be useless to look for transactions. We heard various rumors ab what oil could be purchased for, but until we

have sales to accompany them, we don't think i worth while to publish them. BENZOLE-Sales 65 bbls, 35c Pitisburgh Pig Iron Market. The market was steady, with a moderate deand, and holders were firm in their views. The
