Disgraceful Assault - Yesterday a mai named Joseph Bowman, formerly a member of the fist regiment, was whipped in a most dis-

graceful manner on Smithfield street by Oapt. George H. Bates, of the New York Battery nov encamped on the Allegheny commons. It appears that the Captain had given his horse in sharge to this man, who, not being in the full use of his mental faculties, as soon as the Captain got out of sight mounted the horse and commenced "working" on his tibs in a frightfal manner. ' The owner having noticed this b came terribly enraged, and running towards him struck him several him several times across the face and there with a cowhide, gutting him severely. An immense crowd of people soon col-lected on the spot, and they were all highly indignant at the treatment which Bowman receiv-ea at the hands of the officer. The latter was put under arrest, but was afterwards released of giving hail for his appearance. The popular eeling was so much excited Against him that he eared to return to his company without a body uard. Under the protection of his friends he eturned its camp, and expressed himself very orry for the way he treated his victim in a motent of upcontrolled passion.
