PILES OF

## TWENTY YEARS STANDING

## CURED.

*Below will be found a certificate from the one of most respectable citizens of Wilkins township in regard to Dr. Keyser's Lindsay' Blood Searcher. The Doctor's certificates are within reach, and no one need be deceived in regard to his preparations.*

DR. GEO. H. KEYSER:—I became afflicted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me very much, so much so at times as to unfit me for work. Sometimes I was so bad that I could do ot anything account of them, they came on out on me as large as a hickory nut. I had tried a great deal of medicine for them. I used to buy and take whatever I could hear of or read of in circulars and pamphlets that fell in my way, but I could not get cured, sometimes they would do me some good for a little while, but afterward they would return again as bad as ever. I also applied to two Doctors who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago not an advertisement of *your* Lindsay's Blood Searcher, made by yourself—when you sold it to me you told me one bottle would not cure me and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me and used it according to your directions. I then called to see you again, when you said I could n expect much benefit from one bottle. I bought it on, one bottle at a time, until I ha bottles. After this quantity had been used, I was entirely well of the Piles, which had tortured me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of a return of the disease. I can do any kind of farming work now without the Piles coming down and hurting me. I can pitch hay, shop wood, lift, or do any kind of work which before used to hurt me. When I found out your Blood-Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was and do not know the value of your medicine. You may publish this if you like—I live in *Wilkins Township*, and will be pleased to satisfy any one of the truth of this certificate if they wish to call

## MEDICAL.

IMPORTANT TO LADIES.

THE PRIVATE MEDICAL ADVISER, an invaluable treatise of 64 pages, by

DR. JOHN HARVEY,

published for the benefit of the sex.

On receipt of 10 cents it will be sent post paid, in a sealed envelope, to all who apply for it.

It gives a concise description of all the diseases peculiar to females, together with means of cure, and treats of *Conception, Pregnancy, Miscarriage Sterility, Sexual Abuses, Prolapsus, Uteri, Female Weakness, Consumption, &c.*, and much other valuable information not published in any other work. Every lady should procure a copy without delay. Three Editions, 50,000 each, have already been published and distributed this year.

HARVEY'S CHRONO THERMAL FEMALE PILLS

the most infallible and popular remedy ever known for all diseases of the female sex. They have been used in many thousand cases with unfailing success—and may be relied on in every case for which they are recommended, and particularly in alluases arising from OBSTRUCTION OR STOPPAGE OF NATURE, no matter from what cause it arises. They are equal in restoring to health all who are suffering from Weakness and Debility, *Uterine Discharges, Nervousness, &c., &c.*, and they ACT LIKE A CHARM in strengthening and restoring the system. Thousands of ladies who have suffered for years and tried various other remedies in vain, owe a renewal of their health and strength wholly to the efficacy of

Dr. Harvey's Female Pills.

They are not a new discovery but a long tried remedy—the celebrated

DR. JOHN HARVEY,

one of the most eminent physicians, prescribed them for many years in his private practice, and no physician was more truly popular or widely known than him in the treatment of

FEMALE DIFFICULTIES.

All who have used DR. HARVEY'S FEMALE PILLS recommend them to others. Nurses recommend them—Druggists and Dealers recommend them in preference to other medicines, because of their merits. No lady objects to taking them for they are elegantly

Prepared by an Experienced Chemist.

Price One Dollar.

☞ Cut this notice out if you desire Dr. Harvey's Pills or Book, and if you cannot procure them of your Druggist, do not take any other, for some dealers who are unprincipled will recommend other Female Pills, they can make a larger profit on—but enclose the money and send direct to

DR. J. BRIAN, General Agent,
Box 5073. 76 Cedar Street, N. Y.

Who will take all risk if properly directed; and you will receive them post paid, securely sealed from observation, by return mail.

*SOLD BY DRUGGISTS GENERALLY.*

NOTICE TO ALL CONCERNED.—Among a certain class of self-important people there is a peculiar feeling of contempt attached to all physicians that advertise and treat the diseases named in this card, (PRIVATE DISEASES,) why this should be, they nor no one else can tell. Are they not aware that all physicians treat diseases of every denomination, in fact exhibit just the very diseases that are so obnoxious to these very refined parties. I suppose they would not let one of their family go to a party that has devoted years for their benefit, because he advertises the fact, and their family physician says he is a humbug so he can get the case. Often he has almost deprived the party of his life. No names at last to the physician that advertises—how else are they to know? Are they not aware that Sir Astley Cooper, Sir Benjamin Brodie, Sir Charles Ball and M. Paul Ricord devoted years in the treatment of these diseases? These men are held up as shining lights in the medical world; I don't assert that all men are worthy that publish, still there are a great number of them that are. I have devoted myself to the study and treatment of PRIVATE DISEASES upwards of 40 years, and without egotism can say I have saved hundreds from years of misery and untimely death. My treatment is confined to the vegetable altogether, as I think it is the best and most certain. It is in my power to bring hundreds of certificates if I thought it necessary to certify to my general success: but my long residence in this city is sufficient proof without adding more. Spermatorrhea and all diseases arising from it are cured in a much shorter time than heretofore. It behooves every young man and woman to be careful in selecting a physician. The different advertisements that are seen in our papers are of no worth, and no benefit will arise from answers than only loss of health and money. Hundreds are cured annually by my new remedies. DIRECTORS AND TRUSTEES:

Joshua Rhodes.

This company holds the fee simple of 1067 acres of best quality Coal Land, situate on the Monongahela river. The cost of said land at $115 per acre amounts to $122,705. The remaining $27,295 of the capital stock will be used in building a short railroad, erecting Coal Tipples and other necessary improvements, to develope the mineral of the company. The distance from the river bank to the coal already opened is but fifty feet. At a low stage of the river there are 20 feet water at the Companies coal Mines.

From these facts the Trustees and Directors have no doubt that with proper energy the stock of the company can very soon be made highly remunerative. 30 per cent. on subscriptions will be called in, payable on or before the 12th of September, 1864; balance of Instalments as may be ordered by the Trustees and Directors, and as the company require.

Books of subscription are opened at the following places:

ADDRESS

OF THE

STATE CENTRAL COMMITTEE

TO THE CITIZENS OF PENNSYLVANIA.

A prescribed duty, as well as long established usage, impels us to address you in regard to the questions involved in the several elections now at hand.

In discharging this duty we shall speak plainly and candidly "what we know to be truth," and beyond and far away from the heated atmosphere of party.

In this the fairest, richest and until lately the most favored land of all the earth; here, where the last footsteps of civilization had been printed, in this land alone of all the Christian nations of the world—the fell spirit of war is now raging. Our proud and unexampled career of prosperity as a nation has been thus rudely arrested—our industry, that is not devoted to the purposes of a destructive war, has become paralyzed, our financial concerns have been thrown into utter confusion and disarrangement, we have heretofore probably forever, to stagger under a load of debt greater and under circumstances more onerous than any other nation on the globe; confidence in the stability of our institutions is everywhere sadly diminished—in fine gloomy forebodings as to the future, alarm, embarrassment and distress have taken the place of the happy peace, confidence, security, good order, and contentment we so lately enjoyed.

Nor can hope find a resting place in contemplating the Men who now control our Government and administer its laws; and it turns sickened and sadly away from the audacity, arrogance and tyranny it finds in high places, even in the very cloisters of the nation; Infidels in Government; atheists in religion; men who are free lovers in one sphere, and free thieves in another; renegades in politics, and scoffers at every well settled principle of public right and private virtue, now sway the destinies of this Republic, and are crushing out the very life of American freedom.

For three long, fearful years have the best blood and sternest efforts of our people been freely given in a civil war which has no parallel in the history of the world. When this war commenced, the Democratic party in the North, as such, was prostrate under recent defeat, which resulted from its own unfortunate divisions. But what a grand and inspiring spectacle was presented on hearing the first thunder of rebellious arms! Political and partisan feelings, even in that hour of party humiliation, were all laid upon the altar of the country, and the sun of Heaven never shone upon a people more united, resolute, and determined than those of the Northern States at the period we refer to.

Whatever might have been the views of the Northern Democracy in regard to the causes which ultimately engendered this unhappy strife; however much in their inmost souls they deplored the mad and reckless career of Abolitionism; however deep was their detestation of the course of those party leaders, who had been for years sweeping up all the low, lurking elements of bigotry and fanaticism, and directing their vilest efforts against the rights, interests, and institutions of the Southern people—still, the attempt of a portion of that people in consequence to break down the integrity of the Constitution over the whole country, and destroy the Federal Compact, was a criminal act which could not be tolerated or justified. The ample remedies for the wrongs complained of were not only within hope, but in hand. Two millions of voters had just recorded their ballots in a general popular election against Abraham Lincoln and the one million who supported him, and his policy. There was besides a Democratic majority in the land if not both branches of Congress, which would render him powerless to inflict any permanent evil on the country.

The right of secession claimed by the South as the remedy for their grievances, is a political heresy condemned by Madison with his latest breath, and by many others of our ablest statesmen in all sections of the Union. Call the Constitution a compact if you will—as does Jefferson in the Kentucky resolutions of '98—but it is a compact of sovereign States, made with each other as such, having no right of secession nominated or constructed in the bond. The Union was formed for a perpetual existence, if not in terms, in fact. Secession, then, in the view of the Colossal Statesmanship of Jefferson, as the breaking up of the Union and the Constitution, was simply *Revolution*, and the dissolution of the Union was attempted to be accomplished as was, under all the circumstances, we have declared, and the thousand other considerations and consequences which must crowd every intelligent and patriotic mind, not only treason at law, but against the best hopes of mankind. We could not then—*cannot now*—and never will consent to it.

In this spirit of determined loyalty to the Constitution and the Laws, the Democracy of the North, with scarcely an exception, relying upon the pledges given by President Lincoln, yielded him their ready and efficient support. What were some of those pledges? First, in his oath of office, "I will support the Constitution of the United States, so help me God." Then in his Inaugural Address, did with this solemn adjuration fresh upon his lips, he said: "I do not question the right of any portion of the people, even a majority of the whole people of the Union, to change their political relations to the residue, or any part of it, whenever they can make the change effectually. Any portion may carry secession with it, or break up the government as to it whenever a majority of the citizens of such portion desire it. This is the right of revolution. But I do question the right of any portion of the people, even a majority of the whole people, to make such change, except in conformity with the Constitution, and the lawful action which that instrument prescribes. Such action usually secures acquiescence, more than resistance. Unanimity is not required, but rebellion is. A majority, in any case, can make the change, but a majority must act through an election according to the Constitution, or through a revolution against it. Whoever rejects the action, may oppose the change by voting against it, or by taking up arms against it, as he may choose. In either case he is bound by the result. To state the case is to answer all arguments in favor of secession. A majority, assembled in accordance with the Constitution, is the people assembled in their sovereign capacity. Whoever opposes a majority so assembled, opposes the people, and the basis of our political system. If he succeeds, he overthrows the government. Whoever, in any section, proposes to take his State out of the Union, on the ground that a majority of the people of the United States, assembled in accordance with the Constitution, elected a President and Congress hostile to the interests of the people of his State, proposes to do so, on the ground that the majority shall not govern, and thus proposes to overthrow the government on the principle of the supremacy of the minority. He may make the proposition, but his people will not support him in it. Those who do support him will be fighting against the principle that the majority shall govern, and thus will be fighting against the principle of self-government, and in favor of the principle that the majority shall not govern, and thus will be fighting against the principle of self-government, and in favor of the principle of anarchy. Those who oppose him will be fighting to support the principle that the majority shall govern, and thus will be fighting to support the principle of self-government, and in favor of the principle of constitutional liberty. Whoever opposes the majority, when they act through the Constitution, is preparing the way for the success of the minority, when they act against the Constitution. Whoever aids the majority, when they act against the Constitution, is preparing the way for the success of the majority, when they act through the Constitution
