Democrats	7,818	7,875	10,054	9,705
Total	24,543	20,216	27,761	25,753
Majority	8,907	4,428	7,655	6,343

Loss in the aggregate vote compared with 1863, 2,008; gain compared with 1860, 1,210; compared with 1863, 5,535; loss on majority of 1860, 2,564; with that of 1863, 1,312; gain over that of 1862, 1,915; loss of Republican vote since 1863, 1,660; loss of Democratic vote, 348.

A Call from the Army.—Thomas Bakewell, esq., Chairman of the Sanitary Commission, has received the following dispatch which will explain itself:

"LOUISVILLE, October 14.—*To Thos. Bakewell.* Dr. Bond telegraphs from Chattanooga to send with all dispatch battle stores, as they are likely to be needed soon. He asks for five thousand pounds of milk and beef each, three thousand bottles of stimulants, two thousand five hundred shirts and drawers, with rags, bandages and other battle stores. For what can we rely on you?

R. T. BOREWELL.

The usual alacrity with which our citizens have responded to similar calls is a matter of universal admiration, and their liberality which has been so often tested has always distinguished itself in promptly responding to all calls coming from our fellow citizens in the field. Contributions may be sent to the Sanitary Depot, No. 69 Fourth street.

Fatal Accident.—On Saturday evening a fatal and distressing accident occurred in the vicinity of the Iron City Hotel, on the line of the Lawrenceville Passenger Railway. It appears that as a man named Dan Cain was attempting to enter one of the cars of the above line by the front platform his foot accidentally slipped and he fell under the car, he had both his legs so terribly crushed in a frightful manner. The limbs were nearly severed from the body, and in that sad condition he was conveyed to his residence in Hatfield. Medical aid was immediately summoned, but the man, after lingering a few hours in great agony and suffering greatly from loss of blood, finally expired. The deceased was a shoemaker by trade and was universally respected as a true and honorable citizen, and leaves a wife and five children. The coroner empannelled a jury, but the inquest was postponed until this (Monday) afternoon at two o'clock.

Horrible Shooting Affair.—On Saturday afternoon a horrible shooting affair occurred in Sharpsburg, in a saloon kept by Martin Freudenrick. It appears that two men, named respectively John Westwood and Wm. H. Kerper, were playing bagatelle in the above saloon, and the parties being excited an altercation arose between them, when the former drew a revolver and fired three times at Kerper, the contents taking effect in his breast and inflicting three dangerous wounds. An attempt was made on the part of the citizens to have the guilty party arrested, when Westwood reloaded his weapon and rushed from the saloon. He afterwards crossed the ferry and came over to this city, when all trace of him was lost. Kerper is still lingering in a very low condition, bleeding profusely from his wounds, and it is feared that he will not survive.

Sent to the Penitentiary.—David M. Rankin and Michael Kelly were both sentenced for six years imprisonment to the penitentiary on Saturday last. The former was convicted of burglary in entering the residence of, Mrs. Elizabeth Espy, in Upper St. Clair township, and stealing therefrom a watch and several other articles found in his possession on the following day. The latter was convicted of felonious assault in shooting a man named Brainard in West Pittsburgh on the 18th of September last. He had been severely beaten in a fight and compelled to seek refuge in a neighbor's house, and much sympathy was felt for him were it not that he secured for some time, and coming out with a loaded weapon shot at Brainard who escaped by dodging the ball. On these charges both men were sentenced to the penitentiary.

Fire.—On Saturday night, about ten o'clock, a fire broke out in the tack factory and rolling mill of Oness, Smith & Co., Birmingham. Although the steamers were promptly on the alert, and the men performed their utmost in their efforts to extinguish the fire, the buildings were totally destroyed, causing an immense loss. We have not ascertained from what cause the fire originated, but after it was first discovered the flames spread with such fearful rapidity that all efforts were unavailing to arrest their fright-ful career. The exact amount of damage has not as yet transpired, but is said to reach the sum of $60,000.

Severely Injured.—Yesterday a sad accident occurred in the yard of the Pennsylvania Railroad, resulting in the severe injury of a young lad named Joseph Fogherty, about twelve years of age. It appears that he was about to pass from one car to another while the train was in motion, but in the attempt he unfortunately missed his footing and fell under the cars, before he had time to extricate himself from his perilous position the car passed over one of his legs a little above the knee. He was immediately conveyed to his parents' residence, where he is now lingering in a very low condition.

The Official Returns.—We have not received all the official returns from this county, and we understand that the clerks appointed by the return judges have determined not to foot up the votes for the several candidates until after the receipt of the soldiers vote, when both will be enumerated at the same time. We will, therefore, have to wait until next Friday, the day appointed for the judges to meet, in order to have full returns. By that time it is expected that all the returns will be on hand, and the number of votes cast will be computed and made public.

Assault and Battery.—Information was made on Saturday at the Mayor's office against a man named Rosefield for committing an assault and battery with intent to kill on the person of a man named Conroy. It appears that a difficulty arose between the parties for some unknown reason, when Rosefield drew a long knife and rushed on Conroy with an attempt to stab him. The latter, in warding off the blow, was badly cut in the palm of the hand. They are both coal miners, and formerly lived on very friendly terms.

Sad Accident.—A young lad, whose father is now confined in the United States Hospital, met with a sad accident on Sunday morning while on a visit to the above place. He had just reached the cars leading to the hospital when he jumped off the car, but accidentally fell on reaching the ground. The car passed over his foot, crushing it in a shocking manner and rendering him utterly helpless. We have not been able to ascertain the boy's name, but we understand that he is about ten years of age and very smart and intelligent.

Highway Robbery.—On Saturday morning information was made before the Mayor by a man named John Heichold, charging a soldier of the 78th regiment with highway robbery. Officer Bay was detailed for the purpose of arresting the guilty party, who proceeded to Lawrenceville, where the occurrence took place, and arrested the soldier, when the pocket book said to have been stolen was found in his possession. Several other charges were made against him, for all of which he will be brought to answer.

New Counterfeit.—Feld & Lax, of the *National Bank Note Reporter*, report a new counterfeit ten dollar note on the New York Exchange Bank, New York city. Vignette, ocean view; ships—10 on die and oval portrait of Washington on right end—Sta tu te." Fifth Above and below on left end, dated June 16th, 1862.

TELEGRAPHIC.

FROM OUR FIRST EDITION.

Retaliatory Measures of Butler.

NEW YORK, October 15.—Gen. Butler, becoming convinced that our negro soldiers are put at work in the rebel entrenchments, has notified the rebel authorities that he has also put rebel officers and soldiers at work on Dutch Gap canal. He has also proposed an exchange of all naval prisoners, and transmitted estimates of our officers that colored troops had been murdered, after capture, by rebel regiments in front of the Army of the James.

Rebel newspapers of the 12th contain the following: The *Examiner* says that though Grant is quiet, he is not idle, being busy night and day rendering his positions impregnable. His next point of attack will be the Boynton road, over which the rebels wagon their supplies around a position held by our troops on the Weldon railroad.

The Richmond *Dispatch* says that General Sherman was in Nashville when Gen. Hood made his brilliant flank movement, and is cut off from his army.

Jeff. Davis, in a speech before Hood's army, told Choathan's division to be of good cheer, for in a little while their faces would be turned homeward and their feet on Tennessee soil.

Sheridan's destruction of property in the Shenandoah Valley causes great howling, and they promise themselves abundant retaliation when they advance again beyond the Potomac. They claim to have captured at least two millions of dollars' worth of Government stores in the recent raids in Western Virginia.

Mosby again at Work.

NEW YORK, October 15.—The *Herald* correspondent at Martinsburg, dated the 14th, says: Moseby made an audacious and successful attack upon the westward bound Railroad Express train, about ten miles east of this place, at a place known as Quincy siding. The engine was thrown from the track, and two paymasters and other officers were captured, with over two hundred thousand dollars in good funds. The passengers were robbed of their money and valuables, and the cars set on fire, burning all their property and two persons, whose names could not be ascertained. The engineer and firemen were badly scalded, and their recovery is doubtful.

The two bodies burned in may have been corpses in boxes on their way home. They were buried on the spot. One was a male and the other a female, but they were not identified. The engineer, fireman, and through baggage master were uninjured. Some of the ladies lost all their baggage and "Paul Clifford" Moseby, who was present himself, assured them, in the most polite manner, that it should be restored to them. He, however, rode off and forgot it.

The *Herald's* Fifth Corps correspondent says: The total loss in that corps in the Poplar Grove fight was 2,031, of whom 1,531 were missing.

Latest from Europe—The Mace and Coburn Fight—English View of Union Victories.

HALIFAX, October 15.—The Hecla, from Liverpool on the 4th and via Queenstown the 5th, arrived yesterday morning. Her commercial news is not anticipated. Mace's representatives announce in London that the fight is put off for the present. Coburn was on the field, and was greeted with tremendous shouts by immense crowd. Mace did not make his appearance as was expected. Coburn will claim the stakes. Another report states that the matter is in the hands of the stake holders for adjudication.

The *Times* says the capture of Atlanta and Sheridan's victory in the valley render the re-election of Mr. Lincoln almost certain. The financial pressure is believed to be over. Gold continues to flow into the bank of England. Consols close at 88¾@88¾ for money.

A Successful Reconnoissance.

NEW YORK, October 15.—The *Herald's* correspondent with Gregg's Cavalry says: A reconnoissance was made by Major McCabe with 210 men of the 18th Pennsylvania, on the night of the 11th, to ascertain the strength of the enemy in the vicinity of Stony Creek Station on the south side of the railroad, where he surprised the rebel picket lines, capturing 13 prisoners, several mules and horses, and burned two rebel wagons, and returned without the loss of a man. The force at Stony Creek was found to be 7,000 infantry and cavalry under Wade Hampton.

Affairs on the Weldon Railroad

NEW YORK, October 15.—The *Times'* Fifth Corps correspondent, at the Weldon Railroad, October 13th, says: The recent engagement resulted in nothing more than a holding of our picket line, which was seriously threatened. The firing was short and severe, while the artillery fire became at times very heavy. Very few casualties occurred. A large number of convalescents and recruits are constantly arriving, and most of them are a hardy and intelligent class of men.

The Chief Justiceship.

NEW YORK, October 15.—The *Times'* Washington special says: Among those prominently named for the succession to the Chief Justiceship are Chase, Stanton, Judge Advocate General Holt, and Senator Whiting. It is hardly probable, however, that any selection has yet been made.

NEW YORK, October 15.—The *Herald* names the following as aspirants for successorship to Judges Allen and Howe, Ira Harris, and Mr. Fessenden.

Rebel Statements Denied.

NEW YORK, October 15.—The *Herald's* Tenth Corps correspondent says: The rebels are busy throwing up new lines of works across the central road, about a mile outside of their main line enclosing the city.

The statements of Richmond papers that our infantry were driven in the last fight are falsehoods. Our infantry were not driven a single inch, nor did they capture a single infantry soldier.

EXECUTOR'S SALE OF COAL WORKS AND REAL ESTATE.—The undersigned, Executors of Daniel Armstrong, deceased, offer for sale the following described property: One undivided half of the Armstrong Coal Works, situated in Union township, Washington county, on their pool, Monongahela river, the whole containing about 118 acres of Coal, with extensive river front, on which are now and valuable improvements have been made, and now in complete working order.

Twenty-eight acres of land in Pattenburgh, ship, convenient to the secession of Pennsylvania Avenue, and admirably adapted for country seats or building lots.

SECOND EDITION.

NEWS FROM THE FRONT.

Jeff. Davis' Late Speech.

Our Prisoners Removed South.

Another Railrord Accident.

NEW YORK, Oct. 15.—Columbia, Ga., *Sun*, says, we have assurance from two men who were present and heard the speech of Mr. Davis that that part to which objection is taken, was correctly reported. There is as little true greatness and elegance in that speech as the one delivered at Chattanooga, in December 1860.

The Richmond *Examiner*, says, all the Yankee prisoners at Belle Island, Libby Prison and all intermediate posts have been removed southward. The number remaining now in Richmond, sick and well, does not reach six hundred.

The *Whig*, says, 200 rebels who had deserted to Grant, had returned under Gen. Lee's new order pardoning and furloughing them.

Wilmington papers contain particulars of the funeral of Mrs Rose Greenhow. There was a large number of people present, and the coffin was draped in the rebel flag.

The Richmond *Examiner*, of the 11th says: Sheridan's damages to the railroad have been repaired. Trains now run to Staunton. The same paper has an account of a fight between a North Carolina battery and several Yankee gunboats, and claims that the gunboats were repulsed.

The *Dispatch*, of the 12th, announces the arrival of two blockade runners laden with clothing and blankets for rebel army.

A drove of 3,000 beef cattle from Texas were driven safely across the Mississippi river at a point not necessary to mention, several days since and are now on their way to Hood's army.

The *Herald's* 10th corps special says. The rebel iron-clads still continue their visits down the river to the neighborhood of Dutch Gap, but their general position is above Cox's ferry, on the extreme right of the rebel position, north of the river. They are extremely harmless, and have entirely ceased all attempts to annoy us since their futile shelling of the first two days.

The *Sunday Mercury's* Washington letter says: An attack will soon be made upon the outer defences of Washington by the immense fleet under command of Admiral Porter. The wooden vessels are now being mailed with chains in a similar manner to the fleet which captured New Orleans. It is believed that it is intended for the big frigates to go in first and reduce Fort Fisher. The capture of this important work would operate, in regard to Wilmington, precisely as the capture of Forts Gaines and Morgan has operated in regard to Mobile. It will close the port completely and relieve the immense blockading fleet on duty at the mouth of the harbor.

An accident occurred yesterday on the Shore Line railroad, 4 miles east of Connecticut river, in consequence of a broken rail. The train consisted of six passenger cars, containing 400 sick and wounded. Nine soldiers and two brakesmen were killed, and twelve soldiers seriously injured.

The Savannah *Republican* says the rice crop this year is very large.

Governor Vance recently issued a proclamation offering pardon to rebel deserters and runaway conscripts. The Greensboro *Citizen* says 800 have come in.

The Editor of the Wilmington *Journal* says he has information from Europe that not the slightest chance exists of obtaining a navy from European powers. He concludes as for negotiation, intervention and all that it is hardly necessary to say anything. These things have gone glimmering out of sight and few people trouble even to think of them. There is not the faintest hope of European governments doing anything to benefit us.

NEW YORK, October 16.—*Herald's* special says: The rebel line of works in front of the James runs nearly parallel with the union line, and in open view from our works. Since the capture of Fort Harrison on the 29th ult., their next salient point is a strong line of chain forts next to and directly beyond Fort Harrison. These forts are directly in front of our works commencing 800 yards from Fort Harrison and command each other. Bermuda is ten miles northwest of these works, and they run at an angle of about sixty five degrees.

NEW YORK, October 16.—The steamship Fulton from Port Royal the 18th arrived last night. Captain Cox, 55th Penna., who escaped from Charleston prison says: Twenty deaths daily are occurring from yellow fever in Charleston prison. Prisoners are all sent out of the city. About 4,000 rebel soldiers are in and about the city.

A large side-wheel blockade was sunk by our fleet at the entrance of Charleston harbor. Another steamer in trying to run out was drawn back.

More Deserters Arriving.

NEW YORK, Oct. 16.—The Steamship Evening Star sailed to-day for New Orleans, with a full list of passengers and freight. Col. Jas. T. Tucker was among the passengers.

The *Herald's* 10th corps special says, quiet is prevailing along the lines, and it gives rebels opportunities to desert. Large numbers of them are coming in daily; many are old men and soldiers from hospitals with unhealed wounds. The character of the men show that all capable of doing service in fortifications have been put on. They represent great disaffection existing.

Arrival of the Steamer Kangaroo

NEW YORK, Oct. 16.—The steamer Kangaroo, from Liverpool on the 1st and the Ocean Queen from Aspinwall, have arrived.

In regard to the alleged naval operations on Lake Erie, the *Times* says: Anything that should occur to prolong this conflict is to be deplored, for they are signs of its extending to regions it could hardly have been expected to reach. The lakes are under joint jurisdiction of the two governments, and that is not liable to the doubts and limitations which apply to the authority of any one nation on oceans open to all the world. We must keep the war away from the shores of Canada as vigilantly as we do from those of Great Britain.

The *News* regards the victory of Sheridan over Early as one of the most important contests of the war, and warmly eulogizes the generalship of Sheridan. It thinks that matters look serious for the Confederates in Virginia, as the Federals are now able to concentrate there.

The expected battle between Mace and Coburn did not come off as was according to Coburn's nomination on Friday to take place between Goldsgres's Station and Castle; but the representatives of the men disagreed, yesterday, about the selection of a referee, and those acting for Mace stated they would return to England that evening. Coburn's agent declared that his man was anxious for the fight and would appear at the proper hour, at the ring. Mace's representative arrived in London yesterday, and corroborates the statement that the intended fight is entirely postponed for the present.

Late News from Mexico.

NEW YORK, Oct. 15.—General Dublado stated that documents from Emperor Maximillian guarranteeing safe conduct to the City of Mexico was allowed without his knowledge and immediately declined and returned.

The Polish government has just issued a proclamation declaring that the revolution is still in progress, notwithstanding declarations of Russia to the contrary.

Commercial's Washington dispatch says: General Banks will soon address to his fellow-citizens a history of his campaign in Louisiana, refuting the assertions cast upon him in connection therewith.

The *Post's* special says: Gen. Banks will speak two or three times during the canvass, and then return to New Orleans. Good news from the army may be expected soon.

Accounts from the Army of the Potomac continue to represent all quiet along the lines, except occasional picket firing.

Secretary Fessenden and other prominent personages have left Washington for the Army of the Potomac.

The remains of Chief Justice Taney were accompanied to the railroad train to-day by President Lincoln and several members of his Cabinet. The body will be conveyed to Frederick, Maryland.

News of the Florida Expedition.

NEW YORK, Oct. 15.—With the arrival of the supply steamer Union from Pennsylvania and various other gulf points, we have additional particulars of Gen. Asboth's expedition in Florida. He returned to Pensacola on the 1st of this month, completely successful. He brought in over ninety prisoners, four hundred negroes, four hundred cattle, four hundred mules, and a large amount of stores and ammunition. Gen. Asboth received a wound which will probably occasion the amputation of his arm.

In the ceremonies of laying the corner stone of the Masonic Temple, in Boston, yesterday, nearly one hundred lodges were represented in the procession.

Matters at the Front.

NEW YORK, Oct. 15.—The *Herald's* Washington special, says: The majority against the new constitution, in Maryland, is at least 5,000.

The *Tribune's* army of James correspondent of 11th, says: Our gunboat and shore batteries, to-day, succeded in silencing a rebel battery on the south side of the James river, with which they had, recently, frequently been able to throw shell into Dutch Gap to the annoyance of working parties. The work on the canal is rapidly approaching completion and promises to prove a success.

Matters in the front without material change.

Affairs in Chattanooga.

CHATTANOOGA, Oct. 15.—Maj. Gen. Schofield arrived here to-day, and assumed general direction of affairs.

The enemy are reported in force at Dalton.

Chattanooga is strongly fortified and amply supplied with troops enough to make a protracted and successful defence.

Sherman is close on Hood's rear, and undoubtedly, will make it a hornet nest before long.

Secretary Stanton at the Front.

WASHINGTON, Oct. 15.—The Secretary of War has gone to City Point, taking with him the Quartermaster, Commissary General and the Surgeon General to confer with General Grant upon the war estimates for the ensuing year. It is believed that by the transfer of the seat of war to the Cotton States a considerable reduction of expenditures may be made, especially in the forage and subsistence departments.

BALTIMORE, Oct. 15.—The latest footing up on the Constitution vote is as follows: For Constitution 11,917; against Constitution 13,889. Negative votes include many estimated majorities which may be reduced. Affirmative votes include 671 soldiers vote in Maryland. No report of soldiers with the Army of the Potomac or Sheridan. Result still doubtful.

NEWS FROM NEW YORK.

The Chief Justiceship.

NEW YORK, Oct. 15.—The gold market shows a continuance of the vigorous dull movement; rumors are freely circulated to support the markets. A prominent short operator failed this morning, making the third failure in two days among gold dealers. Prices opened this morning at 218 and subsequently advanced to 220, closing at 215¼.

The *Commercial's* Washington special says: Candidates for Chief Justiceship multiply, but Secretary Stanton is now said to be the party most likely to receive the appointment. Wm. L. Ernsts of New York is named to-day in high circles as a progressing candidate.

A letter purporting to have been written by Alexander Stephens, the rebel Vice-President, in reply to a letter from several of his fellow-citizens is published. He says 'no person more ardently desires an end to the war than he does, but it is not in his power to bring it about. He said the recognition of the sovereignty of the States is the only solution of the trouble. The idea of maintaining the old Union or any other Union by force is preposterous. The subjugation of the South by the North would involve the destruction of the Constitution and the overthrow of their liberties as well as our own. Any Union of States established by force will be as ruinous to them as to us. The action of the Chicago Convention so far as the platform of principles go, presents a ray of light which under Providence may be the dawn of the day to this long and cheerless night. To a Convention of the States I have no objection.

WASHINGTON CITY NEWS.

Guerrilla Bands on the Potomac.

WASHINGTON, Oct 15.—Information has reached here that yesterday evening about 100 of White's guerrillas crossed at a ford of the Potomac river, six miles above Edward's Ferry, and advanced to Poolesville, Md., where they drove out the citizens and committed much damage.

There are additional reports, but which are not authenticated, that earlier in the day other guerrilla bands crossed near the Monocracy and moved down the road.

Two heavy shocks of an earthquake were felt in the lower part of the State last night, and another this morning, frightening the people out of their houses but doing no damage.

Advices from China up to the 20th, confirm the news of the capture of the capture of the Nankin, by the Imperialists.

Japanese advices of Sept. 2d, say that a naval expedition had sailed to chastise prince Lechisin, who still closes the Inland sea, and interrupts the commerce of Nogsoki. The expedition consisted of nine British, four Dutch, three French and one American vessel. This movement will not lead to war, but is simply to chastise an independent prince.

MARKETS BY TELEGRAPH.
