OCTOBER, 18, 1864.

The lumber market, generally speaking, has been active, with a good demand for the various descriptions. The late rise in the Allegheny and tributaries has brought a large amount of lumber to this market—fully 3,000,0000 feet of boards, besides a few lots of timber. The following are the sales:

BOARDS—Sell readily at $25 in the raft. The principal portion was disposed of here, and the balance hoisted to the lower markets.

SHINGLES—Were scarce, and sold readily at $6@6 50 ₱ M.

TIMBER—The market was dull. The only sales made was in choice long timber at 22@26c per cubic foot. Common was dull and neglected.

LABORATORY OF JAMES R. CHILTON & CO.—We have recently made careful analysis of the Samburg Portwine, and do not hesitate to pronounce it pure. It contains all the properties of the Port Grape, and therefore for medicinal uses it is, in most cases, superior to other wines. Its principle effects upon the system are mildly stimulating, diuretic, sedorific and tonic. It will prove beneficial in affections of the Kidneys, and Chronic Diseases with General Debility of the Constitution.

Physicians may safely recommend it to patients in place of the many doubtful mixtures too often sold as pure Wines.
