Not from any wish to criminate him for the past. There is an old phrase of "indemnity for the past and se-curity for the future." He was willing to forgive the past and ask only, securi-ty for the future. Let it be granted that Mr. Lincoln is becast Mr. Lincoln is honest, if they would, and that he only made mistakes. They would remind him that Mr. Lincoln pledged to liberty and Union. He would not say what he thought, that that pledge was wrung out of him by the Cleveland movement, and was a mere electioneering pledge itself. Mr. Lincoln is a politician. Politicians are like the bones of a horse's fore shoulder, not a straight one in it. A reformer is like Doric column of iron, straight, strong, and immovable. It is a momentous r sponsibility to trust Mr. Lincoln, where we want a Doric column, to stand stern and strong for the nation. And so with the recapture of alayes in Vir-ginia. Lincoln says: "There has been some blacks taken," and sold into slavery, and "Horace Greeley will make a fusa about if and what can I do?" Missouri would be a free state but for Frank Blair, whom the President made Missouri would be a free state but for which he had written for the occasion As usual, with that gentleman's efforts. It was very prosy and tedious, and the audience, after listening for about three quarters of an hour, concluded they had chough, and called from all parts of the house, for "Phillips." "Phillips." Dr. Cheever was unable to proceed for some moments, and when comparative silence was restored, said he had but one more the had said it. This he did, and then introduced the orstor of the evening. Mr. Phillips proceeded in his usual last May, in the deepest sincerity. Las June one man in the field, said, "the the principles of his aboliton faith.
