country is enormous, and beyond ail human conception. The speaker continued his address on the debt of this country, stating that it reached aiready the sum of \$4,000,000,000. We cannot repudiate this debt, as therich bond holders will pass them over to some other nation, in which case if the debt is not pafi the becomes a casus belli. This was the case with Micrico, which has now lost her liberry. Here he showed that owing to the policy of this Administration the Confed crate bonds demanded a higher price in England than those of the Northern States. The enor mous debt of the country made it appear that bankruptey was inevitable. But the white men must bear all this debt. The Abolitionists promise to give the poor man money and labor if he stands by them this time; they will give more work to the brave men who are going to die. Abolitionist call themelves Union nen, yet Wendell Phillips, Greeley, &c., were agains the Union, and was greeted by the leading men of the Administration. They resort to every means to carry out their designs, and have dis-charged men from the arsenals because they pro-fessed their devoiton to Gen. MoOlellan. The foreigners, who were not long since reputed dagenous, are now coaxed into our armies, and agents are sent to all parts of Europe for that purchased. This war might have been avoided were the out, Democrats. A fuil brass bind will be in attendance. **Photographs.**—The beautiful picture gal-lery situated on St. Clair street, opposite the St. Clair Hotel, forms one of the principal at-tractions of our city, and shows that we can ex-cel in the finer arts as well as those who have not given so much attention to marinfactures as we have. Mr. B. L. H. Dabbs, the proprie-tor of the above eatabilishment, is a genifeman of thorough experience in the line of painting and photography, and is therefore in a position to vie with the most accomplished artists in the country. His paintings are gens of art, and his painted photographs are true representations of life. Our readers will find it highly agreeable and instructive to pay a visit to this gallery, and if they desire to add their names to the numer-ous list of patrons of Mr. Dabbs they will ob-tain superior articles at the most reasonable prices. > From the Southwest. Sr. Louis, Nov. 4.-The gunboat Undine, one of the poorest of her class, was captured by the rebels at Fort Hermans, on the Tennessee river, last Sunday.

Twenty deserters from Fort Hermans reached Paducah last Monday, and report Forrest, Buford, Chalmers and Bell concentrating 'there. They have fourteen cannon besides the armament of

the gunboat Undine. Orders from Hood and Forrest were read saying that Hood, marching north, would cross the Tennessee river at Bridgeport while Forrest would attack Johnsonville.

Arts, now offers the Sorip for public competi-tion. The income of the fund thus to be raised has been devoted by the Legislature to the support of the Agricultural College of Pennsylvania. It is believed that no safer investment of money can be made, in these unsettled times, than in this Sorip. The Sorip may be located at once, or it may be held without care, or risk of loss, or the payment of taxes, for location at any fu-ture time. Capitalists, or companies, by locat-ing these lands in large traots, may find rich re-wards for their enterprise by organizing settle-ments upon them. Each piece of the Scrip is for 160 acres, and en-titles the holder to locate upon any Government lands which are open to private entry. The title is direct from the United States to this Commonwealth, and the scrip by assign-ment in blank, under the hand and scal of the Surveyor General, becomes a simple and of the surveyor group to the bighest bidday unce DIXON'S AROMATIC Sold by Druggists and Medicine Dealers gene ally. api3-tawd&w BLACKBERRY
