Only to be consulted at the
ST. CHARLES HOTEL,
PITTSBURGH,

ON CATARRH-DEAFNESS,
AND ALL THE VARIOUS DISEASES OF
THE EAR, THROAT,
AND
AIR PASSAGES.

SYMPTOMS OF CATARRH.

The first sensation is usually a feeling of dryness and itching in the ear, which is followed by a discharge of mucus, and sometimes of blood. The hearing is gradually lost, and the patient is unable to hear the voice of his nearest friends. The disease is caused by an inflammation of the membrane of the ear, and is a very dangerous one if not treated early.

Late News from New Orleans.

Rebel Movements in the Valley.

New York, November 11.—The movements of the rebels in the Valley to the right of Sheridan's position, it is now thought, were designed principally to procure cattle and other supplies, which they stand much in need of; and not for the purpose of attempting to flank the Union army. General Bowles' division of cavalry started on an important reconnaissance on Monday last, but had not returned at the date of our latest dispatches.

Richmond Papers on Jeff. Davis' Message.

New York, November 11.—Some of the Richmond papers comment very severely on the message, charging General Davis with obscurity in his referring to the training of slaves, and to the proposed interference with the free trade of the States. The Confederacy is stated at \$1,470,000,000, without including the foreign and Spanish funds. General Sherman, Grant and Banker all pronounce Gen. Davis a traitor. The Richmond papers are not without their own opinions. The Richmond papers are not without their own opinions.

Plymouth, N. C., Entirely Destroyed.

New York, November 11.—The captain of the transport "Relief," which arrived at Fort Monroe on Tuesday last, from Newbern, N. C., reports that the town of Plymouth, a large vessel on fire, and the entire town was destroyed. Further particulars of the capture by the Union vessels of Plymouth, N. C., on the 4th inst., show that the town was entirely destroyed by the shells of the place, and is still held by our troops. The public stores at Plymouth, N. C., were entirely destroyed. Yellow fever has disappeared at Newbern, N. C.

British Papers Must Protect the Ship.

New York, November 11.—The Tribune's Washington special says: Among the papers captured on the 4th inst. is a letter from the British Admiral Hooper, referring to the case of the Florida burned in the case of the ship captured by British papers. He says that the ship must in all cases protect the ship, and that the British papers are not without their own opinions.

The "Georgians" Not a Pirate.

New York, November 11.—It is stated that Major General Hooker's division is now in the States bordering on our northern lakes, after its investigation, became satisfied that the alarm issued by Mr. Bates, who lately purchased the "Georgians," was unfounded and untrue. Sherman, Nov. 11.—The news from General Sherman's army is important and favorable. Sherman, Nov. 11.—The news from General Sherman's army is important and favorable.
