Peace Through Solingation, 19 The last address desued by the Ho Charles Mason' Chairman of the Na-Ronal Demografic Committee, resident peace; if McClellan had been elected, he (Foote) was prepared to make from in Washington, wery suly discusses th a question of peace through subjugation Auring other historical examples he al his seat a proposition for a convention luder to the long wars between Engin people can be subjugated by force of "arms," Those wars began by Edward the First of England in the thirteenth century and issued until the two countries became united under James the Sixth or Scotland & The lapse of more than tw

hundred and fifty years has seen that union constantly, growing, stronger, which conturies of war, and mutual in

ury had seemed to have rendered wholly impossible. On the other hand look at Ireland, she dias, ever since rongbow/s.invasion, been discontent who voted for McClellan are anxious d becauce England has governed he peace, but not the sort of peace alluc. by force instead of kindness, Had she ed.to. -- McClellan and those who supshe in Parliament a representation at all in proportion to her popuported him were, pledged to a reunion of the States, which meant the rethrn of lation as Scotland has, with a local leg-lation as Scotland has, with a local leg-lature to provide for her domestic af-fairs, and the infamous type system shollahed, she too would be prosperous the South to lits alligience. So, too, with the great body of Mr. Lincoln's supporters; they are for peace, but not through a dissolution of the Union. The

and happy. motto of us all at present is that of the These teachings of the history of the patriot Jackson , the Union It must and past are confirmed by the lessons of our shall be preserved.

Saile Off Excitement,

own experience. The Biate of Missouri, once reduced Koquiei and held in a con strained loyalty by milliary power, is New companies appear daily on the stockboard and in the streets. Men not again rising in fubilion, and must be conquered anew. The same may be prominent in business circles for a time, engaged the advantage of profits rising said of a great portion of Louisiana, rom the formation of companies-lead Texas, Arkansas, as well as some of the States on this side of the Mississippi. ing men were careful, but understand-Mere conquest never extinguishes ingly the value of the oil products dealt national antipathics, but gives them edge and venom. The mild influence of in stock but were rarely found advertised as responsible for new companies;

peace and kindness effect what could never be attained by violence in the prothat day has passed however and we now find in the daily papers the names of our heaviest capitalists leading off duction and preservation of national in the race for fortune. The habitual unity. They accomplish their purposes, cantion of Pittsburgers has set them not by resisting the power to separate, back in the new aristocracy, and per but by removing the wish and the motive for doing so. Is the lesson to be lost upon us? Shall we continue vainly to pursue the "Dhantom "Union" over the fields of carnage when it is ready to bid fair to stand at the top of the list nestle in our bosom as a blessed reality, if, discharging the brutal, savage, and

 In the will be tailing.
Henry S. Foder, formedry united structures the second time by problem of Papers, and second time by problem of the structure by the second time by the se other rootish things he shut that he so is rather is 'delicate matter; but as this is rather is 'delicate matter; but as this diversity of opinion is on a subject which has, I believe, occupied the minds of most 'men, and as my sentiments thereon have been fully, and decidedly there for McClellan was for either of Maryland or this State was peace; if. McClellan had been elected, he (Foote) was prepared to make from that if I had a voice in your legislature, of sovereign States North and South and he belteved the South would have the state was of sovereign States North and South and he belteved the South would have the state was of sovereign States North and South and he belteved the South would have the state was of the south would have the state was the state was convented to rote south of the state of the south would have the state was of the south would have the state was the section alwayatrkes place after the state was the execution alwayatrkes place after the state was the state was of the south would have the state was the south would have the state was the south would have the state was the south would have the south would have the state was the south would have the secured from it peace and independence. Inedium. To assign reasons for this If the South had met the North in Con. opinion would be as unnecessary as te-If the South had met the North in Con-vention, she would have proposed a league offensive and defensive with the North-for a strict enforcement of the thy adding from a want of North for a strict enforcement of the Monroe doctrine with liberal commer-dial treaty, and we soon should have the whole North American domain, and perhaps Cuba. More that Footo Tattles away, about the same as he did twelve or fourteen years ago; and with aw little nurpess. It is true that those ratiles away; about the same as he did be long supported; consequently, depre-twelve or courteen years ago; and with as little purpese; It is true that those emission, and articles for which it so are little purpese; It is true that those

> er, and the artisan benefitted? The debtor may be, because as I have ob-served, he gives the shadow in lieu of the substance, and in proportion to his gain the creditor or body politic suffer. Whether it be a legal tender or not, it will, as has been observed very traly, leave no other alternative-it must be leave no other alternative-it must be that or nothing. An evil equally great is the door it immediately opens for speculation, by which the less design ing and perhaps most valuable part of the community are preyed upon by the more knowing and crafty speculators. But, contrary to my intention and declaration, I am offering reasons in laration, I am offering reasons in sup-port of my opinion-frame, too, which of all others, are least pleasing to the advocates for paper money. I shall therefore, only observe generally, that so many people have suffered by former emissions, that, like a burnt child wh reads the fire, no person will touch it who can possibly avoid it; the natural consequence of which will be, that the
