NEWS FROM THE FRONT

Heavy Cannonading Heard

Sudden Attack on Our Pickets

Steamer Greyhound Burned

Narrow Escape of Gen. Butler and Schenck

WASHINGTON, November 28.—The Evening Star, from reports which arrived here to-day, reports yesterday morning heavy cannonading was heard at City Point, from the direction of Petersburg, but this is of frequent occurrence by the usual artillery duelling. On Wednesday last, the rebels made a sudden attack on our pickets near Broadway Landing, every opportunity which was speedily repulsed. During the darkness of the night, the rebels gobbled up a Colonel and forty men. As the steamer Webster was coming down the James river yesterday, when near Hog Island, she discovered that the steamer Greyhound, Butler's flagship, was making signals of distress. On entering the river, she was found to be on fire. Generals Butler and Schenck and Admiral Porter were on board the Greyhound, but the Pioneer came and took them off. General Butler and his friends were at dinner at the time, when suddenly the furnace doors blew open scattering coal all over the floor, driving the engineer and firemen from their rooms. The Greyhound was almost immediately in flames and notwithstanding every effort was made to save her, she was burned to the waters edge. Ten horses were burned to death, belonging to General Butler's staff. Shortly before the accident the Greyhound had received from the steamer Casseck the army mail for General Butler's department, which left Washington yesterday morning. It is supposed to be lost. The Webster brought up fifty-nine rebel prisoners. One or more of today's papers, carelessly attribute to the Washington report of the spurious telegrams saying: The Florida and crew are to be returned to Brazil and purporting to give an account of the action of the Government on the subject. It is sufficient at present to say in authority, that these statements are without foundation.

Latest from New Orleans.

Latest from New Orleans. CANO, Nov. 27.—The steamer Continental, from New Orleans, arrived here on the 21st, has arrived. On the 20th, twenty-seven rebels were captured in the vicinity of the Mississippi river. Among them was Captain M. D. Montgomery, who had a large amount of stock, and two hundred and fifty thousand dollars in foreign exchange, all of which was captured with him. General Canby is rapidly recovering, and is able to attend to business at the demand for cotton is checked; sales are at \$1.30 for low and middling, and \$1.40 for middling. Five notorious rebels, who were captured at the battle of the Union, have been banished out of our lines by General David at Vicksburg. The rebels are in the hands of the Government with two hundred and sixteen barrels of cotton.

Rebel Accounts of Early.

Rebel Accounts of Early. NEW YORK, Nov. 28.—Late rebel papers in giving accounts of the appearance of Early's army in front of Sheridan's lines on the 18th, and in the night fight with the Union cavalry, have been furnished the same explanation of his movement on that occasion as our correspondents on the 18th and 19th had understood that a considerable portion of the Union army had left the valley to come out into the Shenandoah valley as a precautionary measure. The Charleston Mercury learns, on the 21st, that the rebels are in possession of two thousand skulking barrels of powder, and that they are in a position to send a large force into the valley.

Arrival of Rebel Admiral Buchanan.

Arrival of Rebel Admiral Buchanan. WASHINGTON, Nov. 28.—A dispatch to the War Department from Admiral Porter, dated at Fort Monroe, Virginia, states that one of our steamers has captured, bringing the rebel Admiral Buchanan and his staff to the city. The following has also been received: PORTSMOUTH, Nov. 28.—To the Secretary of the Navy, I have the honor to inform you that the admiral of the prize steamer Florida, in informing me she had run into the rocks and was badly damaged, was by an army steamer and badly damaged. Will inform the Department when I receive the particulars.

Guerrillas Routed in Kentucky.

Guerrillas Routed in Kentucky. LOUISVILLE, Nov. 27.—A Federal force of two hundred men sent out from Fort Donelson and Clarksville yesterday attacked Hasting's guerrillas near Yellow Creek and routed them, and probably killed the whole gang. General Thomas is reported to have retreated to Franklin, Tennessee. The military authorities here say that, if the report is correct, the rebels are preparing to receive large reinforcements, now on their way to him, before they will fight with Gen. Hood, and his good authority, that there are no reports of the rebels in the vicinity of the New Albany (Indiana) Ledger says: A movement is on foot to connect the rebel forces in the vicinity of New Albany and New Orleans, on both sides of the Ohio river.

Attorney General Bates Successor.

Attorney General Bates Successor. NEW YORK, November 28.—The Tribune's Washington special says: Solicitor Whiting and Judge Lewis are spoken of as Attorney General Bates' successors. Whiting is a native of New York, and Judge Lewis is a native of Ohio. Both are well known to the public, and are considered to be well qualified for the position.

Great Excitement in New York.

Great Excitement in New York. NEW YORK, Nov. 28.—Great excitement still exists concerning the attempt to burn the city, but no new developments have been made. Fire arrests have thus far been made. The papers are recommending the offer of a sufficiently large reward to induce some of the conspirators to reveal the plot. A number of Southerners in the city have enrolled their names at the headquarters. They were all privately examined by an officer of Gen. Dix's staff, but no oath of allegiance was administered, they all claiming to be citizens of the United States and Union men.

The Late Attempt to Burn the City

The Late Attempt to Burn the City. NEW YORK, Nov. 28.—Great excitement still exists concerning the attempt to burn the city, but no new developments have been made. Fire arrests have thus far been made. The papers are recommending the offer of a sufficiently large reward to induce some of the conspirators to reveal the plot. A number of Southerners in the city have enrolled their names at the headquarters. They were all privately examined by an officer of Gen. Dix's staff, but no oath of allegiance was administered, they all claiming to be citizens of the United States and Union men.

Great Suffering in Richmond.

Great Suffering in Richmond. NEW YORK, Nov. 28.—Great excitement still exists concerning the attempt to burn the city, but no new developments have been made. Fire arrests have thus far been made. The papers are recommending the offer of a sufficiently large reward to induce some of the conspirators to reveal the plot.
