

A THE PLET SBURGH FRIDAT MORNING, DEC. 2, 1864.

The Home Voge in October, One of the most brazen bits of parti zan Jigglery we have ever seen is the annoincement, by, some of our Abolicontemporaries that !!it is impossible to outain the nome vote of the October election Why is it impossible ? the questions answers itself. ... If the being very doubtful.

home vote bad gone for our opponents there would have been no trouble in ascertaining it, and as it went for us, we have no idea of being cheated out of it. The alleged "imposibility" of obtaining The elleged "imposibility" of obtaining the official home vote; sppears very strings in view of the fact that the Rie usual, according to law, on Friday next after the election (October 14th) and the analysis of every county met as after the election (October 14th) and the analysis of the fact that the result of the second distant day unless the order, bat the general situation; and taking if this consideration, it will be wise

made up a complete return of the home voie, which was deposited, as usual, in neighbor, as well as all the other Aboli- care. the office of the Prothonotary of their tion papers in countsy assured their readproper county, where it yet remains of ers that no more drafts would be needed, record. A copy of this return was, in if Lincoln were re elected. Even the offiof any county was wanting to make up too that they were preparing for the

a.complete table, it was only necessary most sweeping conscription of the war. to apply to the Prothonotaries of conn. But if the Abolitionists can stand this ties from which the home vote was not so can the Democracy, s parately returned, by some one hav ing the authority to demand it-Secre-

ing the authority to demand it—Secre. lary Slifer, for instance—and it would have been obtained. A separate return the arrest of Burleigh, one of the Lake Erie pirates, is considered, the more we be arrest of the facts we have preof the home and soldiers' votes in Octo-ber, is now on file in the offices of the Porthandtalo in the offices of the size what computed that there was an exten-Prothonotaries of every Congressional districts of the State, and may yet be obtained, if the Secretary of the Com-monwealth chooses sive plot organized by the rebels in Can-

For several weeks after the election in October there was no doubt even with fair minded Republicans, of our Bench, which was made returnable on Tuesday, at twelve o'clock. As he had previously been committed to jail by an alderman of the city, who had no author-ity in the premises, it will be seen that his discharge from arrest was a foregone having carried the home votes; the very best figuring they could do for their side was on the congression contest and here is the result. From these figures the reader will see that, our majority is

514, and there is no trouble, whatever in ascertaining if:1.9

.2,776 .1,044 26127 2561 e'r yn yn e Sherman's Movements

The Southern papers are as much

perplexed, regarding Sherman's move-

THE POST-PHTSBURGH, PRIDAY MORNING, DECEMBER 2-1864 etersin troops just arriving from the South Jarolina depote comes up from the sirects. We welcome the galant tollows; and Mr. Sherman's men, if they retreat this way, will hear the sound of builsts from trains guns which have often been pointed at families on the banks of the Potomas and the families on the banks of being properly distributed and bar read-tion and the other gind abouts will be heard on our streats SOLDIERS' ORPHAN HOME The Soldiers' Orphan Home is intended to afford aupport, shelter and instruction to the children of United States soldiers, who have died in the service of their country, as well as to

crawill see this other giad shouts will be haard on our streets. And the Macon, Genrgis Consecting of the date mentioned, also observes, as follows: We are giad to upte all increased feeling of confidence in the city. The whole available tores of the community is under arms, and ready at a moments notice for the trenches. The en-tiores of the community is under arms, and ready at a moments notice for the trenches. The en-thirty miles distant. The direction of their wares believed to for the trenches. The en-thirty miles distant. The direction of their are believed list miles long. Many are of the opinion that they intend to isare force gathered here, and the splended for-tifications which surround the taring to the last the standard believe it can be held in the survey of the bedeended to the last. These Scraps of news from the Const the children of those soldiers who have described. been so maimed in the same service as ittle ones that assistance which they would otherwise cheerfully give them. It is also intended to give a temporary home to those children of soldiera, whose parents, through temporary disability may be unable to afford them a proper support.

The name of this institution indicates These scraps of news from the Georits nature. It is not to be a Refuge or an Asylum-it is to be a Home for those gia papers, somewhat conflict with Prior's statement, that is, if he ever made poor children whom the war to defend the one quoted, which we regard as dered homeless. These children of the nation should not be treated as outcasts' Will There be a Draft.

Our intensely loyal contemporary, the Commercial, yesterday contained the pleaded only the ordinary motives or following pleasant and exciting anphilanthrophy or Christian love. They have a special title on the nation, in whose defense they have been made fa therless, and which, in return for the life that has been preserved for it, should feel it a pride and honor to watch over and foster the young lives that its

dying defenders have committed to its That the country which he has brave-

many cases for warded to the State Det cers of the War Department told the questioned. The most warlike peoples ly defended, owes to the invalid soldier people this falsehood, at the very time bave ever taken special pride in caring for, fostering and honoring their scarred veterans. Appropriations for this purpose, whether contributed from the public or the private purse, have never been

deemed an useless or extravagant expense. No where, perhaps, has this honorable feeling exerted so great an in fluence as in this country, during the present war. On the sick and the arrest, they sued out a writ of habeas corpus before the Court of Queen's ness could suggest, that either public or private munificence has not failed to do pedo was felt over the space of about ch, which was made returnable on in this noble cause. But, while doing one hundred and fifty yards in diameter. our duty to the living, we should not forget the dead. Unknown, unnamed, n the field where he feil, lies many a in the field where he tell, thes many a satisfied that this vessel, for destructive brave man. In a year or two the slight purposes, has no equal in the world vestiges which now mark his resting. No ironciad can withstand its power. Mr. Brown, Assistant United States District Attorney, arrived in Toronto about ten o'clock on Tuesday, and upon place will have disappeared, and of him, personally, no recollection will remain,

about ten o'clock on Tuesday, and upon learning the turn matters were likely to take, at once had a warrant taken out before the Recorder, and placed in the beaccompliahed Burleigh had been dis-charged. Foutunately, or unfortunately as the case may be, his rebel friends, who were present in large numbers.

Instantly signs of disturbance was manifested by the crowd. The game bethought him of those helpless ones at leigh's counsel prevented method. The same home, and sought consolution is the street almost were so numerous by that all could not be street almost were so numerous by the street almost we perplared, regarding Sherman's move-menta as those of the North; so anx-ious are all to hear something of the in-trepid General, that each side, like matter how triffing. As an instance of The examination that followed has been matter how triffing. As an instance of the examination that followed has been to be accommodated in to be accommodated in flection that of them a generous count try would not fail to take every care. these CHILDREN OF THE REPUBLIC should be sheltered fostered and education in the re-tree of the taw in the sheltered fostered and education in the re-tree of the taw is the to be accommodated in the camp, and as the cars in which they came from Georgia were needed, they were compelled to move their things for the many of them stopped be. tween the tracks, just where their bag. bethought him of those helpless ones at home, and sought consolation in the re. Bending that of them's generous connections from Georgia were needed, they respectively the Dispective Viewer of Vi fully reported. Burleigh is a young man about 24 ted by the nation. This obligation can-not be declined by any one who knows

The Trial of the Torpsdo, Boat Statt.

Stromboli made her experimental trial Irip to test her propulsive and torpedo engines. She left the wharf at the secor rugines. She left the wharf at the secor yard about eleven o'clock a. m., and under the pilotage of Captain John Mc-Ginn proceeded, up the Hudson river some distance, making an avörage speed of nine knots per hour, and steering beautifully from on top of the pilot house as well as from below decks. After some test of the propulsive ma-

After some test of the propulsive ma chinery, it was desired to fire a "wood torpedo" of the same pattern as was furnished to and used with such success by Lieutenant Cushing in the destructhe nation's existence may have ren- tion of the rebel ram Albemarle. This torpedo was charged with only forty-eight pounds of power, and was

nation should not be treated as onlicasts left to the cold charity of the world, or as orphans, in whose behalf can be olended only the ordinary motives or minutes being consumed in the whole operation. The explosion and the pe-

culiar appearance of the column of water thrown up by the torpedo can be but illy described by a pen. Instantaneous photography might have done it, but no painter could have depicted the scene with justice. The water was thrown up about one hundred and

chi scene with justice. The water was thrown up about one hundred and eighty feet in a perpendicular column, which measured about ten feet in diam-eter. The torpedo, when exploded was only fifteen feet distant from the bow of the vessel, and the shock, as felt on deck, was very slight indeed. Every no was charmed with the experiment. I twas now decided to try a torpedo placed twenty feet below the surface of the water, and about the same distance from the bow of the vessel. This tor-pedo contained sixty pounds of powder, and was placed in position as in the chines, a beautiful specimen of art. The explosion at this time produced different results, and still more interesting. The surface of the water, and still more interesting. The surface of the surface of a surface of the surface of the same distance from the bow of the vessel. This tor-pedo contained sixty pounds of powder, chines, a beautiful specimen of art. The explosion at this time produced different results, and still more interesting. The surface of the surface of surface of surface of surfaces of surfaces of the surface of a surface of surfaces of the surface of the surface of surfaces of surfaces of surfaces of the surface of the surfaces of the surface of the surface of the surface of the surfaces of the surface of the surfa pedo contained sixty pounds of powder, and was placed in position as in the former experiment, but was exploded by Beardsley's magnetic electro machines, a beautiful specimen of art. The explosion at this time produced different results, and still more interesting. The WEAK, the Consumpting Philips. -THE water was thirty feet deep, and the torpedo, at the instant of explosion, was ten feet from the bed of the river. A wounded soldier have been lavished the care of a generous people. Whatever the mounted aloft at least threescore man's skill or woman's intuitive kind. Iy mounted aloft, at least threescore thick with mud. The shock of this ton

it lifted, or felt as if it did, the bow of the vessel about nine inches, but pro-duced no unpleasant sensation. We are satisfied that this vessel, for destructive It is perfectly safe to operate in.

stood ready to congratulate him on his release, and thus detained him for prob-ably half an hour. This circumstance worked in Mr. Brown's favor, and the regular warrant was served on the rebel obtained to his friends cheers at the call of his country, he tore him-totif as the schoes of his friends cheers at the call of his many when shout cold rains falling every day and making

this, we see a story going the rounds of the press, relating something that Roger an Georgian. Meretan when the warborks out, was a tong baired with nothing that and insulting of the gang, and if instrative that, coffee; until one day a torpistols: and coffee; until one day a torpisto for the time; many of them stopped be. tween the tracks, just where their bag. A set of the movie of the control of the set of the set of the control of the set of the control of the set of the set of the control of the set of GOOD STOCK OF the trust connided to them." The above Prospectus was issued some months ago, and a considerable amount has been subscribed by several of the biberal and wealthy citizens of Pitts-burgh. PAREIRA BRAVA,

ING ROOM! by the simost unani-mous action of the parties interested. CRISTADORO'S HAIR DYE

Has replaced the old worn-out inventions for coloring the hair, which the better experience of years had proved to be defective and deleterious. Unlike the compounds that MAKE WAR upon the health of the hair, and dry mp and consume the juices which sustain it, this mild, genial and perfect dye is found to be a vitalizing as well as a coloring agent.

It has, since 1688, been a specific for Christadoro's Hair Preservative,

A valuable adjunct to the Dyc, in dressing and promoting the growth and perfect health of the hair, and of itself, when used alone - a safeguard that protects the fibres from decay under all cir-umstances and under all clines; under all cir-Manufactured by J. ORISTADORO, No. 6 Artor House, New York. Sold by all Drug-glass. Applied by all Hair Dressors.

ANNIHILATE DISEASE, Costive, Blilous and Delicate, after some days use, will find renewed strength and life pervade every organ of their trames.

use, will find renewed strength and life pervade every organ of their trames. Every dose makes the blood purer. The nerves commence in the arteries and terminate in the arterial blood, increasing the circulation, by which impurities are deposited in the veins, and they throw off such collections into the bowels, Brandreth's Pills, expel them from the system. When first used, the Pills may occasion griping, and even make the patient feel worse. This is an excellent sign, and shows the disease will without some trouble in its attainment, and while so the cured. No great good is often achieved rule applies to the recovery of health Soid by THOMAS HEIPATH, Pittsburgh, and y all respectable desires in medicines.
