Clarion Oil Region .- The Oil City Monitor contains the following in regard to the Clar-ion oil region: Much has already been said con-cerning Clarion river rivaling the Allegheny river and Oil creek as oil territory, which, we leve, will be fully demonstrated to the world in less than one year; and while we believe this after a close observation we also believe that on some of the tributaries of the Ciarion river there is better surface indications for oil than can be found on the river. On Licking creek and Cherry run oil-can be seen on the water during the summer scason the same as on Oi creek; on Cherry run oil has been gathered on the water in sufficient quantities to burn. With a little enterprise and capital Cherry run, of Clarion county, will become as lich in its oil resources'as Cherry run of Venango county. We understand that the greater part of the territory on this stream has already been leased and will be throughly tested during the coming summer

Places o' Amusement. - There are numer ous places of amusement now in our city, and they are all extensively patronized by the pubic. The rage for theatricals which is now prevailing in the city has never been surpassed. Showmen and others who are now in the city are raising considerable piles of money by gratliving this great love for amusement, which is now reaching an extraordinary pitch. People have money and wish to enjoy themselves, and if they find enjoyment in theatricals they will spend their greentacks in that way.

Lafayette Hall .- Another crowded and fashionable andience was present last evening that last evening its last e livered by Mr. Murdoch. A number of witnesses were ex amined, after which the jury returned a verdict that the deceased came to his death from a ball from a pistol believed to be in the hands of James Neeson. Theatre:—Matilda Heron how forms the great attraction at the theatre, and crowds are present every evening to witness her performance. We clip the following from the New York Herold in relation to this great artists on her appearance at Niblo's Garden: Niblo's theatre was filled last night by a full and fashionable suefence. The occasion was the appearance of Miss Matilds Heron in the closing representations of her justly celebrated character of Camille. The body of the house, including the auditorium; the upper tiers and private boxes, were crowded, and extra chairs and benches were crowded, and extra chairs and benches of Miss Heron in her justly popular personation: "She was enthusiastically received. She never appeared to greater advantage nor played this, her most touching part, with more naturaliness, fervor and electric effect. The audience, Large and as cold as some of our New York audiencessane, gradually warmed to the beauty of the pathos, were swakened to a lively enthusiasm by the more impassioned passages in the play. A review of the piace, so familiar to us here, is unnecessary, but we cannot resist the present opportunity of stating that Miss Heron of these who admire the play by her performance, last night. The place was well dast and was entirely successful.

WASHINGTON, December 5 .- The Sa vannah papers of the 26th and 27th ult., contain orders from General Hardee and the State enrollment officers, for all citizens and soldiers to report by Wednesday, the 30th ult., for the defence of the city, under penalty of arrest for rear to do so.

the rebel raids on the Baltimore and Ohio railroad. The capture of Charleston, West Va. by rebel cavalry, last Tuesday night, is also reported. The raiders are said to

have destroyed or carried off considerable property. The Richmond Enquirer of the 2d says: We believe it true that Sherman's army has reached Millen and separated into two columns, one moving towards the Savannah river and the other turn-

He will do one of two things-either go straight to Beaufort and Savannah, or join Grant in an attack against Richmond.

Major General Stanley. CINCINNATI, Dec. 5.—Major General Stanley, Lwounded at the battle of
