No. 63 Nassau street, New York city, are authorized to take Advertisements and Subscriptions for us at our lowest rates. We will furnish the DAILY Poer to Agents at the rate of \$2.50 per hundred copies.

High Prices-The prices of all commodi ties have been greatly enhanced since the beginning of the war, and they still maintain such a tendency to rise that the people are obliged to sharpen their wits exceedingly in order to keep pace with them. At first this appeared utterly ible, and the only remedy the poor man had for the prevailing evil was to demand higher wages in proportion to the prices of the ne-cessaries of life. But American ingenuity has at length invented a plan which, if put into execution, will no doubt be successful in reducing the prices at least of one of the greatest necessaries. It would be utterly impossible for any of us to do without fuel, and as this is one the greatest necessaries, it of course first attracted the attention of those who wished to reduce the prices. This was the first step, but we are of opinion that if this proves successful the same attempt will be made in regard to every;

In the Eastern cities companies have been formed to reduce the price of fuel, so that: the poor, at least, may be afforded a necessary supply at cost. We do not entertain the least soubt that, with proper management, these companies will prove an entire success, and in that case the benefits to be derived from them both to themselves and to the poorer classes, will be incalculable. If they prove a success in the Eastern cities we see no reason why they should not be attended by the same success here. We have a great many advantages ov the Eastern cities, which will enable us to for ward the scheme with a greater amount of success. We believe that some of our wealthy citizens are already making arrangements to organize companies for the purpose of obtaining coa at cost for themselves and selling it to the poor er classes at less than market prices. This plan will prove highly beneficial to both, and we hope that it will be followed with all the success that it merits. Not only coal but every other necessary o uld be obtained at far lower rates than they are at present if this plan were put into operation, and we hope that our capitalist will pay attention to this fact.

The New Currency.-There are a few specimens of the fractional currency now being issued by the Treasury Department. The bilis are muc's larger than those now in use. As put ting them to the test is the only way to prove their durability, we will not as yet venture to give our opinion in that respect concerning these new notes. Whether it be possible to counterfeit these bills it would be difficult for us to-determine. No doubt some of our sharp terfeiters will decide the question ere long They have succeeded in counterfeiting even th cks, which at first was deemed impossible by the Treasury Department. As far as the ent fractional currency is concerned we are of comion that those who are connected with the Treasury Department will find some difficulty in discerning the genuine notes from the erfeits, which, in some instances, are very well executed, although in most cases the en graving and coloring to so miserable that they

Unsuccessful Attempt at Robbery.— On Monday night a man who gave his name as George Saunders made an unsuccessful attempt to rob the dry goods store of Mesers. Thompson Groetzinger, corner of Federal and Water streets, Allegheny. He entered the store through a rear window, and while inspecting the goods became alarmed at some noise and jumped or fell through a front window, breaking a valuable pane of class. He was noticed by two valuable pane of class. He was noticed by two young men engaged at the store, and who were at the time passing along the street, when they forty cents to \$10,50 per pair. young men engaged at the store, and who were gave the alarm, but the man succeeded in making his escape. He was, however, soon afterwards arrested by the night watch on suspicion of being a thief, and on being conveyed to the Mayor's office he was recognized as the man who broke the glass. He was committed to jail for trial on a charge of attempted burglary.

are easily recognized.

Attempt to Rob the Steubenville Hank, On Friday night last an attempt was made to rob the Jefferson Branch Bank of Steubenville. The parties who made the attempt bored out a panel in the front door. They also bored some four or five holes through the outer part of the door, but were unable to penetrate the iuside facing, which is of heavy wrought iron. If the thieves had gotten inside of the bank they would still have had the most difficult part of their work to perform, as the funds of the bank are in one of the best vaults in the State and *safe of the most approved patent in the country, impervious alike to powder and

Pardoned .- A pardon was granted by the Governor to the man Stapleton who killed Mary Burke ahas McKee some time ago in this city. For this crime he had been sent to the enitentiary for a term of aix years, but he was released on Tuesday, after having served about ten months in prison. Stapleton was formerly a resident of California, where he enjoyed a very favorable reputation, and where he has a larg of circle friends, who made several appeals the Governor in his behalf. At the time h killed Mary Burke he was under the influen of liquor, and it is probable that were it not for this fact he would never nave been guilty of der. . We understand that he intends return

Business in the City.-A considerable amount of business was transacted in the city during the last few days, although the demand was far greater than the transactions. The oil business has thrown everything else in the shade, and the greatest excitement attil prevails in regard to oil stocks. The different exchanges are weil patronized, and oil stocks change hands in a very she rt space of time. As yet ti demand for oil is greater than the supply in the market, though an immense amount of oil is be ing produced at the wells.

City Health.—The city still continues to be remarkably healthy. Only sixteen deathe are reported for the week ending December 8d, m eight were adults and eight children. This is quite a limited number for such a large city as this is, more especially at this time of the year, when, owing to the change in the weather, those who are laboring from indisposition generally suffer more than at any period o

Hotel-keeper Robbed.-Mr. S. K. Frey proprietor of the Seaton House, in Uniontown, was robbed on last Saturday night of about \$1,100 by a party of young Americans of African descent, one of whom had been employed a the house. The boys were recently arrested and all the money recovered except about fifty dol-

Frandulent Weights.-It is stated that franculent weights are now used extensively in the market, and consequently the people when making purchases there, do not receive to full worth of their money. Fraudulent weights are entirely out of order during these times of high prices, and they should by all means be

Rain.-It rained yesterday during a great portion of the day, rendering the weather very uncomfortable. The streets, after the heavy shower in the afternoon, were overflowed with mud and slush and made utterly impassable to pedestrians. The crossings, however, and the sidewalks were well washed by the shower, and

now present a comparatively clean appearance diMarrow Escape On Tuesday afternoon about 60'clock a car on the Citizens' Passenger Railway was run into by a locomotive at the ing on Penn street and considerably damaged. There were a number of passengors in the car the time, but fortunately no one was injured.

· Reagnmanis

was badly injured.—A man named OBried was badly injured at the railroad depot yearer day, and is in, such a low state that this topovery OF THE FIRM OF DRS. LIGHTHILL, Washington Matters. hardly probable. H. 1881W. M.O.

Partial list of fifts distributed at the Metropolitan Cift. Rook Store, 160. 43 Fifth street, opposite Concert Hall. for the week ending Tuesday, Dec, 6th., 1864: Two.gold and aliver watches, 6 silver-loe pitchers, 7 silver cake baskets, 2 silver Bohemian, glass-lined berry dishes, 8 silver butter dishes, 5 silver breakfast castors, 8 rotary castors, 4 silver syrup pitchers with trays, 11 card receivers, 2 silver teapots, 2 silver coffee uras, 3 silver ceam mugs, 2 opens glasses, 17 gold-lined salt castors. 12 silver, call bells, 8 gold-lined goliefs, 62 silver cups, 81 sets of silver forks, 65 sets of silver tes and table spoons, beathes over 500 other useful and valuable articles. A handsome present accompanies each book sold worth from 50 cents to \$100. daw

We are indebted to W. A. Gildenfenny for the Old Franklin Almanse for 1865. Exclusive of the actual astronomical calculations, it con-tains a splendid chronicle of the great rebellion continued from 1884 and other neeful matter, and will be a mest valuable acquisition to every one. For sale at W. A. Gildenfenney's, No. 45 Fifth attest.

Theatre.—Matilda Herou's new play entitled "Mathilde, or the Lone Chaleau," was produced here last evening, and in spice of the storm which prevailed drew an excellent house. The drams is founded on an incident which recently occurred in Paris, and is worked out with marvelous skill and full of startling effects. Miss Heron was admirable in the Herolne, and Mr. Henderson and his taleined company contributed greatly to the success of the piece. In consequence of the applause it received it will be repeated this evening.

TESTIMONIALS.

PITTSBURGH, November 5, 1864.
This will certify that I have been under the care of Dr. Lighthill, for the cure of Catarrh, and that, although he has attended me a little over one week. I feel that a permanent cure is to be effected, and am so much better in all respects as to warrant me in giving publicity to these facts and recommending Dr. Lighthill to any one afflicted with Catarrh.

JACOB FORSYTHE,
Forsythe, Bros. & Do., 74 Water street.

Yom Hon. D. H. Cole, Senator from the Twenty-Ninth District. ALBANY, Jan. 25th, 1864.

MY DBAR Dg. LIGHTHILL:—It is with great satisfaction that I communicate to you the effects of the medicines you gave me, on my application to you, for defective hearing. I followed your directions, and am happy to state thaf I am now so far recovered after the first few applications as to feel quite confident that I am well and shall not need to proceed further.

Be assured, my dear sir, if necessity should require, I should not hesitate to place myself under your magic hands. Yours with respect, ALBANY, Jan. 25th, 1864.

D. H. COLE, Albion, Orleans county, N. Y. From the Home Journal, June 4.

In every business or profession, indeed, in every department of science or skill, there is always some acknowledged head—some one who stands out in bold relief among his fellows, as a sort of leader. In the study and treatment of deafness and catarrh, as special diseases, Dr. E. B. LIGHTHILL, of this city, occupies just the position above described. He has devoted years of labor to this speciality, and is now reaping the reward of his industry. The editorial columns of the Tribune, of a recent date, hear witness to the Doctor's success in this department of medicine. We quote the paragraph:

"Uler of a Deap Murk—Louis Loewingstein, a hal fourteen years of age, born in Germany, come to this city when he was about two years old. Soon after his arrival here he was taken sick and lost his hearing. By degrees he became first deaf and then dumb. For nearly ten years he was a mute, unable to hear the louiset voice or to articulate a word. About one year ago he was placed by his parents in the hands of Dr. Lighthill, who has so far succeeded in restoring to him his lost powers of hearing and utterance that he can converse with those who speak to him distinctly and deliberately. During the past tour or five months he has been under the tuition of Mr. Rennecke, and has made considerable progress in reading and arithmetic."

Having been supplied with the lad's address, Having been supplied with the lad's address, we further investigated the matter, and discovered that previous to calling on Dr. Lighthill, the youth sease was considered hopeless, and the youth scase was considered hopeless, and he was for two years an immate of a Deaf and he was for two years an immate of a Deaf and he was for two years an immate of a Deaf and he was for two years an immate of a Deaf and he was for the Rev. John Nott, D. D., Professor in Union College, Schenectady, in a published letter, tenders his gratitude to Dr. Lighthill for treating successfully his case of the State Normal School at Albany, also testifies to have been curred of catarrh. Dr. Lighthill prosesses other testimonials and tributes to his talent from some of the wealthiest and most prominent and respected officers, which may be seen on application. It would be difficult to Speak in any but terms of praise of his treatment, in the face of these many proofs and facts testifying to his success.

Remarkable Cure of Deafness. From the Rev. Joseph M. Clarke, Rector of St. James Church.

SYRACUSE, February 10th, 1864.

I have been deaf in one ear since I was in College, some twenty years ago. By the skill of Dr. Lighthill, its hearing was entirely restored, so that now I hear alike with both my ears, and I find that I can use my voice with much more ease and comfort than befere.

JOSEPH M. CLARKE. ST. FRANCIS' COLLEGE.

Under Care of the Franciscan Brothers. THIS INSTITUTION, SITUATED IN Licerto, Cambria County, Pennsylvania, about four miles from Oreason Station, on the directroute between Philadelphita and Pittsburgh, was chartered in 1859, with privileges to confer the usual Collegiate Honors and Degrees. The location of the College is one of the most nealthy in Pennsylvania—this portion of the Most nealthy in Pennsylvania—this portion of the Allegheny mountains being proverhial for its pure water, bracing air, and ploturesque scenery.

This Scholastic year commences on the FIRST DAY OF SEPTEMBER of each year, and ends on the FIRST OF JULY, following. It is divided into two Sessions. All the Apparatus nocessary to Land Surveying, Engineering, &c., &c., will be furnished by the Institution to the Students.

TELEGRAPHIC Great Excitement in Georgia. New York, Dec. 7.—We have to-day ome additional items from rebel

some additional items from rebel sources, showing how, therman's approach to the sea coast is spreading in Georgia and South Carolina. All the officials, civil and military, have issued fierce and feverish proclamations, calling on every male, old and young, able to shoulder a musket, to immediately report for duty. mediately report for duty. The Mayors of Savannah and Charles ton, as well as the rebet army officer commanding in those places, have issued before their already terrified communi-

ties documents of this character, probably by this means adding considerably to the paric. Gov. Brown, of Georgia, has issued three more proclamations on the crisis, but in Charleston, according to the Raminklean of that city, even these s the only safe and sure cure. It contains no to the Republican of that city, even thes stirring papers do not bring out the cit-izens, for it appears a military guard has to go around the town and drag them ut of their hiding places. General Dick Taylor has been as signed to the command of all the Alaba-

Use no Cholers mixtures or doubtful compo-itions, (many of which undermine and ruin the quarers at Savannah.
