Sometimes I was so bad that I could do ot anything account of them, they came o out on me as large as a hickory nut, | had tried a great deal of medicine for them. I used to buy and take whatever I could hear of or read of ac circulars and pamphlets that fell in my way; but I could not get cured, sometimes they would de resome good for a little while, but afterwa they would return again as bad as ever. I also applied to two Doctors who visited me at my not do, I could not get well. Over a year agg not an advertisement of your Lindsay's Blood-Searcher, made by yourself-when you sold it t me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before L got well. 1 bought one bottle and took it home with me and used it according to your directions. I then call d to see you again, when you said I could n expect much benefit from one bottle. I bought eit on, one bottle at, a time, until 1 ha botties. After this quantity had been used, I was entirely well of the Piles, which had torturd'me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is nosppearance of a return of the disease; I can do sny kind of farming work now without the Piles coming down and hurting me. Two papers, purporting to be returns of the recent election in the 16th Conand Fullon, and that Mr. Couronn, naving a majority of all the votes cast as counted before the board, is declared duly and legally elected. It is further stated in the paper that Somerset was not represented by a judge, or otherwise in the board and that notice of the time in the board, and that notice of the time and place of meeting was given to the return judge elected from Somerset, who was in the borough of Chambersburg (where the meeting was held) on

The other paper is signed by five persons, viz: Messrs. Adama, Bedford, Franklin, Fulton and Somerset. The paper goes on to state that having carefully examined the returns of the said several districts, and added together the votes therein contained according to law, they certify that Messrs. Korntz and Coffroth had each a specified number of votes, in the respective counties of Adams, Bedford, Franklin, Fulton, and Somerset, and declare that Mr. Koontz, having received the greatest number of logal votes, is duly elected. The Sixteenth Congressional District. CONTEST FOR THE CERTIFICATE OF ELECTION. Opinion of the Attorney General.

Adams and Bedford had plainly no suthority to appoint clerks of cause votes to be added up or returns to be made out or in fine to perform any of the functions of the body of country judges of the election. The conclusion is inevitable that Messrs. Cart, of Adams, and Peck, of Bedford, who claimed to act as judges from these countries at the meeting of one judge from each country, and present returns made and signed by such minorities, were not entitled as to act, nor could, the returns which they presented be legally received. Two papers, purporting to be returns of the recent election in the 18th Congressional District, have been sent to the Secretary of the Commonwealth. The district is composed of the flye counties of Adams, Franklin, Fulton, Bedford, and Somerset. One of these papers is signed by four persons, viz. Messrs. Mann, of Bedford county; Laker of Franklin; Winter, of Fulton, and Diehl, of Adams, styling themselves a majority of the return judges elected by the several boards of the return judges of the above named counties; and the paper goes on to state that they examined and counted the votes cast for Congress in the district; and that Messrs. Coffroth and Koontz had each a specified number of votes in the respective fed number of votes in the respective field number of votes in the respective field. The law, as has been seen, requires that the certificate having been made out by the cients, shall be signed by the country fudges of the election. It is, of course on the paper goes on to state that they examined and counted the votes cast for Congress in the district; and that Messrs. Coffroth and Koontz had each a specified number of votes in the respective field number of votes in the respective field the votes cast as counted be first the certificate having been made out by the cients, shall be signed by the certificate having been made out by the cients, shall be signed by the certificate having been made out by the cients, shall be signed by the certificate having been made out by the cients, shall be signed by the certificate having been made out by the cients, shall be signed by the certificate having been made out by the cients, shall be signed by the certificate having been made out by the cients, shall be signed by the certificate having been made out by the cients, shall be signed by the certificate having been m can see no ground, for the assumption that a judge cannot be designated for these purposes, just as lawfully before the certificates has been made out and signed as afterwards; and therefore I conceive that the selection of Mr. Wilhelm was entirely level.

Keeping in view the principles above stated, which are of "universal acception, the minorities of the judges in Adams and Bedford had plainly no ap-

mittee, in my opinion the subsequent selection of Mr. Laker, and the actual placing of the certificate in his charge,

completely discharged Mr. Wilhelm and over rode his appointment.

The result is that of the five persons who have signed the papers stating Mr. Koontz to be elected, three had no legal authority to act in the capacity which they assumed, and I am therefore of opinion that the Governor ought not to base his proglamation on that waver as base his proclamation on that paper as held in the several counties composing the little other paper, it is significant.

Adams, Bedford, Franklin, Fulton and by four persons who appear to have been legally designated by the Judges been legally designated by the Judges

to be district return judges met on the this, they omitted to count the vote of Somerset, apparently by reason, of the The respective candidates having re-

the soldiera' votes. Their duty is clearly defined by law to be to cause the clerks to make out a fair statement of all the votes which shall have been given BURLAND'S, 98 Market street,
