Where human means can avail, there scarcely is any complaint, or form of sickness, that the BRAHDRETH PILLS do not relieve and generally cure. Although these pills produce a known EFFECT, that effect is not to prostrate, the body, as with other medicales, but the frame is invigorated by the renoval of the cause of weakness, the morbid, the vitlate

In fact, the human body is better able to sustain without injury, the inclemency of the weather, while unde the influence of this infection destroying, disease eradica ing Medicine than at any other time

The importance of Brandreth's Pills for seamen and ravelers is, therefore, self evident. By the timely use of this Medicine how much anxiety and sickness, might we not prevent. Cold, Billions af fections, Typhus, Scarlet and fevers of all kinds, would be unknown! But where sickness does exist, let no time be lost, let the BRANDRETH'S PILLS be at one sent for, that the Remedy may be app led, without fur ther loss of time.—To be REMEMBERED—
That Brandreth's Pills have stood a seven years' test

n the United States. That they are a vegetable and innocent medicine, yet all powerful for the removal of disease, whether chronic recent; infectious or otherwise.

That they purify the blood, and stay the further progress of disease in the human body.

DR. FRANKLIN SAYS: "All acute fevers ever require some evacuation to bring them to a perfect crisis and solution, and that even by stools, which must be promoted by art when nature does not do the business itself. On this account, an ill timed scrupulousness about the weakness of the body

is of had consequences; for it is that which seems chiefly o make evacuations necessary, which nature attempts after the humors are fit to be expelled, but is not able to accomplish for the most part in these diseases; and I can affirm, that I have given a purge when the puise has been so low that it could hardly be felt, and the debility exreme, yet both one and the other have been restored by The good effect to be derived from the Brandreth Pills have to be experienced to be fully believed.
