Importance of a Vote.

We commend the following to our demo cratic readers this morning. It shows the great importance of a single vote. The e furnished an instance of the necessity of ev. ery democrat doing his duty as the federal majority in the Senate was retained by "Joserh Snelling, of Pelham, a minister of the gospel in Hancock's day, and who is now in his old age an industrious and worthy farmer, stated that prior to his entering the ministry, he voted for John Hancock as Governor of Massachusetts, but after his entering he ceased to have any thing to do with political affairs, as it was then considered by the people to be incompatible with the duties of a learned divine for him to meddle with politics, as it would tend to He adhered to these then prevailing sentiments for a long time after he left the minjetry to pursue agricultural pursuits, until a few hours previous to the election of Morton, when he resolved that he would give

him his vote, (the first vote he had given since he wated for Hancock,) he did so, and Marcus Morton became Governor by one majority."-Lowell Adv. Longenity - There are now living in Barrenine hi dren of the late Nehemish Alles, (who him-
