LARD OIL.—The Subscriber would most respectfully inform the public in general that he has an article of Lard Oil of a superior quality, manufactured at the Cincinnati Oil Manufactory, by R. W. Lee & Co., which is warranted to be equal to the best Sperm. Oil, both for Light and Machinery. This Oil is entirely free from any glutinous matter, smoke, or unpleasant odor, and it is as clear and as white as spring water. Not a particle of crust is left on the wick. The light is pure and brilliant, and will last as long, if not longer, than that from an equal quantity of Sperm. Oil. The subscriber informs the public that he has taken a place nearly opposite the Post Office, where he will light up several different lamps every evening, and he would respectfully invite the inhabitants of Pittsburgh, Allegheny, and their vicinity, to call and judge for themselves. He feels confident they will be convinced that the above statement is perfectly correct. Out of two hundred individuals who have tried the Oil, there has not been a single fault found with it. The Lard Oil costs one third less than Sperm. He would respectfully solicit the early attention of Dealers and Machinists to the above.

The following Churches are now using the Lard Oil:
Second Presbyterian Church, Pittsburgh,
New Cumberland Presbyterian Church, Pittsburgh,
First Presbyterian Church, Allegheny City,
Associate Reformed Church, do.

All the barrels are branded R. W. LEE & Co., Cincinnati, Ohio.

UNIVERSITY OF VIRGINIA.—The next session of this institution will commence on the 1st day of October, and terminate on the 4th of July following. The schools of the University, with their respective Professors, are:

1. Ancient Languages.—Dr. Gessner Harrison.
2. Modern Languages.—Dr. Charles Kraitsir.
3. Mathematics.—Mr. Edward H. Courtenay.
4. Natural Philosophy.—Mr. Wm. B. Rogers.
5. Civil Engineering—the subjects of which are divided between the Professors of Mathematics and Natural Philosophy.
6. Chemistry and Materia Medica.—Dr. John P. Emmet.
7. Medicine.—Dr. Henry Howard.
8. Anatomy and Surgery.—Dr. James L. Cabell.
9. Moral Philosophy.—Mr. George Tucker.
10. Law.—Judge Henry St. Geo. Tucker.

In both Schools of Languages are also taught the literature of the respective languages, and Ancient and Modern History; in the School of Mathematics is included mixed Mathematics; in that of Engineering, Mineralogy and Geology, in that of Moral Philosophy, Belles Lettres, Logic and Political Economy, and in that of Law, besides municipal Law in all its branches, the Law of Nature and of Nations, the Science of Government and Constitutional Law.

To be admitted into this institution the applicant must be sixteen years of age; but the Faculty may dispense with this requisition in favor of one whose brother is a student.

Every student is free to attend the schools of his choice; but if he be under twenty-one years of age, he shall attend at least three, unless authorized by his parent or guardian, in writing, or by the Faculty, for good cause, to attend a less number.

All students under the age of twenty-one years are required to board within the precincts.

By a resolution of the Faculty, Ministers of the Gospel, and young men preparing for the ministry, may attend any of the schools of the University without the payment of fees to the Professors.

The enactments which lately required students to wear a prescribed uniform have been suspended.

Every student resident within the precincts must, on matriculation, deposite with the Patron all the money, bills, drafts, &c., under his control, intended to defray his expenses while at the University, or on his return thence to his home: and the amount so deposited must be sufficient to pay his fees to professors, dormitory rent, for use of public rooms, three months board, a contingent fee to cover fines and assessments, and to purchase the text books, &c., he may want at the commencement. All funds subsequently received by him must be deposited with the Patron, who has charge of his disbursements; and upon all deposites a charge of two per centum commission is authorized.

The act of the Legislature, prohibiting merchants and others, under severe penalties, from crediting students, will be strictly enforced. The license to contract debts, which the Chairman of the Faculty is authorized to grant, is confined (except where the parent or guardian shall otherwise, in writing, request), to cases of urgent necessity; and these, it is hoped, that parents and guardians will, as far as possible, prevent from arising, by the timely supply of the requisite funds.

Religious services are performed at the University every Sunday by the Chaplain, who is appointed in turn from the four principal denominations of the State.

The expenses of the session of nine months are as follows:

Board, washing, lodging and attendance,	$118
Rent of Dormitory, $5; for half, if occupied by two,	
Use of public rooms and matriculation fee,	15
Fuel and candles, estimated at	20
Fees, if only one Professor be attended, $50; if two, to each professor $30; if more than two, to each $25, say	75
Total exclusive of clothes, books and pocket money,	$228

In the School of Law there is an extra fee of 20, payable by students attending the senior class.

The allowance for clothes is limited by the enactments to $100, and for pocket money to $45.

WILLIS H. WOODLEY, Proctor and Patron U. of Va.

A BOON TO THE HUMAN RACE!—*"Discover what will destroy Life, and you are a great man. "Discover what will prolong Life, and the world will call you Impostor."*

"There are faculties, bodily and intellectual, within us, with which certain herbs have affinity, and over which they have power."

Dr. B. Brandreth's External Remedy, or Liniment, which, by its extraordinary powers, abstracts Pain or Soreness; thus Sprains, Stiff Sinews, White Swellings, Rheumatic Pains, or Stiffness, Stiffness of the Joints, Tumors, Unnatural Hardness, Stiff Neck Sore Throat, Croup, Contractions of the muscles, Scrofulous enlargements, Tender Feet, and every description of injury affecting the Exterior of the Human Frame, are cured or greatly relieved by his *never-to be sufficiently extolled remedy.*

CERTIFICATE.—The following letter from Major General Sandford, as to the qualities of the External Remedy, speaks volumes:

NEW YORK, Feb. 9, 1842.

Dear Sir—Will you oblige me with another bottle of your excellent Liniment? It is certainly the best of the kind I have ever seen. It has cured entirely my son's knee, about which I was so uneasy, and I have found it productive of immediate relief in several cases of external injury in my family. A few evenings since, my youngest child was seized with a violent attack of Croup, which was entirely removed in *twenty minutes,* by rubbing her chest and throat freely with the External Remedy. I think you ought to manufacture this Liniment for general use, instead of confining the use of it, as you have heretofore done, to your particular acquaintances.

Yours truly, C. W. SANDFORD.

BARON VON HUTCHELER HERB PILLS.—These Pills are composed of herbs, which exert a specific action upon the heart, give impulse or strength to the arterial system; the blood is quickened and equalized in its circulation through all the vessels, whether of the skin, the parts situated internally, or the extremities; and as all the secretions of the body are drawn from the blood, there is a consequent increase of every secretion, and a quickened action of the absorbent and exhalent, or discharging vessels. Any morbid action which may have taken place is corrected, all obstructions are removed, the blood is purified, and the body resumes a healthful state. For Sale Wholesale and Retail by R. E. TO THOSE WHOSE OCCUPATIONS TEND TO PRODUCE OR AGGRAVATE DISEASE.—This class of individuals is very numerous. They are those who work in an unhealthy atmosphere. Printers, workmen in feather stores, stone cutters, bakers, white lead manufacturers, are all more or less subject to disease according to the strength of their constitution. The only method to prevent disease, is the occasional use of a medicine which abstracts from the circulation all deleterious humors, and expels them by the bowels. Tonics in any form are injurious, as they only put off the evil day to make it more fatal. The use of Brandreth's Pills will insure health, because they take all impure matter out of the blood; and the body is not weakened but strengthened by their operation; for these valuable Pills do not force, but they assist nature, and are not opposed, but harmonize with her.

Sold at Dr. Brandreth's Office, No. 98 Wood street, Pittsburgh. Price 25 cents per box, with full directions.

DR. WILLIAM EVANS'S SOOTHING SYRUP.—This infallible remedy has preserved hundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, tho' there is no appearance of teeth, one bottle of the Syrup should be used to open the pores. Parents should never be without the syrup in the nursery where there are young children, for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease, by opening the pores, and healing the gums; thereby preventing Convulsions, Fevers, &c. BEFORE THE AMERICAN PUBLIC NEARLY SEVEN YEARS.

BENJAMIN BRANDRETH'S PILLS.

☞This vegetable and truly innocent medicine, PURIFIES THE BLOOD, and immediately stays the further PROGRESS OF DISEASE, in the bodies of those whose powers of life are not already exhausted. Where human means can avail, there scarcely is any complaint, or form of sickness, that the BRANDRETH PILLS do not relieve and generally cure. Although these pills produce a KNOWN EFFECT, that effect is not to prostrate the body, as with other medicines; but the frame is invigorated by the removal of the cause of weakness, the morbid, the vitiated humors from the blood.

Harmless in themselves, they merely

ASSIST NATURE

To throw out the occasion of sickness from the body, and they require no alteration in the diet or clothing.

In fact, the human body is better able to sustain without injury, the inclemency of the weather, while under the influence of this infection destroying, disease eradicating Medicine than at any other time.

The importance of Brandreth's Pills for seamen and travelers is, therefore, self evident.

By the timely use of this Medicine how much anxiety and sickness, might we not prevent. Cold, Billious affections, Typhus, Scarlet and fevers of all kinds, would be unknown! But where sickness does exist, let no time be lost, let the BRANDRETH'S PILLS be at once sent for, that the Remedy may be applied, without further loss of time.—TO BE REMEMBERED—

That Brandreth's Pills have stood a seven years' test in the United States.

That they are a vegetable and innocent medicine, yet all powerful for the removal of disease, whether chronic recent; infectious or otherwise.

That they purify the blood, and stay the further progress of disease in the human body.

That, in many cases, where the dreadful ravages of ulceration had laid bare ligament and bone, and where, to all appearance, no human means could save life, have patients by the use of these pills, been restored to good health; the devouring disease having been completely eradicated.

That each of the genuine has upon it THREE COPYRIGHT LABELS

That each label has two signatures of Dr. Benjamin Brandreth upon it.

That there must be upon each box three signatures, thus:

B. BRANDRETH, M. D.

And three signatures, thus:—

BENJAMIN BRANDRETH.

DR. FRANKLIN SAYS:

"All acute fevers ever require some evacuation to bring them to a perfect crisis and solution, and that even by stools, which must be promoted by art when nature does not do the business itself. On this account, an ill timed scrupulousness about the weakness of the body is of bad consequences; for it is that which seems chiefly to make evacuations necessary, which nature attempts after the humors are fit to be expelled, but is not able to accomplish for the most part in these diseases; and I can affirm, that I have given a purge when the pulse has been so low that it could hardly be felt, and the debility extreme, yet both one and the other have been restored by it." The good effect to be derived from the Brandreth Pills have to be experienced to be fully believed. By their timely use neither the scarlet, the typhus fever or small pox would ever assume their malignant form.

To appreciate to the full extent, the incalculable benefits of BRANDRETH'S PILLS, they must be used when the First Symptoms of Disease present themselves. One dose then, and their good effects will be felt throughout the attack—IT IS TAKING THEM IN TIME that is the great secret in the cure of all appearances of disease arising from bad blood, and I presume there are few at the present day, will say anything of those diseases which affect the body when the blood is pure. Such diseases I have yet to see.

Hoping that some who read this may be benefitted by so doing. I am respectfully,

the public's servant,

PILES cured by the use of Dr. Harlich's Compound Strengthening and German Aperient Pills

Dr. Harlich—Dear Sir—Shortly after I received the Agency from you for the sale of your medicine, I formed an acquaintance with a lady of this place, who was severely afflicted with the Piles. For eight or ten years this lady was subject to frequent painful attacks, and her physician considered her case so complicated, that he very seldom prescribed medicine for her. Through my persuasion, she commenced using your Pills, and was perfectly cured. Yours, &c. JAMES R. KIRBY

INTERESTING CURE *performed by Dr. Swayne's Compound Syrup of Prunus Virginiana, or Wild Cherry.* Having made use of this invaluable Syrup in my family, which entirely cured my child. The symptoms were wheezing and choking of phlegm, difficulty of breathing, attended with constant cough, spasms, convulsions, &c., of which I had given up all hopes of its recovery until I was advised to make trial of this invaluable medicine. After seeing the effects it had upon my child, and concluding to make the same trial upon myself, which entirely relieved me of a cough that I was afflicted with for many years. Any person wishing to see me can call at my house in Beach Street, above the Market, Kensington. J. WILCOX.

DR. SWAYNE'S SYRUP OF WILD CHERRY.

We call the attention of the public to the numerous certificates which have been in circulation in our paper and some others of this city, highly recommending Dr. SWAYNE'S Compound Syrup of Wild Cherry.—We have seen the original certificates, and have no doubt but they come from truly grateful hearts, expressive of the benefits which they have received from that valuable compound. We have acquaintances who have frequently used the above medicine, who can speak with confidence of its virtues.—*Saturday Chronicle.*

FELLOW CITIZENS:—With sincerity I would advise you, one and all, both sick and well, always to have a bottle of Dr. SWAYNE'S Compound Syrup of Wild Cherry in your house—it is invaluable in cases of emergency, such as Spitting of Blood, Asthma, attacks of violent Coughing, which is often the cause of spitting of blood, Violent Nervous Affections, which occasionally come from fright, and various other causes, producing great alarm, sudden colds from improper exposure, which are often let run to an alarming extent, for want of means being ready at hand;—and as I have used Dr. SWAYNE'S Compound Syrup of Wild Cherry repeatedly in my family, and always with marked success—I can recommend it with confidence, as being one of the best family medicines which has ever been offered to the public.—*Saturday Chronicle.*

TO FEMALES.—There is a large class of Females in this City who from their continued sitting, to which their occupations oblige them, are affected with costiveness which gives rise to palpitation at the heart on the least exertion, sense of heaviness extending over the whole head, intolerance of light and sound, an inability of fixing the attention to any mental operations; rumbling in the bowels, sometimes a sense of suffocation, especially after meals when any exertion is used, as going quickly up stairs; temper fickle; these are symptoms which yield at once to a few doses of the Brandreth Pills. The occasional use of this medicine would save a deal of trouble and years of suffering. One, or two, or even three of the Brandreth Pills just before dinner, are often found highly beneficial; many use them very advantageously in this way; they aid and assist digestion, restore the bowels to a proper condition, enliven the spirits, impart clearness to the complexion, purify the blood, and promote a general feeling of health and happiness.

REMOVAL.—The undersigned begs leave to inform the public, that he has removed from his old stand, to the corner of Penn and St. Clair sts., opposite the Exchange Hotel, where he has fitted up a large PIANO FORTE WARE ROOM, and now offers for sale the most splendid assortment of PIANOS ever offered in this market.

His pianos consist of different patterns, of superior Rose Wood and Mahogany, beautifully finished and modeled, and constructed throughout of the very best materials, which, for durability, and quality of tone, as well as touch, he warrants to be superior to any ever seen here.

As he has enlarged his manufactory, and made arrangements to supply the increasing demand for this instrument, he respectfully requests those intending to purchase to call and examine his assortment before purchasing elsewhere, as he is determined to sell LOWER, for cash, than any other establishment east or west of the mountains. CERTIFICATES.—Letter from the Hon. Ab'h'm M'Clellan, Sullivan County, East Tennessee, Member of Congress.

WASHINGTON, July 3d, 1838.

Sir—Since I have been in this city I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Carden, of Campbell county, Tennessee, wrote to me to send him some, which I did, and he has employed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A Carden, as a proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston, Tazewell, East Tennessee. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of medicine would be sold. I am going to take some of it home for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Blountville, Sullivan County, East Tennessee; I can get some of the merchants to act for you as I live near there.

Yours respectfully,

ABRAHAM M'CLELLAN, of Tennessee.

FIRE PROOF IRON CHESTS, *Manufactured by John Denning, Sixth street, above Smithfield street, Pittsburgh.*

Pittsburgh, June 18, 1839.

MR. JOHN DENNING:—*Dear Sir*—Having been present, yesterday, at the experiment which you were pleased to make, in the presence of a number of our business men, of the safety of your IRON CHESTS, in case of fire, it gives me pleasure to say, that so far as I was capable of judging, the test was fair, and the result exceeded my expectations.

The Chest was a small one, about 30 inches high, by about 18 or 20 inches in breadth and depth, and was placed on a block of wood about a foot in thickness, so as to elevate it about that height from the ground; several books and newspapers were deposited inside of it, in the manner in which Merchants and others would usually place them—a large quantity of light pine wood (slabs from an adjoining Saw Mill,) was then placed around and above it, and the fire kindled on the windward side, so as to drive the flame against the back part of the chest. The fire was kept up about three quarters of an hour, until you had gone among the spectators and received from them their universal answer that the test was sufficient. The chest was then drawn out of the fire, and cooled, and opened, and examined. The contents were all safe, and the only injury done was to the back of one book which appeared to be a little charred. From what I witnessed, I think that these chests are deserving of confidence, as affording, perhaps, the best security to Merchants for their books and papers, which they can have without building large, thick, and expensive vaults. I would consider them a better security than many vaults which I have seen built. Your friend,

SAMUEL CHURCH.

We concur in the above statement, having been present when the chest was tested.

Extract of a Letter from Pugh & Alvord, dated Cincinnati, 29th March, 1842.

J. Denning, Pittsburgh, Pa. Respected Friend: We have the satisfaction to state as the best recommendation we can give of the utility of your Iron Safes, that we have one of them which was in an exposed situation in our counting room, at the time of the fire, on the morning of the 10th inst, which consumed our Pork House together with a large portion of the meat, lard, &c, which it contained;—and that our books and papers which were in the Safe, were entirely uninjured, and were taken from it after the fire; without ever being discolored.

Yours, &c. PUGH & ALVORD.

Extract of a Letter from Slater & Holbrook, dated St. Louis, Feb. 24th, 1841.

MR. DENNING, *Dear Sir:* One of your second size chests was burned a few days ago, in a leather store—it preserved its contents. Respectfully yours,

Richards, of Pittsburgh, Pa., entirely cured of the above distressing disease His symptoms were pain and weight in the left side, loss of appetite, vomiting, acid eructations, a distension of the stomach, sick head-ache, furred tongue, countenance changed to a citron color, difficulty of breathing, disturbed rest, attended with a cough, great debility, with other symptoms indicating great derangement of the functions of the liver. Mr. Richards had the advice of several physicians, but received no relief, until using Dr. Harlich's Medicine, which terminated in effecting a perfect cure.

Cincinnati, February 15, 1840.

Dr. SWAYNE—Dear Sir:—Permit me to take the liberty of writing to you at this time to express my approbation, and to recommend to the attention of heads of families and others your invaluable medicine—the Compound Syrup of Prunus Virginiana, or Wild Cherry Bark. In my travels of late I have seen in a great many instances the wonderful effects of your medicine in relieving children of very obstinate complaints, such as Coughing, Wheezing, Choaking of Phlegm, Asthmatic attacks, &c. &c. I should not have written this letter, however, at present, although I have felt it my duty to add my testimony to it for some time, had it not been for a late instance where the medicine above alluded to was instrumental in restoring to perfect health an "only child," whose case was almost hopeless, in a family of my acquaintance. "I thank Heaven," said the doating mother, "my child is saved from the jaws of death! O how I feared the relentless ravager But my child is safe! is safe!"

Beyond all doubt Dr. Swayne's Compound Syrup of Wild Cherry is the most valuable medicine in this or any other country. I am certain I have witnessed more than one hundred cases where it has been attended with complete success. I am using it myself in an obstinate attack of *Bronchitis,* in which it proved effectual in a exceedingly short time, considering the severity of the case. I can recomend it in the fullest confidence of its superior virtues; I would advise that no family should be without it; it is very pleasant and always beneficial—worth double and often ten times its price. The public are assured there is no quackery about it. R. JACKSON, D. D.

UNIVERSITY OF VIRGINIA—MEDICAL DEPARTMENT.—The plan of instruction in this department of the University presents peculiarities not to be found in no other School of Medicine in the Union. The Lectures commence on the *first of October,* and terminate on the 4th of July ensuing.

Owing to the length of the session, which embraces a period of *nine months,* three Professors are enabled to perform all the duties which in other medical institutions are usually assigned to six; and the students are seldom required to attend more than two lectures on the same day. By this arrangement, the students have an opportunity of being well grounded in Anatomy, Physiology, and other elementary branches of Medical Science, before they investigate their applications in connection with the study of the practice of Medicine and Surgery.

Immediately before each lecture, the students are subjected to a full and and rigid examination on the preceding lecture, or on portions of approved text books. It is apparent, that the plan, of which the outlines have been briefly stated, is one which allows the student to *commence* as well as to *complete* his medical studies in the institution; and presents a happy combination of the advantages of the system of instruction by private pupilage and that of public lectures.

Any person of approved moral conduct may offer as a candidate, and receive the degree of M. D., without reference to the time he has been engaged in the study of medicine or of joining the school, provided he undergoes in a satisfactory manner the various examinations prescribed by the enactments.

The Professors are:—

John P. Emmet, M. D., Professor of Chemistry, Pharmacy and Materia Medica.

Henry Howard, M. D., Professor of Pathology and Practice of Medicine, Obstetrics and Medical Jurisprudence.

James L. Cabell, M. D., Professor of Anatomy, Physiology and Surgery. WILLIS H. WOODLEY, Proctor.
