THORN'S TEA-BERRY TOOTH-WASH.

LANCASTER, Oct. 24, 1842.

☞To Dr. THORN.—My Dear Sir: I cheerfully and cordially embrace the present favorable opportunity to return to you my warmest thanks of gratitude for your unequalled and unexceptionable invention of your very justly celebrated Tea Berry Tooth-Wash, and I feel that I am in duty bound to say that I have derived the greatest and most beneficial effect from its frequent and moderate use: and I can assure you that I am exceedingly happy to have the pleasure of informing you, that sincerely and cordially speaking, I can in justice recommend its frequent use to all that unfortunate portion of the human race throughout the globe who are now undergoing the most excruciating pain for the want of a medicine prepared of exactly the same nature of which yours is prepared, and who have for years been suffering from the injurious, destructive and pernicious effects of worthless tooth powders and other worthless preparations. In conclusion permit me to say that I have used your Tooth-Wash but for a short period, and yet I feel thoroughly convinced that it is the best now known, its inestimable virtues in preserving the teeth, (which if kept in a good and handsome condition, is the greatest embellishment that adorns the human structure,) are not to be excelled in easing and relieving the sufferer from tooth ache, and restoring the gums to a healthy and purified condition, and giving also a sweetness and fragrancy to a disagreeable breath hitherto unknown.

Accept my sincere wish for your success, from
Yours, truly, JOSEPH BUEHLER.

WESTERN UNIVERSITY OF PENNSYLVANIA.—LAW SCHOOL.—The Trustees of the Western University of Pennsylvania announce to the public that they have established a *Law School* in connection with the University, in which will be taught Municipal, International, and Constitutional Law in all their branches.

The mode of instruction will be by recitations, lectures and occasional moot courts, as in similar institutions.

The year will consist of two terms of four and a half months each.

The first term will commence on the second Monday of November next.

The tuition fee is $37,50 per term payable in advance.

WALTER H LOWRIE, Esq., a member of the Pittsburgh Bar, has been chosen Professor. The trustees take great pleasure in announcing that they have been able to secure the services of one so well qualified for the station by reason of his legal acquirements, and particularly of one so highly esteemed as a scholar and a gentleman. The annexed recommendation will furnish satisfaction to all his qualifications as Professor.

The trustees having been induced to institute this school from a view of the serious disadvantages attending the studies of law, in the office of practising lawyers and also the very obvious advantages which Pittsburgh possesses over most other places in the West for the establishment of such an institution.—Here is a most industrious population. The student will see around him examples of industry and energy, and very few temptations to indolence and idleness. He may become acquainted with business in all its forms. Our Courts are sitting nearly all the year round, and there is perhaps no place in the West where a greater variety of cases and principles arise for discussion.

The Committee are desirous that all persons wishing to avail themselves of the advantages of this school, should do so immediately by calling and leaving their names at the office of Walter H. Lowrie, Esq., on Fourth street or by addressing him by letter, post-paid, so that all students may commence at the opening of the term, or as early thereafter as possible.

U. S. PORTABLE BOAT LINE.

For the Transportation of Merchandize to and from Pittsburgh, Baltimore, Philadelphia, New York, and Boston: Through in the shortest time.

THE United States Portable Boat Line, is composed of Boats built in four sections, each section capable of containing seven tons, and susceptible of being separate or detached and transferred from Canal to Rail Road; thus, as it were, forming a complete train of Cars, or presenting the novel appearance of a Boat sailing on land and thereby avoiding the great delay occasioned by re shipping at the several junctions and terminations of Canals and Rail Roads, the expense of transhipment and the damage the goods sustain by frequent handling; and rendering it impossible to separate lots of goods on the way—owing to the peculiar construction of the Boat having *four separate apartments* in which goods are stored, renders them less liable to damage goods by water or otherwise than by any other mode of transportation.

The system of Transportation, as recommended by the Canal Commissioners and lately adopted by the State, refers particularly to this class of Boats, The Boats of this Line are owned by responsible captains that run them, and is the only Line now in operation free from monopolies or combination.

Goods consigned to the undersigned agents will be received free of commission and shipped without delay at the lowest rates. All charges paid and every instruction promptly attended to. C. A. M'KULTY & Co. Agts.

THORN'S TEA-BERRY TOOTH WASH.—*A New Invaluable Remedy.*—The extreme beauty of the Teeth, their indispensable use, and the frequency of their decay, has led to many inventions for their preservation; yet how to preserve them in a state of health in pristine beauty, to the latest periods of existence, was entirely unknown until the discovery of the above invaluable preparation. It forms a pure tincture composed of vegetable ingredients, and is possessed of the most delicious odor. It eradicates tartar from the teeth, removes spots of incipient decay, polishes and preserves the enamel, to which it gives a pearl-like whiteness, and, from its delicate feeting properties, possesses the virtue of giving sweetness to the breath.

As an *Anti Scorbutic*, the Gums find a share in its virtues evident powers; Scurvey is eradicated from them; a healthy action and redness is induced, which offers to the notice of the medical practitioner indubitable evidence of their healthful state. It has been examined and used by several of the best physicians of this city, who have no hesitation in recommending it as an excellent wash for the Teeth, Gums, etc.

Among the recommendations to the above are the following:

Having tried Dr. "Thorn's Tea Berry Tooth Wash," and become acquainted with the ingredients of its composition, I cheerfully say, I consider it one of the safest, as it is one of the most pleasant Tooth Washes now in use.

Pittsburgh Sep. 15, 1842 DAVID HUNT, Dentist.

I take pleasure in stating, having made use of Thorn's Tea Berry Tooth Wash," that it is one of the best dentrifices to use. Being in a liquid form, it combines neatness with convenience. While it cleanses the enamel and removes the tartar from the teeth, its perfume yields a fragrance peculiarly desirable. J. P. TIBBETTS, M. D.

The undersigned have used "Thorn's Compound Tea Berry Tooth Wash," and have found it to be an extremely pleasant dentifrice, exercising almost salutary influence over the Teeth and Gums; preserving those indispensable members from premature decay, preventing the accumulation of Tartar, and purifying the Breath. Having thoroughly tested its virtues, we take pleasure in recommending it to the public, believing it to be the best article of the kind now in use.

TO THE PUBLIC.—and particularly to my former patrons of this city.—Having retired from the practice of Medicine, I may be entitled to say, that it has fallen to the lot of but few to enjoy (here art fails in nature which have usually been because of disease), and Brandreth's Pills are found by a equal as liberal & large a share of obstetrical practice as any one has been for the last 30 or 40 years.

The experience of that long period of active life, and the fact of my having been twice, since 1839, associated with Dr. R. A. Wilson, in the practice of medicine, (in both a period of five years,) enables me to judge fully of the merits of his pills.

So convenient, so efficient, and yet so safe, did I esteem these pills, that for the last five years in my practice for the cure of chronic diseases, or whatever name, and those of females in particular, I have used more on them than all other medicines.

Like every other medicine, this must fail in some instances, but in my hands there has been less disappointment and more satisfaction in the administration of this one remedy than of all others; its good effects sometimes quite astonishing me.

If my patient required a safe aperient medicine either before or after parturition, the Wilson's pills were just the thing I wanted.

If a dyspeptic acid condition of the stomach, combined with costiveness or inactivity of the liver constituted the disease of my patient, the pills were just the thing I wanted.

If I treated a case requiring an emmenagogue, the Wilson's pills were just the thing I wanted.

If palpitation, headache, flushed countenance, or other difficulties, indicating a disturbance of the circulatory and secretory systems, annoyed my patient at the turn of life, the Wilson's pills were just the thing I wanted.

Thus, without respect to the name, a disease might happen to wear at the time I have had it under treatment, particular indications or symptoms arising, were always most promptly and most happily met by the Wilson's pills.

That so great a number of diseases, and sometimes apparently opposite ones, in which I have used these pills, should be cured more readily by them than by any other remedy, may at first seem strange and contradictory, but why it is so is as clear to my mind as that a great many persons should become thirsty from as many different causes, and yet all require that common and greatest of all blessings, water to quench their thirst.

In conclusion, it is due the reputation of the medicine and the public, to say decidedly and unconditionally, that the Wilson's pills are the only combination I have ever met with in my long course of practice, that really possesses anything curative or specific for sick headache.

Yours &c., DR. MILO ADAMS

The above Pills designed particularly for the sick Head-Ache, Dyspepsia, Costipation of the Bowels &c., prepared by the proprietor Dr. R. A. Wilson, and for sale, wholesale and retail, at his dwelling in Penn street, below Marbury. Oct 1
