Although these pills produce a KNOWN EFFECT, that effect is not to prostrate the body, is with other medicines, but the frame is invigorated by the renoval of the cause of weakness, the morbid, the vitiated hamors from the bloud. Harmless in themselves, they merely

ASSIST NATURE To throw out the occasion of sickness from the body,

and they require no alteration in the diet or clothing. In fact, the human body is better able to sustain without injury, the inclemency of the weather, while under the influence of this infection destroying, disease eradica ling Medicine than at any other time. The importance of Brandreth's Pills for scamen and

travelers is, therefore, self evident. By the timely use of this Medicine how much anxiety and sickness, might we not prevent. Cold, Billious af fections, Typhus, Scarlet and fevers of all kinds, would be unknown! But where sickness does exist, time be lost, let the BRANDRETH'S PILLS be at once sent for, that the Remedy may be app'led, without fur ther loss of time.-To be REXAMBRED-That Brandgeth's Pills have stood a seven years' test in the United States.

That they are a vegetable and innocent medicine, yet all powerful for the removal of disease, whether chronic recent; infectious or otherwise That they purify the blood, and stay the further pro ress of disease in the human body. That, in many cases, where the dreadful ravages of ceration had laid bare ligament and hone, and where, to all appearance, no human means could save life, have patients by the use of these pills; been restored to good health; the devouring disease having been completely radicated That each of the genuine has upon it THREE COPYRIGHT

DR. FRANKLIN SAYS:

"All acute fevers ever require some evacuation to bring them to a perfect crisis and solution, and that even by stools, which must be promoted by art when nature does not do the business itself. On this account, an ill timed scrupulousness about the weakness of the body s of bad consequences; for it is that which seems chiefly to make evacuations necessary, which nature attempts after the humors are fit to be expelled , but is not able to

accomplish for the most part in these diseases; and I can affirm, that I have given a purge when the pulse has been so low that it could hardly be fell, and the debility ex. treme, yet both one and the other have been restored h t." The good effect to be derived from the Brandreth

Fills have to be experienced to be fully believed. By heir timely use neither the scarlet, the typhus fever or mall pox would ever assume their malignant form. To appreciate to the full extent, the incalculable bene fits of BRANDRETS'S PILLS, they must be used when

the First Symploms of Disease present themselves. Sir_Since I have been in this city I have used some o rour Dyspeptic medicine with infinite henefit and satis faction, and believe it to be a most valuable remedy. One f my constituents, Dr. A. Carden, of Campbell county Tenneesee, wrote to me to send him some. which I did and he has inployed it very successfully in his practice and says it is invaluable. Mr. Johnson, your agent a this place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A Carden, as a proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennes. ece, or by land to Graham & Houston, Tazewell, East Tennessee. I have no doubt but if you had agents in Tennes several counties in East Tennessee, a great deat of medi ne would be sold. I am going to take some of it home for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Blantville, Sullivan County, East Tennessee; I can get me of the merchanin to act for you as I five hear there
