ARD OIL.—Tha Subscriber would most respectfully inform the public in genera that he has an article of aLed Oil of a superior quality, manufactured at the Cincin nati Oil Manufactory, by R.W. Lee & Co., which is warran-ted to be equal to the best Sperm. Oil, both for Light and Machinery. This Oll is entirely free from any glutinous matter, smoke, or unpleasant odor, and it is as clear and as white as spring water. Not a particle of crust is left on the wick. The light is pure and brillant, and will last as long, if not longer, than that from an equal quantity of Sperm. Oil. The subscriber luforms he public that he has taken a place nearly opposite the Post Office, where he will light up several different lamps every evening, and he would respectfully invite the inhabitants of Pittsburgh, Allegheny, and their vicinity, to call and judge for themselves. He feels confident they will be convinced that the above statement is perfectly correct. Out of two hundred individuals who have tried the Oil, there has not been a single fault found with it.
