THOSE WROSE OCCUPATIONS TEND TO PRODUCE OR AGGRAVATE DISEASE. This class of individuals is very numerous. They are those who work in an unheatthy atmosphere. Printers, work men in feather stores, stone cutters, bakers, white lead manufacturers, are all more, or less subject to disease according to the strength of their constitution. The only method to prevent disease, is the occasional use of a nedicine which abstracts from the circulation all deleterious humors, and expels them by the bowels. Tonics in any form are injurious, as they only gut off the evil day to make it more falal. Sir—Since I have been in this city Thave used some of our Dyspeptic medicine with infinite benefit and satis faction, and believe it to be a most valuable remedy... One f my constituents, Dr. A. Carden, of Campbell county, Tenneesec. wrote to me to send him some, which I did, and lie has imployed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A Carden, as proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to not for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennes. see, or by land to Grapum & Houston, Tuzewell, East renessee. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of medicine would be sold. I am going to take some of it home for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Buntyille, Suffivan County, East Tennessee, I can get
