ARB OIL.—The Subscriber would most respectfully inform the public in genera that he has an article of a Lite Oil of a superior quality, manufactured at the Cincinatl Gil Manufactory, by R.W.Lee & Co., which is warranted to be equal to the best Sperm. Oil, both for Light and Machinary. This Oil is entirely free from any glutinous er, smoke, or unpleasant odor, and it is as clear and as white as spring water. Not a particle of crust is left on the wick. The light is pure and brilliant, and will last as long, if not longer, than that from an equal quantity of Sperm. Oil. The subscriber informs the public that he has taken a place nearly opposite the Post Office, where he will light up several different lamps every evening, and he would respectfully invite the inhabitants of Pittsburgh, Allegheny, and their vicinity, to call and judge for themselves. He feels confident they will be convinced that the above statement is perfectly correct. Out of two hundred individuals who have tried the Oil, there has not been a single fault found with it-The Lard Oil costs one third less than Sperm. He would sifutly solicit the early attention of Dealers and Ma.

Mr. Johnson, your agent at this place," thinks you would probably like an agent in

messee. If so, I would recommend Dr. A Carden, as a proper person to officiate for the sale of your celebrated edicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sohs, Knoxville county. Tennes. ree, or by land to Graham & Houston, Taxewell, East Pennseec. Lhave no doubt, but if you had agents in everal counties in East Tennessee, a great deal of mediine would be sold. I am going to take some of it ho for my own use, and that of my friends; and should like to hear from you whether you would like an agent t Ringiville, Enllivan County, East Tennesse: I can get some of the merchants to act for you as I live near there.

> Pittsburgh, June 18, 1839. Mr. John Denning: - Dear Sir -- Having been presen yesterday, at the experiment which you were pleased to make, in the presence of a number of our husiness men of the safety of your IRON CHESTS, in case of fire, it gives me pleasure to say, that so far as I was capable of judging, the test was fair, and the result exceeded my

The Chest was a small one, about 30 inches high, by expec about 13 or 20 inches in breadth and depth, and was pla ALSO, Plates neatly engraved; Hearses and Carriages ced on a block of wood about a foot in thickness, so as to elevate it about that height from the ground; several books and newspapers were deposited inside of it, in the manner in which Merchants and others would usually place them—a large quantity of light pine wood [slabs] from an adjoining Saw Mill,] was then placed around and above it, and the fire kindled on the windward side, so as to drive the flame against the back part of the chest. The fire was kept up about the equarters of an hour, until you had gone among the spectators and received from them their universal answer that the lest was sufficient. The chest was then drawn out of the fire, and conted, and opened, and examined. The contents were all safe, and the only injury done was to the back of one book which appeared to be a little charred. From what I wilnessed, I think that these chests are deserv ing of confidence, as affording, perhaps, the best security o Merchants for their books and papers, which they can have without building large, thick, and expensive vaults. would consider them a better security than many vaults which I have seen built.
