LIFE PILLS AND OINTMENT.

LET humanity come forward, and ... DISEASE, and the sufferer ... of a complication of diseases, ... display the use of Brandreth Pills. ... thousands have been ... cases of Sciatica, and Brandreth's Pills ... Read and be convinced. Take ... Ointment ... Rheumatism.

EXTRAORDINARY CURE OF RHEUMATISM, DIARRHŒA, AND AFFECTION OF THE LUNGS.

JOHN SHAW, of Pembroke, Washington county, Maine, being duly sworn, says, that he was taken violently sick about six months since. The pains in his head, breast, back, left side and instep being so bad that he was unable to help himself, and was taken into the Chelsea Hospital in the city of Boston. That after being in said hospital five weeks, Doctor Otis said he did not know what was the matter with him, and that he could do nothing for him, nor could he prescribe any medicine. That he, therefore, was conveyed from the Chelsea Hospital to the Sailor's retreat on Staten Island. That he was there physicked with all sorts of medicine for a period of four months, suffering all the time the most heart rending misery.—That, besides his affection of Rheumatism he was troubled much with a disease of the lungs; sometimes he would spit a quart of phlegm in the day; besides this affection he had a bad Diarrhœa, which, but more or less attended him from the commencement of his sickness. That at times he dreaded a stool worse than he would have dreaded death; that he can compare the feeling to nothing save that of knives passing through his bowels. After suffering worse than death at the Sailor's Retreat, on Staten Island, the doctor told him that medicine was of no use to him, that he must try to die about. At this time he was suffering the greatest misery. That his bones were so tender he could not bear the least pressure upon the elbow or upon the knee, that his knees was most painful, that as the Doctor said he would give him no more medicine he determined to procure some of Dr. Brandreth's Pills, which he did, from 241 Broadway New York; that he commenced with five pills, and sometimes increased the dose to eight. The first week's use so much benefited him, that the doctor, not knowing what he was using, said, 'now, Shaw, you look like a man again; if you improve in this way, you will soon be well.' That he f urd every dose of the Brandreth Pills relieve him, first they cured him of the pain when at stool; that they next cured the diarrhœa, and finally the pains in his bones;—That the medicine so used to add strength to him every day. He told the doctor yesterday the 11th instant, that he felt himself well, and also, that he owed his recovery to Brandreths Pills, under Providence, that he had taken the medicine every day for 79 days; that the doctor told him if he had known he had been taking that medicine, he should not have stayed another day in the house. He considers it his duty to make this public statement for the benefit of all similarly afflicted; that they may know where to find a medicine that will cure them. JOHN SHAW.

John Shaw being by me duly sworn this 12th day of April, 1842, did depose and say that the foregoing statement is true. J. D WHEELER, Commissioner of Deeds.

The *BRANDRETH PILLS* are sold at Dr. Brandreth's principal office, 241, *BROADWAY*, New York, and at his principal office, No. 98 Wood street, Pittsburgh, the *ONLY PLACE* in Pittsburgh where the genuine can be obtained. sep 22—dw2m

To Iron Manufacturers.

JOHN CLARK M'MANAWAY'S

New and useful improvement in running out or refining metal, for the purpose of making Bar-Iron.

THE plan consists of a close fire, by cast plates ... nine up the chimney 7 feet, 3 by 3½ feet at bottom and 18 inches square at top; the pig and coal is put on the top of the fire, and the blast is received on two sides. The twere iron plates are as thick as those commonly used, and the plates on the top of them are one inch and a half by one inch thick, and 18 inches square at top. Having received Letters Patent for the same, I now offer it to the public on reasonable terms.

Any information can be had, by addressing me, at Portsmouth, Ohio. J. C. M'MANAWAY.

CERTIFICATE.

HANGING ROCK, August 30, 1842.

The undersigned having used Mr J. C. McManaway's Patent Run out fire for about two years, take pleasure in recommending it to the public, and more particularly to all Iron Manufacturers as an improvement on the open fires, or on the old plan of running out metal.

The regular, or patent fire, will save at least one fifth in the fuel used; will make as much metal in a given time on two open fires; and refine metal of as good quality as the open fires.

We have used a fire of this kind for two years, and have derived such advantage from it, that we can cheerfully recommend it.

Mr. McManaway has also put one up at Portsmouth, and had one put up at Wheeling, both of which have succeeded admirably. These with ours, are the only ones now in use in the United States.
